General Policy
The information in this document is a summary of the University Travel Regulations for domestic travel. An individual is in travel status when traveling on official business for Purdue whether or not expenses will be reimbursed by the University.

Pre-trip Approval is required if the trip meets any of the following criteria:
- International and funded by ARO
- International and funded by EPA
- International and funded by a State Sponsored grant
- Funded by DOE Lab
- Sponsor Required (other than listed above)
- Departmentally Mandated
- When a pre-trip cash advance is requested
- When a flight upgrade is requested
- Students traveling internationally to countries with warnings

Notification is if travel is a significant distance (generally a destination that would traditionally be reached by air), even if pre-trip approval is not required.

Blanket travel is defined as any travel that does not include a common carrier ticket (air or train), and does not require a “Trip Request” or any pre-trip approval or notification.

Pre-trip approvals and Notifications are both created through the Concur Travel System.

Staff members in travel status should exercise good judgment when incurring travel costs. Only travel expenses related to University business will be reimbursed. Reimbursement should not be claimed for items provided free of charge, not personally paid for by the claimant, previously reimbursed by any source, or costs that will be paid or reimbursed from any other source in the future. Any reimbursement received from another source after reimbursement has been received from Purdue University shall be deposited back to the same funding source that was initially charged for the expense.

Advances on Travel
Travel Advances are available through two sources:
- ATM Cash Advance – Cash advances are allowed on the Purdue Visa Travel Card through an ATM. Advances should not exceed the amount of anticipated expenses and are limited to $500 per cycle.
- Travel Cash Advances are available to student employees; clerical and service employees; and monthly paid staff with visiting, temporary, or adjunct appointments. These advances are facilitated through the Concur Travel System prior to the trip. Advance requests must include an explanation of what the funds will be used for.

Travel Reimbursement
Reimbursement for out-of-pocket expenses and subsistence will be paid upon submission of an expense report within 60 days of the end of the trip. Expense reports must be submitted in the Concur Travel System. Expense reports can be created by the traveler, or the traveler’s delegate; however, the report must be submitted by the traveler.

Transportation
The most economical means of transportation should be used when traveling on University business. The staff member and the department head make this determination based upon total cost of the travel, efficient use of staff time and convenience of the employee.

University Vehicles
Staff traveling or working on official University business have access to fleet cars, vans and trucks. A Transportation Services Form 1 is required to reserve the vehicle. All parking expenses and toll charges related to the use of a University vehicle may be reimbursed by Transportation when the vehicle is returned. If vehicle returned after hours, these items should be added to an expense report. See Transportation Services rates at http://www.purdue.edu/pat/mainnav/transportation/car/carrates.htm

Rental Vehicles
Receipt is required if expense is $75 or greater.

Do not purchase the insurance on domestic rentals.
Purdue insures the collision damage exposure for vehicles rented by staff traveling on University business. Therefore, the insurance offered by the rental company is not a reimbursable expense.
Advise the rental car company that Purdue University self-insures rental vehicle collision damage. A wallet card is available from Risk Management (47695) with the insurance information on it. The rental agency may demand that you provide them a credit card to which the damage can be billed. That amount will be reimbursed to you by the Risk Management Office upon receipt of copies of the “Trip Request” (if applicable), the rental agreement and your credit card statement.

Accidents should be reported to the police immediately. Obtain the name and departmental affiliation of the investigating officer. Exchange information with the other driver(s) involved including: names, addresses, phone numbers and descriptions of vehicles. Record any passenger and/or witness information. Report this information immediately to the Risk Management Office (765-494-7695).
Visit the Risk Management website for additional information: http://www.purdue.edu/business/risk_mgmt/

Purdue has an agreement with National and Enterprise car rentals. The insurance is included in these rates. Reserve in Concur Travel & Expense booking or at http://www.purdue.edu/business/travel/Discounts/national.html or call

Privately Owned Vehicles
Mileage for travel on or after 1-1-2015 is payable at 57.5 cents per mile.
Mileage for travel on or after 1-1-2014 is payable at 56 cents per mile.
Mileage for travel from 1-1-2013 to 12-31-13 is payable at 56.5 cents per mile.
Mileage rate for travel on state grants is 44 cents per mile for travel on or after May 1, 2011.
Allowable travel is reimbursable regardless of the number of miles traveled; however the “Drive VS Fly” rule will apply.

“Drive VS Fly” Rule: Persons who choose to drive rather than fly long distances may be reimbursed subsistence and lodging (if necessary) for a total of two full driving days (1 day before and 1 day after the official business). When two or more staff travels together in a personal vehicle, the mileage reimbursement amount may not exceed the Drive VS Fly rule and may only be reimbursed to the driver of the personal vehicle. Each traveler is entitled to the allowable subsistence and lodging per policy.
The mileage reimbursement cannot exceed the best available airfare prior to travel. A cost comparison obtained prior to travel must accompany the Trip Request. To qualify for reimbursement when driving longer distances normally accomplished by flying, the business expense must be the lesser of the actual mileage expense or total.
- Best available airfare (The traveler must supply a quote from a travel agency or printout from Concur, prior to travel.)
- Roundtrip mileage to airport.
- Airport Parking (no higher than our contracted rate)
- Shuttle expense (not rental car) to/from airport to business location.

