An exciting undergraduate research opportunity eagerly awaits you! If you would like to be involved in energy research, there are wonderful paid openings and grade-based research credits available through Purdue NEPTUNE Center for Power and Energy.

### Projects
1. Advanced Battery Technology
2. Heat Transfer
3. Hydrogen Generation
4. Aviation Fuels
5. Cyber Security
6. Power Electronics
7. Flexible Electronics Devices

### Benefits
1. Gain valuable research experience
2. Career preparation
3. Great mentors
4. Interdisciplinary and team collaboration
5. Flexibility
6. Earn $10 per hour up to 10 hours per week
7. Earn academic/research credit (to be negotiated)
