

Biennial Review of Purdue University's Alcohol and Other Drug Programs

2020-2021, 2021-2022 Report

Amy Boyle

Senior Director, Human Resources

Martia Brawner-King

Director of Student Involvement, Student Activities and Organizations

Dan Carpenter

Executive Director, Student Success Programs

Brandon Cutler

Associate Dean, Director of Fraternity, Sorority, Cooperative Life

Lisa Heinold

Associate Director, Residential Life

Ed Howat

Senior Associate Athletic Director, Intercollegiate Athletics

Song Kang

Captain, Purdue University Police Department

Mark Kebert

Director of Risk Management

Will Evans (Co-Chair)

Senior Assistant Director, Wellness Programs, Division of Recreation and Wellness

Kevin Ply

Chief, Purdue University Fire Department

Jenna Rickus

Associate Vice Provost for Teaching and Learning

Margot J. L. Schuerman

AOD Coordinator and Staff Therapist, Counseling and Psychological Services

Candace Shaffer

Senior Director, Benefits

Jeff Stefancic (Co-Chair)

Associate Dean of Students, Office of Student Rights and Responsibilities

Joel Wenger

Associate Director, Division of Financial Aid

The Drug Free Schools and Campuses Regulations (34 CFR Part 86) of the Drug-Free Schools and Communities Act (DFSCA) require institutions of higher education (IHE), such as Purdue University, to certify it has adopted and implemented programs to prevent the abuse of alcohol and use or distribution of illicit drugs by its students and employees both on its premises and as a part of any of its activities. At a minimum, each institution of higher education must annually distribute the following in writing to all students and employees:

- Standards of conduct that clearly prohibit the unlawful possession, use or distribution of illicit drugs and alcohol by students and employees
- A description of the legal sanctions under local, state, or federal law for the unlawful possession or distribution of illicit drugs and alcohol
- A description of any drug or alcohol counseling, treatment, or rehabilitation or re-entry programs that are available to employees or students
- A clear statement that the institution will impose sanctions on students and employees and a description of those sanctions, up to and including expulsion or termination of employment and referral for prosecution, for violations of the standards of conduct

The law further requires that the institution conduct a biennial review of its program with the following objectives: (1) determining the effectiveness of the policy and implementing changes to the Alcohol and Other Drug (AOD) program if needed, and (2) ensuring that the sanctions developed are consistently enforced.

The biennial review must also include a determination as to: (1) the number of drug- and alcohol-related violations and fatalities occurring on the campus or as part of their activities that are reported to campus officials; and (2) the number and type of sanctions the IHEs impose on students or employees as a result of such violations or fatalities.

Purdue acknowledges its legal obligation to conduct a biennial review of compliance with the Drug-Free Schools and Communities Act and authorized an administrative review to determine if the university fulfills the requirements of the aforementioned Federal regulations.

Will Evans, Senior Assistant Director, Wellness Programs, Division of Recreation and Wellness, and Jeff Stefancic, Associate Dean of Students in the Office of Student Rights and Responsibilities, formed a committee to participate in the review process. The members of the review committee include:

- Amy Boyle, Senior Director, Human Resources
- Martia Brawner-King, Director of Student Involvement, Student Activities and Organizations
- Dan Carpenter, Executive Director, Student Success Programs

- Brandon Cutler, Associate Dean, Director of Fraternity, Sorority, Cooperative Life
- Lisa Heinold, Associate Director, Residential Life
- Ed Howat, Senior Associate Athletic Director, Intercollegiate Athletics
- Song Kang, Captain, Purdue University Police Department
- Mark Kebert, Director of Risk Management
- Kevin Ply, Chief, Purdue University Fire Department
- Jenna Rickus, Associate Vice Provost for Teaching and Learning
- Margot J. L. Schuerman, AOD Coordinator and Staff Therapist, Counseling and Psychological Services
- Candace Shaffer, Senior Director, Benefits
- Joel Wenger, Associate Director, Division of Financial Aid

The following campus units were consulted and requested to provide information for this report:

- Counseling and Psychological Services (CAPS)
- Division of Financial Aid
- Division of Recreation and Wellness
- Intercollegiate Athletics
- Office of Fraternity, Sorority and Cooperative Life
- Office of Student Rights and Responsibilities (Office of the Dean of Students)
- Office of the Dean of Students
- Office of the Provost
- Office of the Vice Provost for Student Life
- Purdue Polytechnic ROTC Units (Army ROTC, Air Force ROTC, Naval ROTC)
- Purdue Student Union Board
- Purdue University College of Pharmacy
- Purdue University College of Veterinary Medicine
- Purdue University Fire Department
- Purdue University Police Department
- Purdue University School of Nursing
- Purdue University Student Health Center (PUSH)
- Student Activities and Organizations
- Student Success Programs
- University Residences
- Vice President for Human Resources

The intention of this document is to meet the legal requirements of conducting a biennial review and to summarize the programs and activities related to alcohol and drug prevention on Purdue's campus during the 2020-2021 and 2021-2022 academic years.

Materials Reviewed

The review committee examined following materials and programs.

- Alcohol and Other Drug Policy documents distributed to all faculty, students and staff
- Annual reports compiled by conduct staff from the Office of Student Rights and Responsibilities
- College of Pharmacy and Pharmaceutical Sciences Student Handbook: <https://www.pharmacy.purdue.edu/sites/www.pharmacy.purdue.edu/files/current-students/resources/handbook.pdf>
- College of Veterinary Medicine Student Handbook: <https://vet.purdue.edu/student-services/handbook/index.php>
- Complying with The Drug-Free Schools and Campuses Regulations (EDGAR Part 86), A Guide for University and Campus Regulations prepared by the Higher Education Center
- Counseling and Psychological Services report on the Alcohol and Drug Programs offered to provide treatment for college students
- Department of Hospitality and Tourism Management (HTM 49100) Responsible Alcohol Service Certification Program
- Executive Memorandum No. C-44 Purdue University Policy, Alcohol and Drug-Free Campus and Workplace Policy, revised June 12, 1998
- Indiana Alcoholic Beverage Laws
- Indiana College Substance Use Survey (ICSUS)
- Indiana Lifeline Law: <http://www.in.gov/attorneygeneral/2606.htm>
- Medical Amnesty Policy for Student Intoxication: <http://www.purdue.edu/policies/west-lafayette/wl-7.html>
- Previous Biennial Review reports
- Purdue Alcohol and Other Drug (AOD) Policy Guide: www.purdue.edu/aod
- Purdue University Catalog: <https://catalog.purdue.edu/content.php?catoid=13&navoid=15921>
- Purdue University Division of Financial Aid: <https://www.purdue.edu/dfa/contact/policies-appeals.html>
- Purdue University Fire Department statistics: <https://www.purdue.edu/ehps/fire/fire-statistics.html>
- Purdue University Police Department drug and alcohol arrest reports: <https://www.purdue.edu/ehps/police/assistance/stats/index.html>
- School of Nursing Student Handbook: <https://www.purdue.edu/hhs/nur/students/undergraduate/documents/handbook.pdf>
- Student Regulations: <http://www.purdue.edu/studentregulations/>
- Summaries of conduct cases from University Residences
- Summary of AOD Programs sponsored by Interfraternity Council (IFC), Panhellenic and Purdue Cooperative Council (PCC): <https://www.purdue.edu/fscl/resources/riskManagement.html>

