

JIANYU ZHU Ph.D

University of Tennessee Knoxville & Oak Ridge National Laboratory
Hazen Lab, Civil and Environmental Engineering, 509A SERF, Knoxville, TN, 37996, U.S.A
Central South University & Key Lab of Biohydrometallurgy of Ministry of Education
Sch Minerals Proc & Bioengn,209 Biobuilding, Changsha, 410083, P.R China
Phone:1-865-974-7661 (utk office), 86-731-88836944(csu office)
Email: jzhu17@utk.edu or zhuji@csu.edu.cn

Education

- Postdoctor, Hydrometallurgy, Central South University, Changsha, P.R.China, 2011
- Ph.D. Microbiology, Central South University, Changsha, P.R.China (Joint training in Wuhan University, Wuhan, P.R. China), 2005
- Master of Phytopathology, Hunan Agricultural University, Changsha, P.R. China (Joint training in Institute of Animal and Plant Quarantine, Beijing, P.R.China), 2002
- Bachelor of Plant Protection, Hunan Agricultural University, Changsha, P.R. China, 1999.

Academic Appointments

- Research Associate 1, Hazen Lab, Civil & Environmental Engineering, University of Tennessee Knoxville & Oak Ridge National Laboratory. Nov.2011 – present
- Associate Professor, School of Minerals Processing and Bioengineering, Central South University& Key Lab of Biohydrometallurgy of Ministry of Education. Oct. 2008 – present
- Lecturer, School of Minerals Processing and Bioengineering, Central South University & Key Lab of Biohydrometallurgy of Ministry of Education. Dec. 2005 – Sept. 2008

Honors and Awards

- The key college young teacher culturist, Hunan Provincial Government, 2011
The Outstanding Postdoctor, Central South University,2011
The Outstanding Tutor of undergraduate, Central South University,2009
The Outstanding Instructor of undergraduate Thesis, Central South University,2009
The Excellent Faculty, Central South University,2007
Science and Technology Progress Award,Third prize, Hunan Provincial Government, 2002

Research Projects

Research direction 3, development plan, Metal analysis deep basin water and sediments

Research direction 2, Bioremediation of soils and sediments polluted with heavy metals

Principal Investigator. 2012-2015, General Program,The National Natural Science Foundation of China (No.51174239).

Principal Investigator. 2010-2011, Second-funded Program,The National Science Foundation for Post-doctoral Scientists of China. (No.201003526).

Principal Investigator. 2009-2011. General Program, Hunan Provincial Natural Science Foundation of China (No.10JJ3001).

Research direction 1, Basic research of microbial metallurgy

Participant. 2010-2014..A Class Program, The National Basic Research Program of China (No.2010CB630905).

Principal Investigator. 2008-2010. Youth Fund Program, The National Natural Science Foundation of China (No.30700008).
