RE: Approval to Plan, Finance, Construct, and Award Construction Contract for University Residences Bathroom Renovation Phase VI: Earhart Hall

Attachments:
- Resolution

Project Description:
- This project is the sixth of nine planned phases of the University Residences H-Hall bathroom renovations. This phase will complete the reconfiguration and renovation of 7,072 gross square feet of community bathrooms on floors 1 to 8 of the west tower in Earhart Residence Hall.
- The work will replace the original plumbing infrastructure that is aging and in need of replacement.
- The restrooms will be reconfigured to provide ADA accessibility, greater privacy, and an updated appearance.
- Project delivery method: Construction Manager as Constructor
- Construction start: May 2017
- Construction completion: August 2017

Project Benefits:
- The project will provide updates to the original finishes and infrastructure of Earhart Hall, which was constructed in 1964. The infrastructure is at the end of its useful life and requires replacement, and the existing restrooms are too small by current standards.
- The renovation will provide new electrical, plumbing, and exhaust to serve larger restrooms, with more showers, greater privacy for residents, and updated finishes.
- The renovation will also create improvements in alignment with accessibility requirements.
Project Cost and Funding:

- Estimated Total Project Cost: $5,000,000
- Sources of Funds: Departmental Funds