- Summary of alcohol and other drug-free programming/events sponsored by the Purdue Student Union Board
- The Higher Education Amendments of 1998 (P.L. 105-244) and the Drug-Free Schools and Communities Act Amendments of 1989, (P.L. 101-226)
- University Residences Guidelines and policies related to alcohol and drugs: www.housing.purdue.edu/Guidelines
- Wellness/prevention programs implemented by multiple campus departments

Compliance with Drug-Free Schools and Communities Act

As mentioned earlier, The Drug-Free Schools and Campuses Regulations (EDGAR Part 86) outlines several requirements with which all IHEs receiving any form of federal funding must comply, one of which is a biennial review. To understand the ramifications of not complying with this federal mandate, here are some data that illustrate the federal funding that supports financial aid for Purdue University students during the 2020-2021 and 2021-2022 school years.

2020-2021 Federal Dollars by Type and Student Level

	Undergraduates	Graduates/Professional	Total
Federal Grants	\$27,433,272	\$23,611	\$27,456,883
Federal Loans	\$87,360,717	\$41,307,571	\$128,668,288
Federal Work Study	\$1,033,559	\$0	\$1,033,559

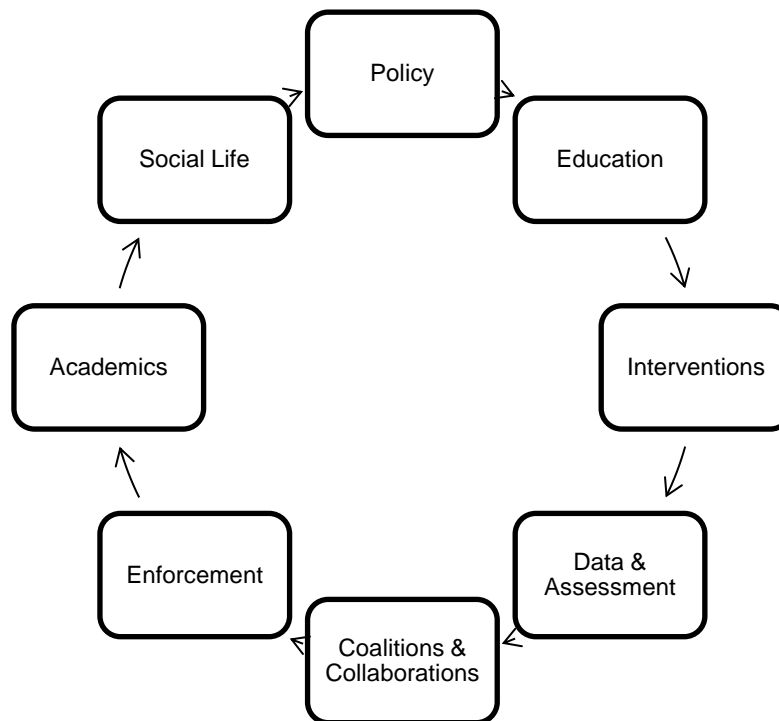

2021-2022 Federal Dollars by Type and Student Level

	Undergraduates	Graduates/Professional	Total
Federal Grants	\$27,998,197	\$9,9932	\$28,008,129
Federal Loans	\$88,550,485	\$41,987,092	\$130,537,577
Federal Work Study	\$867,327		\$867,327

Purdue University continues to remain in compliance with the requirements of the Drug-Free Schools and Communities Act. Purdue has adopted and implemented programs to prevent the abuse of alcohol and use or distribution of illicit drugs by Purdue students and employees both on its premises and as a part of any of its activities, as demonstrated through this biennial review. In addition, Purdue distributes, at least annually, a written policy on alcohol and other drugs to every student and employee. The written materials annually distributed contain the following information:

- Standards of conduct that prohibit unlawful possession, use, or distribution of illicit drugs and alcohol on its property or as a part of its activities
- A description of the health risks associated with the use of illicit drugs and abuse of alcohol
- A description of applicable legal sanctions under local, state, or federal law
- A description of counseling or treatment programs
- A clear statement and description of the disciplinary sanctions the institution will impose on students and employees

Purdue utilizes a comprehensive framework to address alcohol and other drug use by implementing the following environmental strategies: policy, education, coalitions/collaboration, social life, academics, enforcement, intervention and data/assessment. This document includes an overview of each of the strategies, and assessment data are included within each category.

Policy

Purdue policies on alcohol and other drugs are evident in every area of campus life, from academics to human resources and within the division of student life. See below:

Federally Mandated Policy:

Purdue annually distributes the Federally Mandated Policy about alcohol and other drugs to each staff member and student.

Purdue emailed the Alcohol and Drug-Free Campus and Workplace Policy to all faculty and staff. The email summarized the key points of the policy and directed staff to the Human Resources-Benefits website for more information and/or to view the complete Drug and Alcohol Information document. Detailed information about University regulations, state and federal laws, health effects, impacts of violations and campus resources is available in the full document.

Purdue emailed the student Alcohol and Other Drug Policy Guide to all enrolled students on the West-Lafayette campus in the fall of 2020, 2021, and 2022. Additionally, students who enlisted in the spring semesters were sent emails. The emails contained a summary of material meeting the requirements of the Department of Education and included a link to a website (purdue.edu/aod) with additional information.

Alcoholic Beverage Policy Summary:

All Purdue students are responsible for complying with Indiana state laws. Attention is called to the Indiana Alcoholic Beverages Law that states specifically:

- a. No person under 21 years of age may use or be in possession of alcoholic beverages.
- b. Persons 21 or over may not make alcoholic beverages available to minors.
- c. Misrepresentation of age for the purpose of purchasing alcoholic beverages is a violation of state law.

