Center for Research in Engineering
Sciences and Technology (CREST)

India has the second largest number of Scientists and Engineers in the world

Other than the US and Japan, India is the only country to have built a super computer indigenously

Of the Fortune 500 companies, 220 outsource their SW-related work to India.

India is ranked sixth country in the world in terms of satellite launches

Indian city of Benares, is the oldest continuously inhabited city in the world today.

India is the home to the largest number of pharmaceutical plants approved by the UFDA outside the US

India has the third largest investor base in the world

There are over 70,000 bank branches in India – among the highest in the world

One of only six nations in the world to have a satellite orbiting the moon

A photograph taken from the Sinhagad Darwaza, a stone archway. The arch is dark and frames a panoramic view of a vast, hilly landscape. The terrain is covered in dense green and brown vegetation, with rolling hills and valleys stretching into the distance. The sky is a clear, bright blue with a few wispy white clouds. The overall scene is bright and scenic.

View from Sinhagad Darwaza

University of Pune

Over 350 year Old Temple

Shopping Malls
