Eric Weddle, Journal and Courier
Katie Wilkinson, Student Wellness Office
Trevor Winston, Brothers Bar and Grill

Meeting Notes

Jason Dombkowski, West Lafayette Police:

There will be barricades up in the Village area from Thursday through Saturday night. Purdue police will join West Lafayette police for foot and motor patrols. They will be enforcing DUI/OWI with more officers on the street during April, and will conduct a sobriety checkpoint near campus the week of Grand Prix.

Boiler Market:

Transition to new ownership will begin at the end of April, when it will close for remodeling until August. They believe the new owners intend to extend the sale of alcohol to midnight.

Tim Heath, West Lafayette Fire Chief:

He will be working on safety issues throughout the city. Their main concern is the safety of students throughout the year. He can be reached at: theath@westlafayette.in.gov. (765) 775-5179.

Breakfast Clubs, Grand Prix morning:

• The Neon Cactus will open at 7:00 a.m.; will offer free breakfast and bus transportation up the hill.
• Harry’s will open earlier than usual (at 9 or 10:00) with a full-service menu.
• Where Else, Brothers, and Jake’s will also be open at 7:00. Jake’s will offer free donuts and hot dogs.

**Indiana State Excise Police, Sanford Swanson and John Copeland:**

- They recommend bars participate in specific fake ID training. They also want to remind others about monitoring fenced-in yards and open windows to prevent alcohol moving outside and underage access to alcohol.
- They encourage management to check on employee permits and remind staff that if the doors are open and they are serving alcohol, they must be serving hot food even if it meets the minimum food requirements. Food service cannot be cut off a few hours before the bar closes.

**Midnight Bar District Assessment, Bev Shaw:**

- A team looked at safety issues in the bar district, beginning at 11:00 p.m. and ending at 2:00 a.m. They were impressed by food service in locations and police attention to student safety. The evening seemed more tame than expected. Some safety issues that may need addressing include: lighting issues, taxi/towing, wider sidewalks and a pedestrian friendly environment, crosswalks, fire code violations. The team will return during Grand Prix Breakfast Club for a morning assessment.

**John Cox, Purdue Police:**

- There are over 400 functions between now and the end of the semester, including 40,000 during Spring Fest. The Mobile Command will be set up near Memorial Mall Spring Fest weekend in anticipation of the large crowds.

**Carol Ben-Davies, Student Activities and Organizations:**

- There will be several events occurring during Grand Prix/Grand Alternative week. Some of the events include: Purdue Police and beer goggles, root beer keg with alcohol awareness information, midnight pancake breakfast with a mechanical bull, midnight movies, and a carnival night. There is a Grand Alternative Facebook page. If you would like a poster, e-mail Carol at cbd@purdue.edu.

**Other topics:**

- Road crew will be out for trash pick-up on Sunday morning, April 22nd.
- There was a suggestion to work more with the legislators to increase the penalty for using a fake ID.