In addition to Indiana state laws, the following university regulations apply:

- a. The university prohibits the possession, consumption, distribution or sale of alcoholic beverages, as defined by state law, in or on any Purdue property, with the following exceptions:
 - Personal possession and consumption of alcoholic beverages are permitted in Purdue Village (family apartments only), resident rooms in Hawkins Hall occupied exclusively by graduate students, and by registered occupants of guest rooms in the Union Club and Hawkins Hall subject to compliance with all university regulations and applicable Indiana state laws.
 - Possession, consumption, distribution, and sale of alcoholic beverages are permitted, with advance approval by the Treasurer and Chief Financial

Officer or his/her designee, in areas designated by the university and under the supervision of the Purdue Memorial Union or the Department of Hospitality and Tourism Management, subject to compliance with all university regulations and applicable Indiana state laws.

Websites that Address Purdue Policies about Alcohol and Other Drugs:

Staff, students and visitors can find Purdue policies on several websites:

- Alcohol-and Drug-Free Campus Workplace Policy:
<http://www.purdue.edu/policies/facilities-safety/c-44.html>
- College of Pharmacy and Pharmaceutical Sciences Student Handbook:
<https://www.pharmacy.purdue.edu/sites/www.pharmacy.purdue.edu/files/current-students/resources/handbook.pdf>
- Fraternity, Sorority, Cooperative Life:
<https://www.purdue.edu/fscl/about/Policies.html>
- Medical Amnesty Policy for Student Intoxication:
<http://www.purdue.edu/policies/west-lafayette/wl-7.html>
- Office of Student Rights and Responsibilities: <http://www.purdue.edu/odos/osrr/>
- Purdue University Alcohol and Other Drug Policy Guide: www.purdue.edu/aod
- Purdue University Housing Guidelines: www.housing.purdue.edu/Guidelines
- Purdue University Police Department:
<https://www.purdue.edu/ehps/police/statistics-policies/drugs-alcohol.php>
- Student Regulations:
<https://catalog.purdue.edu/content.php?catoid=15&navoid=19004>
- Vice President for Human Resources:
<https://www.purdue.edu/hr/workpurdue/wrplenviron/index.php>

Alcohol and Drug-Free Campus Workplace Policy Summary:

Purdue University is committed to providing students, faculty, staff and visitors a safe and healthful campus and workplace. The university recognizes the health risks associated with controlled substance use and alcohol misuse and is committed to supporting students and employees who seek treatment for these conditions. The university also recognizes that controlled substance use and alcohol misuse diminish workplace and campus safety and undermine the university's ability to fulfill its missions of education, research, and service. Purdue has therefore developed this Alcohol and Drug-Free Campus and Workplace Policy. Purdue considers compliance with this policy a condition of employment and attendance at the university. All employees and students receive notification of this policy.

Student Organizations Alcohol Related Policies:

Fraternity & Sorority Life

The Purdue Fraternity, Sorority and Cooperative Community has restricted Alcohol above 15% alcohol by volume in houses and at events since 2010. This standard was implemented nationwide by Sept. 1, 2019.

Interfraternity Council (IFC) and Panhellenic have worked for the last few years to reform their risk management policies. The outline of their policies and initiatives is listed on the following page.

Interfraternity Council (IFC) and Panhellenic policies and initiatives:

Strategic Objective	Strategic Areas	Strategic Initiatives
Creating a safer Purdue University fraternity/sorority community through the adherence of the following:	Required event management practices	Event observation teams have been granted greater access to chapter events.
Amount of alcohol present at events	Policy alignment	Hard alcohol banned from all chapter facilities year-round. The amount of alcohol brought by those of legal drinking age shall not exceed six (6) twelve (12) ounce containers.
Facility Safety	Inspection and enforcement	Increased partnership with fire department to review facility and chapter event safety.
Self-Governance & Accountability	Accountability through compliance monitoring	Event observation teams have been granted greater access to chapter events.
Alter High Risk Events	Grand Prix Week/Halloween	Number of event observation teams and frequency of observations were increased.

Club Sports Alcohol, Drug, & Substance Policy

Consuming or being under the influence of alcohol, drugs, and other substances during any club-sanctioned or sponsored event is not permitted. This includes practices, home

competitions, trips and/or away competitions (the entire duration of the trip), and special events. This is in effect for any club member, coach, volunteer, or advisor. In addition, alcohol is not permitted at a club function that may take place at a private residence. Any deviation of this policy will result in immediate sanctions from the Club Sports program, and further actions may be taken, including referral to the Office of Student Rights and Responsibilities for possible university disciplinary action. Transporting alcohol in a university vehicle or private vehicle being used for official club travel is not permitted.

Alcohol, drugs and other illegal substances are not a part of the Club Sports program. Substance use by any individual while participating in a Club Sports-related activity may result in disciplinary action by the appropriate university office. Consuming or being under the influence of alcohol, drugs or other substances during any club-sanctioned or sponsored event is not permitted. This includes practices, home competitions, trips and/or away competitions (the entire duration of the trip), and special events. This is in effect for any club member, coach, volunteer or advisor. At no time is alcohol permitted at a club function, at a private residence, etc. Any deviation of this policy will result in immediate sanctions from the Club Sports Program, and further actions may be taken.

If a club desires to serve alcohol at a banquet or event to attendees of legal drinking age, the following must occur:

1. Clubs must request permission from the Assistant Director – Club Sports at least ONE MONTH prior to the event.
2. Alcohol must be served by a licensed vendor such as a caterer, restaurant, etc.
3. Under-age alcohol consumption will not be tolerated at any time.

Campus Safety Review

Student organizations sponsoring and/or hosting high impact/risk events are required to meet with a panel of campus partners to review their event. Event organizers that will have alcohol as part of their program are required to meet with and obtain approval for their program by the Campus Safety Committee.

Business Office for Student Organizations

Student Organization funds may not be used to purchase or reimburse for alcohol, tobacco, or related products/services.

University Residences

Educating students regarding alcohol and drugs in the Purdue University Residences' community, on average, a population of 14,000+ undergraduates includes providing orientation material. The expectation of compliance with the community standards is

references in the housing agreement and detailed on the housing website (<https://www.housing.purdue.edu/campus-living/resources/guidelines-policies/ur-guidelines.html>). The University Residences' alcohol and drug policies are defined as follows:

- Students are prohibited from consuming, transporting, and distributing alcohol; possessing or being in the presence of alcohol; or exhibiting disruptive behavior influenced by the use of alcohol. Alcohol found by staff will be disposed of immediately. Persons found in violation of this policy will be subject to University Residences administrative or disciplinary sanctions intended to be proportionate and progressive and include by are not limited to the following:
 - Warning, reprimand and/or probationary period
 - Contact with parent/guardian
 - Referral to an alcohol education program. The program required by Purdue University Counseling and Psychological Services will cost the resident a fee of up to \$260.
 - Other educationally based actions
 - Termination of the housing contract and/or ineligibility for contract renewal
 - University probated suspension, suspension, expulsion
 - Possible arrest, imprisonment, or fine according to state alcohol laws

Purdue Village – Only graduate student residents of Purdue Village family housing may have alcohol inside their apartment for personal and guest use if they are 21 years of age or older. All undergraduate residents are subject to the alcohol policy as defined for University Residences. Distribution of alcohol to minors is prohibited. Consumption of alcohol is not permitted in any outside area, including parking lots, picnic areas or the Purdue Village Community Center.

