The Purdue University “**All-American**” Band ring will remind you of the many hours you spent practicing, practicing and... practicing... so that when you began a performance, you were offering the public the best of band and orchestra music, often including the most exciting precision marching demonstration they had ever seen.

Remember the trips to other universities and many other special performance opportunities.

Remember the bowl games, the parades, the Indianapolis 500, New York City, South America, and other countries throughout the world that so appreciated your band’s talent.

Remember the performances of the Concert Band, Jazz Band, the basketball games as well as the band and orchestra concerts.

Remember the **pride**... *remember* the **presentation**...but most of all... *remember* the **friends** you made as a member of TBDBITL.

Wear your ring proudly... you will be easily recognized by other former band members everywhere you go
