

The 2010 Community of Service Learning Faculty Fellows Presents:

Case Studies in Service-Learning: Transforming Challenges into Triumphs

Led by the 2010 Community of Service-Learning Faculty Fellows, this interactive workshop will provide participants with real case scenarios in service-learning. Participants will discuss problem-solving strategies, and determine how to deal with challenges that arise when using service-learning as a teaching and learning pedagogy. Finally, participants will receive feedback from experienced service-learning faculty on how those challenges can result in successful experiences for the students and the community partner. Both those new to service-learning and veterans are invited.