- All illegal drugs as defined by Indiana state law and any type of recreational drugs are strictly prohibited from University Residences' facilities and property. Drugs that fall into this category include, but are not limited to, the following: marijuana, hashish, hash oil, cocaine, crack, LSD, inhalants, stimulants, depressants, hallucinogens, narcotics, designer drugs, anabolic steroids, and other substances that alter one's mental state. Students are prohibited from possessing, consuming, transporting, dealing, being in the presence of, or exhibiting disruptive behavior influenced by the use of the aforementioned substances. In addition to illegal drugs as defined by Indiana state laws, students are also prohibited from possessing paraphernalia with evidence of illegal drug use such as bowls/pipes, grinders, one-hitters, vaporizer, blunts, etc. Anyone found in violation of this policy may have his or her housing contract terminated and may be subject to University disciplinary action and possible arrest, imprisonment, or fine according to state and federal laws. Should an educational program be required, a cost to the student may be incurred.

PurdueCares Medical Amnesty Policy for Student Intoxication

Purdue's medical amnesty policy can be viewed at <http://www.purdue.edu/policies/west-lafayette/wl-7.html>. A summary of the policy is below.

In cases of student intoxication and/or alcohol poisoning that occur on the West Lafayette campus, on the premises of a Recognized Student Organization or at a function sponsored by a Recognized Student Organization, the intoxicated student, as well as the student(s) seeking medical attention on the intoxicated student's behalf, will be exempt from disciplinary sanctions related to alcohol consumption.

In circumstances involving a Recognized Student Organization, the willingness of the members involved in seeking medical assistance for a member or guest will be viewed as a mitigating factor in the review process for the Recognized Student Organization for any possible violations.

Server Training Policy for Union Employees

Every person holding a liquor license is required to have server training and pass a test. The class, "Indiana ATC Certified Server Training Program," gives a general overview of Indiana State laws regarding the serving and consumption of alcohol, punitive damages both to the server and to the individual, recognizing inebriation levels, recognizing false (and correct) identification, handling situations with alcohol, etc. Every beverage employee is provided with a Beverage Manual containing current alcohol service standards and expectations.

Education

Many departments on campus are involved in educating students and parents about alcohol and other drugs, including Athletics, Counseling and Psychological Services, Office of Student Rights and Responsibilities, Parent and Family Connections, Purdue Fire Department, Purdue Police Department, Student Legal Services, Wellness Programs in Recreation and Wellness, and University Residences. The College of Pharmacy also offers educational programming across campus.

New Student Orientation

The following educational programs are offered to students during their transition to Purdue.

Pre-arrival

Before arrival to campus, incoming students complete the online Virtual Student Transition, Advising and Registration (VSTAR). VSTAR includes information about alcohol abuse prevention.

Welcome Week

Student Success Programs conducts a welcome week program called Boiler Gold Rush for more than 6,500 first-year students, held the week prior to the start of fall semester. Some highlights:

- The Campus Safety, Health and Wellness session included information from Purdue University Police Department, Purdue University Fire Department, the Title IX Coordinator and Purdue University Student Health Center.
- Student leaders facilitated breakout sessions after the Campus Safety, Health and Wellness presentation about accountability and responsibility.
- Student leaders signed a contract of accountability before Boiler Gold Rush.

Example below:

As a Student Success Leader, I understand that once accepting the Team Supervisor position I will conduct myself in a professional manner for the duration of my term. I will not drink alcohol while wearing any BGR attire, sponsor BGR parties where alcohol or illegal drugs are being provided, or in any way conduct myself in a manner that the professional staff deem unbecoming of a Student Success Leader.

Peer Education

Recreation and Wellness continued its student, peer-education program that includes presentations, outreach, and one-on-one mentoring sessions with students.

Lunch and Learns

Jane Krause, a professor in the Purdue School of Pharmacy, is a member of the Campus Improvement Team. She secured two grants during the 2020-2021 and 2021-2022 school years from the Drug-Free Coalition of Tippecanoe County and the Indiana Collegiate Action Network to pay for a series of Lunch and Learns. Faculty, residence hall faculty fellows, graduate student TAs, and other interested staff attended lunch and learns throughout the school years. Attendees learned about campus resources/services/initiatives and ways to incorporate the information into their teaching and interactions with students. Attendees gained an understanding of our campus environment and how to respond to a student in distress.

2020-2021 Lunch and Learns

There were eight sessions to 345 people representing 73 campus divisions/departments and community organizations.

- *Mental Health on Campus: An Update from Purdue's Counseling & Psychological Services (CAPS)*: Kyle Kittleson, PsyD, HSPP, Interim Director, Counseling and Psychological Services, Purdue

- *Best Practices for Supporting Students Through Virtual Interactions: The I-Generation*: Risha Ruano-Zin, LMHCA, Licensed Mental Health Counselor, Wellspring Counseling Center of Greater Lafayette
- *Impact of Social Media on Mental Health*: Kristine Chapleau, PhD, HSPP, Licensed Clinical Psychologist, Neuropsychology Associates, Carmel, IN
- *The Color of Drinking: Alcohol as a Social Justice Issue*: Reonda Washington, Alcohol and Other Drugs Prevention Coordinator, University Health Services, University of Wisconsin - Madison
- *Alcohol and Prescription Drug Abuse on Campus - Insights from Students*: Student Panelists
- *The Campus Environment - Through the Eyes of the Purdue Police and Fire Departments*: John Cox, Chief, Purdue Police Department and Kevin Ply, Chief, Purdue Fire Department

2020-2021 Lunch and Learn Evaluations:

- 96% agreed/strongly agreed they gained information about resources on campus and other services or initiatives related to this topic
- 89% agreed/strongly agreed they gained information today that will help him/her respond to a student in distress
- 91% agreed/strongly agreed they gained information today that they can apply to teaching and/or interactions with students
- 98% agreed/strongly agreed that today's session helped them to better understand the campus environment surrounding this topic
- 91% of attendees would like to attend future Lunch and Learns
- 90% of attendees rated this Lunch and Learn as Excellent or Very Good • 90% of attendees rated today's speaker(s) as Excellent or Very Good

2021-2022 Lunch and Learns

There were five sessions given to 222 attendees representing 65 departments/divisions on campus and community organizations.