Air Travel
Airfare is reimbursable for economy or coach fare only. Reimbursement for first or business class is not allowable, and will not be paid unless prior approval is received from Director of Procurement. See http://www.purdue.edu/business/travel/Transportation/Air_Travel/airfaretravel.html#firstclass
Acceptable receipts for air travel are required if expense $75 or greater. E-ticket receipts will consist of a passenger coupon, itinerary, or receipt direct from the airline. If this is lost, the traveler should indicate that the required receipt is NOT included, with an explanation in the comment box on the Concur Expense Report.
If a discount airfare is used and/or cities are visited for both personal and business reasons, a cost comparison obtained prior to travel is required.
The amount reimbursed will be lesser of the actual ticket purchased or the amount of the cost comparison.
A cost comparison should be for the business destination(s) for the days of business only. See http://www.purdue.edu/business/travel/Transportation/costcomparisonrequirements.html
Purdue employees are required, by the ‘Fly America Act’, to use US flag carrier if the trip is funded by federal funds.
Taxi, Limousine, Bus and Train
Taxis, limousines, and other local conveyances are reimbursed without receipts unless cost is $75 or greater. Such transportation must be limited to travel between official stations and transportation terminal, and/or places of lodging and places of University business. Tips for taxi or shuttle are reimbursable. The to/from destination(s) must be listed for each trip via taxi, shuttle/limousine, or other local conveyances. Bus and train travel are reimbursable with receipt for $75 or greater.

Lodging
Reimbursable lodging costs will be limited to a single room rate (for individual travelers) plus tax. Extra charges such as meals, tips, television, movies/games, personal phone calls, appliances in room, laundry service, or miscellaneous charges will not be paid as lodging. An original, itemized receipt is required. Late checkout fees are not reimbursable. Faculty/staff members may be reimbursed when paying for expenses on behalf of other employees, if:
- Both employees are conducting official business for the University, and
- The employee bearing the ORIGINAL receipt claims reimbursement.

Subsistence (Per Diem or M & IE)

Overnight Travel - The University provides subsistence to staff while traveling on official business for the University per federal CONUS and OCONUS rates based on location of business. Subsistence is a fixed amount of daily reimbursement provided for meals, tips to waiters/waitresses, porters, bellhops, stewards, etc., and is paid to the traveler the day before business begins or return ends. Subsistence begins the day the traveler departs for the business through the day of return as long as all days in between are business related. On the day travel ends, (traveler returns to official station) the rate will be the same as the preceding calendar day or last place of business.

Generally travel begins the day prior to business and ends the day after end of business. On the first and last day of travel, travelers will be eligible for 75% of the total subsistence rate.

Subsistence is intended to pay for charges such as:
- Meals, Tips (restaurants or room service), personal telephone calls, additional beds for non-employees, laundry/dry cleaning (if stay is less than 4 days), TV/Entertainment equipment, Movies & Games, Locksmith Fees, Late Check-Out Fees, Travel Ins., etc.

When meals are provided, the M & IE allowance must be adjusted by deducting the appropriate amount. These deductions must be accounted for on the Concur Expense Report.

Same Day Travel - To qualify for subsistence for same day travel, employees must be in travel status (not combined work and travel) away from their official station twelve hours or more without purchasing lodging.
- Employees in travel status 12 hours or more are entitled to 75% of the CONUS rate, based on the business destination. When meals are provided, the M & IE allowance must be adjusted by deducting the appropriate amount. These deductions must be accounted for on the Concur Expense Report.

Registration Fees
Registration fees are reimbursable when receipts are furnished. When meals are provided, the M & IE allowance must be adjusted by deducting the appropriate amount. These deductions must be accounted for on the Concur Expense Report. Meals included in a registration fee must also be deducted. If subsistence is not being paid, no deduction will be made for meals furnished (re: one day trip) unless meals are listed separately (optional) from the actual registration fee. (Also see Advances on Travel)

Receipts
Original or E-receipts are required for all expenses $75 or greater.

NOTE: Lodging receipts are always required regardless of amount. Paper receipts or E-receipts provided by the hotel meet the receipt requirement.

Incidental expenses may be totaled in reasonable categories without receipts as long as the aggregated total is ‘under’ $75.

Miscellaneous
Expenses are reimbursable, as long as they are University Business related:
- Baggage fees
- Parking and Tolls
- Taxis, shuttles, and other local conveyance
- Services of guides, interpreters, typists, data processors, etc.
- Telephone, email, and fax charges
- Laundry, cleaning and pressing (in travel status >4 nights)
- Emergency purchases of materials or services required while in travel status are allowable if justification is provided on the Expense Report.
- Charges for meeting rooms and related expenses if justification is provided on the Expense Report.

A Form 12, Request for Use of University Property Off-Campus, must be completed when taking Purdue property on business trips.

Original receipts are required if expense $75 or greater.
