

#### NCAA Bylaw 13.6.4 Transportation to Enroll or to Attend Required Orientation

An institution or its representatives shall not furnish a prospect, directly or indirectly, with transportation to the campus for enrollment. However, it is permissible for any member of the institution's staff to provide:

(Revised: 4/26/01 effective 8/1/01)

(a) Transportation from the nearest bus or train station or major airport to the campus on the occasion of the prospect's initial arrival at the institution to attend classes; and

(b) Transportation from and to the nearest bus or train station or major airport on the occasion of the prospect's arrival and departure from the institution to attend the institution's required new-student orientation, provided the prospect has been accepted for admission to the institution.

The following interpretation precludes athletics staff members from providing such transportation to parents, guardians, and friends:

#### Transportation for Prospect's Parents

Interpretation - Transportation for Prospect's Parents: The legislative services staff confirmed that it is permissible for a member institution to provide local transportation between its campus and the nearest major airport (as opposed to the nearest airport) for the parents of a prospective student-athlete making an official visit. However, it is not permissible to provide transportation for parents of a prospective student-athlete under the provisions of NCAA Bylaw 13.6.4 (transportation to enroll). As you can see, you may provide transportation to campus for prospects on their initial arrival to campus from the nearest major airport, bus or train station. This may occur for freshmen and first-time transfer students only. After that, student-athletes are responsible for their own transportation to campus. Parents, guardians, and friends may not be provided the transportation under any conditions.