- *Continuing Impact of COVID-19 on Mental Health and Substance Use on Campus*: Chris Hanes, Director, Counseling and Psychological Services (CAPS)
- *Alcohol and Prescription Drug Abuse on Campus - Insights from Students*: Student Panel
- *Impact of Mental Health on Learning*: Richard Hooker, PhD, Professor of Graduate and Addictions Counseling, Indiana Wesleyan University, Marion, IN
- *The Growing Popularity of Delta-8 THC*: Amy Peak, PharmD, Director, Health Science and Healthcare & Business Programs, and Chair, Health Science Department, Butler University

- *The Campus Environment - Through the Eyes of the Purdue Police and Fire Departments*: John Cox, Chief, Purdue Police Department and Kevin Ply, Chief, Purdue Fire Department

2021-2022 Lunch and Learn Evaluations:

- 100% agreed/strongly agreed they gained information about resources on campus and other services or initiatives related to this topic
- 100% agreed/strongly agreed they gained information today that will help him/her respond to a student in distress
- 96.2% agreed/strongly agreed they gained information today that they can apply to teaching and/or interactions with students
- 100% agreed/strongly agreed that today's session helped them to better understand the campus environment surrounding this topic
- 100% of attendees would like to attend future Lunch and Learns
- 96.2% of attendees rated this Lunch and Learn as Excellent or Very Good
- 96.2% of attendees rated today's speaker(s) as Excellent or Very Good

Purdue University Police Department

The following are examples of educational session PUPD conducts for campus groups.

- Alcohol Program (General Informational Discussion)
- Alcohol Student Awareness
- AAARCC Member Safety Presentation
- Campus Safety
- Citizens Police Academy
- Counselor Orientation/Training
- Crime Prevention
- Drug Recognition
- Gang Prevention – Safety
- International Student Programs
- Air Force ROTC Presentation
- Personal Safety
- Purdue Counseling Round Table
- Rape Aggression Defense (RAD)
- Rape Prevention
- Residence Hall Facilities Manager Orientation
- Robbery Training
- Society, Policy and Drugs Class
- Strategic Planning
- Purdue Amnesty Policy Training
- Practicing Proper Responsibility and Decision-Making

- Risk Management and Greek Life

Student Legal Services

2020-2021

SLS Director gave 11 presentations across campus, mostly in virtual format due to the pandemic. These include a Lunch and Learn presentation for the Steps To Leaps initiative about students rights under criminal law and presentations to fraternities about alcohol and drug laws and how to avoid getting in criminal trouble.

2021-2022

SLS Director gave 5 presentations across campus, including recording a podcast episode about Student Legal Services and common alcohol and drug offenses students face. Presentations also focused on being proactive to avoid legal issues in the future.

Intercollegiate Athletics

The following are education efforts put forward from ICA:

- Sexual Violence Prevention Training including Consent, Sexual Assault, Bystander Intervention, Harassment, Bullying, Stalking and Discrimination was a mandatory requirement for all student-athletes, coaches, and administration.
- First year student-athletes enroll in EDPS 490, a class taught by CAPS that includes alcohol, drugs, sexual assault, and safety concerns. (2019)
- Intercollegiate athletics funds the Boiler Gold Rush (BGR) fee for all first-year S-As who receive athletics scholarships.
- The Big Ten Conference (B1G) established the Mental Health and Wellness Cabinet. The two Purdue sports psychologists are members of the cabinet.
- The Calm App is provided to all B1G student-athletes and staff free of charge.
- Coaches utilized Purdue, West Lafayette, and Lafayette Police to meet with teams to discuss safety and sexual assault.
- A “Student Resources” section is included in the planner distributed annually to all student-athletes. This section included mental health, sexual assault, abuse, and hazing resources along with alcohol and drug programs on campus.
- Mandatory Drug Testing is required for all student-athletes.
- WellTrack was discussed with Boilermaker Athletic Council (SAAC) and Emerging Leaders.
- “Boiler Brave” a student-athlete group discussing mental health issues remains a significant part of the SAAC and is very active. (Sports Psych. Administrators oversee)
- The athletic training staff discuss alcohol and drugs with each athletic team.
- The sports dieticians discuss the effects of alcohol when addressing hydration, caloric intake, and recovery with each team and in individual counseling.
- Athletics has a representative on the Purdue’s Campus Improvement Team.
- Athletics has a Title IX Deputy on staff.

- Athletics had several staff members complete the QPR: Suicide Prevention course and introduced the course for availability for the student-athletes.

Intervention

Purdue has several options available for students and staff members who need to address alcohol and other drug abuse issues. A summary is listed below:

Purdue's Treatment Programs for Staff

During 2020-2021 confidential assessment, counseling and referral services were made available to Purdue employees through Employee Assistant Program at Purdue's Center for Health Living. Professional services were available to benefits-eligible faculty and staff, regardless of their participation in a medical plan. Dependents were eligible only if they are covered on a Purdue medical plan.

In 2021 Purdue transitioned to using SupportLinc as the means to provide benefits-eligible staff and their dependents who are covered on a Purdue medical plan access to counseling and expert referrals.

Human Resources' Business Partner (formerly Employee Relations) Data: From all departments who may have had an incident:

	2020-2021	Outcome
Alcohol	1	1 Unfounded
Drugs	2	1 Reprimand 1 Unfounded
	2021-2022	Outcome
Alcohol	2	1 Termination 1 Reprimand
Drugs	1	1 Termination

Employees Holding CDLs for Their Positions: Includes Pre-Employment, Random, Reasonable Suspicion, Post-Accident

Positive Screenings		
	2020-2021	2021-2022
Alcohol	None	None
Drugs	None	None

Counseling and Psychological Services (CAPS)

CAPS offers an alcohol and other drug (AOD) program, which is available to all actively enrolled students at the Purdue West Lafayette campus. These services include AOD evaluations, therapy, consultation, and referrals to community providers for educational or treatment interventions. All services are designed to meet the specific developmental needs of college students. The mission of the program is to provide brief motivational interventions which form the basis of cognitive-behavioral skill building and risk-reduction with the aim toward behavior change.

