

2006 Bioenergy Symposium February 23, 2006

Dick and Sandy Dauch Alumni Center
Phone: (765) 494.6814
403 W. Wood St.
West Lafayette, IN 47907-2022

8:00 AM Registration & Continental Breakfast

Atrium of Dauch Alumni Center

8:30 AM Welcome

Al H. Rebar, Executive Director of Discovery Park, Jay P. Gore, Director of the Energy Center

9:00 AM "Biofuels Research at Purdue"

Michael R. Ladisch, Distinguished Prof. in Ag & Biological Engineering, Purdue University

1:00 PM Ryan West, Director Legislative Affairs

Perspective Indiana State Government Representative

9:30 AM Linda Lee, Professor of Agronomy & Interim Associate Director, Discovery Park Center for the Environment

1:30 PM "Biofuels: Opportunities & Challenges"

Charles E. Smith, President & CEO Countrymark Cooperative LLP

10:00 AM Break & Networking Session

2:00 PM "Ethanol meets DPGS: Economic Impacts on Indiana Agriculture"

Christopher Hurt, Professor of Agricultural Economics Purdue University

10:15 AM "Engineering Plants to Support a Bio-ethanol-based Economy"

Clint Chapple, Professor of Biochemistry Purdue University

2:30 PM "Biomass Gasification Combined with a Dry Grind Ethanol Facility: Benefits and Challenges"

Don Takehara, Director for Research & Innovation Associate Professor for Research, Taylor University
Mitch Miller, General Manager, Central Indiana Ethanol

10:45 AM "Past, Present and Future of Dry Grind Corn Process"

Vijay Singh, Asst. Prof. of Agricultural & Biological Engineering, University of Illinois at Urbana-Champaign

11:15 AM "Dry Grind Process for Ethanol Production from Corn"

Nate Mosier, Assistant Professor, ABE and LORRE, Purdue University

3:00 PM BREAK & NETWORKING SESSION

3:15 PM "Energy & Greenhouse Gas Emissions Results of Fuel Ethanol"

Dr. May Meiliang Wu, Environmental Scientist, Argonne National Laboratory

11:45 AM BREAK

(Computers & Phones for your office correspondence will be available)

4:29 PM Adjourn

NOON Luncheon

Dauch Alumni Center

Panel:

Don Takehara, Taylor University
Klein Ileleji, Assistant Professor in Agricultural and Biological Engineering, Purdue University
Wallace Tyner, Professor of Agricultural Economics Purdue University
Rebecca Davis, Graduate Student at Purdue University

Moderator:

Michael R. Ladisch, Purdue University