During the 2020-2022 biennium, the CAPS AOD program discontinued AOD evaluations with students who were referred by the Office of Student Rights and Responsibilities, University Residences, and the judicial system (locally, as well as those in other counties and states). Instead, CAPS staff focused on providing assessments and individual therapy to students who sought substance-related therapy on their own accord. Additionally, CAPS staff facilitated a recovery group for students during the 2021-2022 academic year, with strong focus on giving students skills and tools to work toward their own recovery goals.

Data for students who sought substance-related therapy on their own accord are not included here, as this information is intermingled with other clinical data.

eCHECKUP TO GO

eCHECKUP TO GO, is a personalized, online, alcohol education module.

At the beginning of the 2020-2021 school year, all first year and transfer students under the age of 21 were invited to participate in eCHECKUP TO GO. 2,998 completed the program before the start of classes.

At the beginning of the 2021-2022 school year, all first year and transfer students under the age of 21 were invited to participate in eCHECKUP TO GO. 2,986 completed the program before the start of classes.

Data and Assessment

Indiana College Substance Use Survey

Purdue administered the Indiana College Substance Use Survey (ICSUS) in Spring 2021 and sent the survey to 15,000 students. 787 students responded for a 5.2% response rate. Three criteria were used to clean the data – insufficient response (less than 26 answered out of 148), three or more inconsistent responses among substance abuse questions, and pharmacological implausibility. Of the 787 responses, 785 were usable when screened for the mentioned criteria. The data gathered from this survey, is used in part, to help determine programmatic direction.

Substance Use

Percentage of Students reporting Use of Select Substances in the Past Month

	All students	Under 21	21 and older
Alcohol	63.2	50	74
Marijuana	22.9	25.1	21.2
Cigarettes	7.8	6.2	9.0
Electronic Vapor products	16.9	20.4	14.2
Cigars	2.9	3.1	2.8
Smoking tobacco with hookah/water pipe	1.5	0.9	2.1
Chewing/smokeless tobacco	1.9	2.3	1.6
Prescription Stimulants not prescribed to you	1.9	2.3	1.6
Prescription painkillers not prescribed to you	0.3	0.3	0.2
Prescription sedatives not prescribed to you	0.1	0.0	0.2
Hallucinogens	1.7	0.9	2.3
Cocaine	0.6	0.3	0.9
Inhalants	0.6	1.1	0.2
Heroin	0.0	0.0	0.0
Methamphetamine	0.0	0.0	0.0
Other illegal drugs	0.4	0.0	0.7

Consequences of Alcohol Use

Percentage of Students Who Reported Experiencing Select Consequences in the Past Year as a Result of Drinking Alcohol

	All students
Had a hangover	58.2
Forgot where you were or what you did (blacked out)	25.8
Felt bad or guilty about your drinking	27.3
Did something you later regretted	26.2
Engaged in unprotected sexual intercourse (i.e., without a condom)	12.3
Missed class or an assignment	17.1
Driven a car while under the influence	7.4
Been hurt or injured because of drinking	12.1
Created problems between you and your friends or family members	8.4
Had friends or family members worry or complain about your drinking	8.0
Been in trouble with police, residence hall, or other college authorities	2.6
Gotten into physical fights when drinking	2.6
Gotten into trouble at work or college because of drinking	1.5
Been ticketed	0.5
Been arrested for drunk driving	0.2

Percentage of Students Who Reported Select Sexual Acts in the Past Year While Under the Influence of Alcohol

	All students	Under 21	21 and older
Experienced unwanted sexual activity	3.1	5.0	1.9
Took advantage of someone sexually	0.5	0.5	0.6

Mental Health

The Indiana College Substance Use Survey included three questions to assess students' mental health status. Students were asked on how many days in the past month their mental health was not good, including experiencing stress, depression, or problems with emotions. They were also asked if, in the past year, they had experienced feeling so sad or hopeless almost every day for two weeks or more in a row that they stopped doing some usual activities, and if they had ever seriously considered attempting suicide.

Mean Number of Mentally Unhealthy Days during the Past Month

Survey question: “Thinking about your mental health, which includes stress, depression, and problems with emotions, for how many days during the past 30 days was your mental health not good?”

	All Students	Under 21	21 and older
Mean # of days	10.7	11.2	10.4
Standard Deviation	9.2	9.3	9.2

Percentage of Students Who Indicated a Select Number of Days During the Past Month When Their Mental Health Was Not Good

	Males	Females
0 days	16.6	4.6
1-5 days	38.1	30.5
6-10 days	17.3	20.7
11-30 days	27.0	43.9
Don't know/not sure	1.0	0.3

Percentage of Students Who Reported Feeling Sadness or Suicidal thoughts in the Past Year

Sadness Survey question: “During the past 12 months did you ever feel so sad or hopeless almost every day for two weeks or more in a row that you stopped doing some usual activities?”

Characteristics of Survey Participants

	All students	Under 21	21 and older
Felt sad or hopeless	40.4	39.9	40.8
Considered attempting suicide	12.7	15.1	10.9

	Frequency	%
Gender		
Male	343	43.7
Female	411	52.4
Other	29	3.7
No answer	2	0.3
Age		
Under 21	353	45.0
21 or older	432	55.0
Race		
White	627	79.9
Black/African American	12	1.5
Asian	97	12.4
Native American/Alaskan	0	0
Native		
Hawaiian/Pacific Islander	0	0
More than one race	27	3.4
Other	18	2.3
No answer	4	0.5
Ethnicity		
Hispanic	40	5.1
Non-Hispanic	744	94.8
No Answer	1	0.1
Classification		
1 st year undergraduate	162	2.06

2 nd year undergraduate	157	20.0
3 rd year undergraduate	128	16.3
4 th year undergraduate	81	10.3
5 th year or more undergraduate	22	2.8
Grad/professional	230	29.3
Location of Residence		
Fraternity/Sorority house	29	3.7
Campus Residence Hall	253	32.2
Other on-campus housing	56	7.1
Off-campus	399	50.8
Not in community – remote learning only	48	6.1
No answer	0	0

Coalitions and Collaborations

Campus and community-based organizations collaborate on education, policy and enforcement. Below are coalitions that focus on alcohol initiatives at Purdue.

Campus Community Bar Retail Coalition

This group was formed in 2001 and is co-facilitated by the West Lafayette Police Chief and Wellness Programs in the Division of Recreation and Wellness. There were two meetings focusing on football weekend health and safety and Grand Prix health and safety during the 2020-2021 and 2021-2022 school years. Most were held in smaller group settings in order to have targeted dialogue with the bar owners, the police, and the West Lafayette city officials.

Campus Improvement Team

Formed in 2011, this group meets monthly with the mission of working together to create a safe and healthy environment for Purdue students, by reducing the harmful effects of alcohol. Representatives include police, fire, Office of the Dean of Students, Fraternity, Sorority, Cooperative Life, Office of Student Rights and Responsibilities, Purdue University Student Health Center, Academic Advising, Athletics, Risk Management, Student Success, Faculty, Counseling and Psychological Services, Wellness, students, Residential Life, Student Legal Services, Off-Campus Housing. Some of the initiatives from 2020-2021 and 2021-2022 include:

- Collaborating and hosting eleven Lunch and Learns
- Collaborating to write grants to the Drug-Free Coalition of Tippecanoe County and the Indiana Collegiate Action Network to help pay for Lunch and Learns

and other educational programs (led by Professor Jane Krause, College of Pharmacy)

- Participating in Ally Recovery Training
- Developing and promoting a podcast that educates listeners on campus resources including alcohol policy and educational services.

Involvement in Community/State Organizations and Coalitions

Campus members are involved with several outside organizations that address alcohol and other drug issues. They include:

- American College Health Association (ACHA) and Mid-America College Health Association (MACHA) - PUSH, Wellness
- American College Personnel Association (ACPA) Commission for Alcohol and Other Drug Issues-ODOS
- American College of University Housing Offices (ACUHO-I)
- Association for Student Conduct Administration (ASCA)-OSSR
- Drug-Free Coalition of Tippecanoe County-ODOS, PUPD, College of Pharmacy faculty, Division of Recreation and Wellness
- Indiana Coalition to Reduce Underage Drinking (ICRUD), setting alcohol policy initiatives for the state-Division of Recreational Sports and Wellness
- Indiana Collegiate Action Network-Division of Recreation and Wellness, College of Pharmacy
- National Association of Student Personnel Administrators (NASPA)
- National Collegiate Athletic Association (NCAA)
- National Intramural-Recreation Sports Association (NIRSA)

Enforcement

The primary venues on campus that enforce policies and laws regarding alcohol and other drug use are the Purdue University Police Department, University Residences, the Office of Student Rights and Responsibilities (OSRR), and Recreation and Wellness. Data from those offices are listed below as well as property damage costs from Purdue University's Risk Management office.

Purdue University Police Department

Arrest Offenses	2020-2021	2021-2022
Public Intoxication	13	24
Minor Consumption	34	40
Operating While Intoxicated	31	56
Marijuana	89	81
Other Drugs	9	9

These statistics indicate arrest cases as initially reported to the police. Further investigation may reveal the case was unfounded or lacked sufficient evidence to result in the filing of criminal charges by the Prosecutor's Office.

University Residences

The following data represents individuals sanctioned for incidents involving alcohol.

Sanctioned Alcohol Policy Violations	2020-21	2021-22
Total	533	676
Sanctioned Drug Policy Violations	2020-21	2021-22
Total	79	82

The following sanctions were assessed regarding alcohol and drug incidents.

Alcohol Education Sanctions	2020-2021	2021-2022
UR Alcohol Intervention Program	471	63
Collaborative AOD Referrals	18	0
Online alcohol program 3 rd Millennium Company	4	25

Drug Education Sanctions	2020-2021	2021-2022
Online marijuana program 3 rd Millennium Company	30	66

Housing contract termination/ineligibility	2020-2021	2021-2022
Alcohol	12	8
Drugs	10	6

Office of Student Rights and Responsibilities (OSRR)

OSRR. A unit within the Office of the Dean of Students, is tasked with upholding the standards for student conduct and behavior within the university environment. Incident reports that are submitted from various campus and community agencies are reviewed to determine if there has been a possible violation of the Code of Student Conduct as outlined in the University Regulations. A student who is found in violation of the Code of Student Conduct may be subject to disciplinary sanctions as outlined in this document. Sanctions may include separation from the university (expulsion or suspension), conditional student standing (probated suspension or disciplinary probation) or a disciplinary warning. In addition, students may be required to complete any number of educational assignments, including substance abuse assessments, alcohol/drug education classes, community service, ethics training, or other educational assignments.

Listed below is a summary of the number of alcohol and drug related student conduct cases that have been adjudicated by the OSRR Office.

Cases referred to OSRR for conduct action	2020-2021	2021-2022
Alcohol	191	224
Illegal Drugs	64	58

In addition to the standard case resolution process, the OSRR staff partners with the university's Counseling and Psychological Services (CAPS) area to formalize a referral process for at-risk students who may be in need of more formal assessments and counseling due to alcohol-related behavior. In addition, staff members have worked with academic advisors, as well as under represented and international student advisors, university athletics staff and coaches, and professional programs to present information to students regarding the university's standards of conduct and the policies on alcohol and drugs for the campus.

Risk Management

During the 2020-2021 and 2021-2022 academic school years, there were four alcohol-related property damage claims were on campus resulting in \$27,500 in estimated damages.

Recreation and Wellness

Club Sports Alcohol Policy Violations	2020-2021	2021-2022
Total	1	1

Academics

Many academic units address alcohol and other drugs through policies in classrooms, curriculum infusion and research. An overview of the programs and classes offered during 2020-2021 and 2021-2022 is listed below, as well as links to some websites that address alcohol in the classroom:

Websites

- Managing Classroom Behavior: https://www.purdue.edu/odos/osrr/resources/documents/managing_classroom_behavior.html
- *College of Pharmacy and Pharmaceutical Sciences* Student Handbook: <https://www.pharmacy.purdue.edu/sites/www.pharmacy.purdue.edu/files/current-students/resources/handbook.pdf>
- *School of Veterinary Medicine* Student Handbook: <https://vet.purdue.edu/student-services/handbook/code-conduct.php>
- *School of Nursing* Student Handbook: <https://hhs.purdue.edu/wp-content/uploads/2022/07/nur-undergraduate-handbook.pdf>
- EDPS class for first-year students in Intercollegiate Athletics: Two sessions deal with drugs, alcohol and sexual responsibility.

Courses that Directly Address Responsible Alcohol Use

The below Purdue courses cover health effects and/or responsible use of alcohol in their course curriculum.

- CSR 30900: Leadership Strategies
- EDPS 49000-01: Life Skill- Success Start
- Health and Kinesiology 23100: Substance Abuse and Health
- HTM 49111: Beverage Operation Management
- HTM 49112: Management and Service of Beverage Alcohol

- HSCI 20100: Principles of Public Health Science
- HSCI 56000: Toxicology
- HSCI 56200: Analytical Toxicology and Pathology
- HSCI 67100: Biochemical Toxicology
- NS 41300: Naval Leadership, Management, and Ethics
- NUR 10800: Introduction to Nursing
- NUR 31801: Psychiatric-Mental Health Nursing
- NUR 41701: Leadership in Nursing
- PSY 42100: Alcohol Abuse and Disorders
- PSY 42800: Drugs and Behavior
- Soc 35200 – (ANTH 35200) Drugs, Culture, and Society: The course provides an overview of the social and cultural underpinnings of drug use across societies. Students engage with various topics, including addiction, global markets, drug epidemics, public policy and cross-cultural differences in drug use.
- Soc 39100: Selected topics in Sociology

Multiple departments address the impact of alcohol and other substance abuse on future employment opportunities, including Aviation Technology, Education, Nursing, Pharmacy and Engineering.

Purdue Promise

This program assists approximately 350 first year students and 1200 students overall (eligible 21st Century Scholars) be successful at Purdue. The Purdue Promise four-year experience is comprised of financial assistance and targeted support services rooted in four Guiding Principles: academic, social, leadership and life skills development. Health and wellness is a focus of GS 197, the class all first-year Purdue Promise students take in their first semester. During class, instructors and peer facilitators address accountability and responsibility through educational games and presentations focused on alcohol and drugs, stress management, sleep habits, healthy dining, exercise, illness, sex and dating, healthy relationships (family, friends and significant others), mental health and campus safety. The content covers Indiana laws (e.g. legal limit) and Purdue Policies, terminology (e.g. BAC), healthy habits and goals (e.g. abstinence from drug use), consequences (e.g. arrest), and campus and community resources (e.g. Student Wellness Office).

Social Life

Purdue is committed to ensuring that students have access to substance-free events. Here are some departments/organizations that offer information on what's available for students – they use a variety of media, such as websites, Twitter, Facebook, Instagram, You Tube, etc, to reach students.

- Division of Recreation and Wellness: <http://www.purdue.edu/recwell/>
- Purdue Calendar: Lists all events on campus. <https://calendar.purdue.edu/>
- Purdue Athletics: Check out the schedules for all athletic events. <https://purduesports.com/>

- Purdue Convocations: Catch 30-40 entertainment events each year. <https://www.purdue.edu/convocations/>
- Purdue Student Union Board: PSUB provides a variety of programs and services that enrich and entertain. <http://www.union.purdue.edu/PSUB/>.
- Purdue Theater: Purdue's Theater department presents several plays throughout the year. <http://www.cla.purdue.edu/theatre/>
- Student Activities and Organizations (SAO) Flyerboard (Boilerlink): Find out what student organizations have scheduled by checking out the flyerboard (Boilerlink). <http://www.getinvolved.purdue.edu/Community?action=getEventsView>

Social Programming

In addition, several organizations, departments and student groups plan special events throughout the year. Here are some of them:

Purdue Student Union Board (PSUB)

The Purdue Student Union Board (PSUB), an all-campus student programming board, plans events throughout the school year, some of which some fall into the category of Late Night Programming occurring Thursday-Saturday evenings. Events range from poetry slams, Late Nights at the Union (or CoRec, or held in conjunction with the CoRec), open mic nights, trivia nights, Flicks at Fowler (free movies), crafts, etc. All of these events are free to students. Over the past two years events were hosted by PSUB throughout various locations on campus, some of which included the co-rec as a location.

Year	Sponsor	Attendance
2020-21	PSUB-only events	6,789
2021-22	PSUB-only events	17,362

Summary

The appointed review committee conducted a comprehensive study of the alcohol and drug policy, related programs, services, and enforcement practices for the 2020-2021 and 2021-2022 academic years. Purdue is in compliance with the Drug Free Schools and Campuses Regulations, has an effective and enforced AOD policy, and consistently distributes this information in writing to our students and employees.

Purdue uses a comprehensive, environmental approach to address alcohol and other drug use on campus, focusing on policy, education, coalitions/collaboration, social life,

academics, enforcement, intervention and data/assessment. Purdue follows the national, evidence-informed recommendations made by the National Institute on Alcohol Abuse and Alcoholism (NIAAA) and the Social Ecological Framework. All components work together to ensure that Purdue University students and staff are provided information and resources that promote a safe and healthy environment that attempts to mitigate risk as it pertains to alcohol and other drug use.

The Campus Improvement Team identified several strengths on campus. The collaboration and communication by our many offices, departments, faculty and student groups on and off campus to address alcohol and other drugs with a comprehensive, intentional approach is one of the hallmarks of the West Lafayette campus. With these strengths, the Campus Improvement Team has also identified several future goals/initiatives to continue our efforts regarding alcohol and other drug education for our campus community. Because alcohol and other drug issues are always evolving and changing, new strategies are needed, and Purdue's comprehensive plan can be expanded.

Purdue has developed a comprehensive approach to address alcohol and other drug issues on campus. We will continue to develop, evaluate, assess and pursue the best practices for our campus to create a safe and healthy environment for our students.

Upon review of the current state of our program, a brainstorming session was held with campus partners of the Campus Improvement Team to identify potential areas of improvement and challenges that the campus community may face during the next two-year cycle.

- **Parents**
 - Challenge: As parents are more able to be involved in their students' lives, we continue to see students who cannot manage things on their own and need their parents to intercede, and the parents are happy to play this role. Exploring best messaging to parents to share expectations and support is an initiative to consider.
- **Messaging**
 - Challenge: There are inconsistent messages across campus, and some opportunities/venues are not accessible for important messaging (such as "potty" talks).
- **Connection with campus partners**
 - Challenge: Identifying key players on campus has been challenging and something that will need intentional effort after COVID. Improvement is being made with wellness collaboration between wellness departments. As pandemic induced turnover brings new professionals to campus, connecting new staff is a challenge.
- **Academics**

- Challenge: Bridging wellness and academics is ongoing at Purdue through the Steps to Leaps initiative in Student Life.
- **Skills development**
 - Challenge: Do students understand how to create change in the world or are they just reporting what's going on? Other than reporting to authority figures, what do they do? Do they know how to navigate complex issues?
 - Note: This also ties into the parent component of our conversation.
- **Peers**
 - Challenge: Students learn from other students, and there aren't enough opportunities for peer education. Furthermore, adequate compensation for student positions is lacking. Creating fidelity in peer messaging can be difficult due to social media.
- **Campus Improvement Team**
 - Challenge: We have evolved since our group began in 2011. Our current mission statement is: Working together to create a safe and healthy environment for our students, by reducing the harmful effects of alcohol and other drugs.
- **Mental Health**
 - Challenge: Consistence messaging that communicate community resources and collaboration is an initiative being explored. Expanding awareness of the prevention and treatment services on campus is needed. Exploring more training options for mental health education is ongoing.
