

A two day
Joint Symposium
by
Centre for Cellular and Molecular Biology
Hyderabad, India
&
Discovery Park, Purdue University
on

BioNano Technology & Pharmaceuticals

- A glimpse into the Future

13th -14th March 2008
Centre for Cellular and Molecular Biology
Hyderabad

Dates of Note
Last day to receive the Abstracts/Posters
January 30th 2008

Registration (before 30th January)

Student	Rs. 1500
Corporate delegate	Rs. 5000

Speaker' List (Tentative)

Jim Leary	BD Malhotra, NPL
Don Bergstrom	Yagna Raman, CECRI
Joseph Irudayaraj	George Thomas, IIIST
Kinam Park	Murali Sastry, Tata Chemicals
Alex Wei	Shashi Nair
Thomas Talavadge	NM Rao
Ayssa Panitch	Ch Mohan Rao
Steve Byrn	Gopal Pandey
Craig Svenson	R.Nagaraj

Pharmaceuticals are the major beneficiary of the Nanotechnology. Formulations, tissue engineering and tools of nanosciences are set to change the way we handle health. The symposium hopes to foster new links and new possibilities.

A half a day discussion on "Transforming Pharmaceutical Manufacturing in the 21st Century"

Participants Dr.Reddy', Wockhardt, Satyam, Biocon etc.

A poster session for students is planned

Chairman
Dr.Lalji Singh
Director, CCMB

Conveners
N.Madhusudhana Rao, CCMB
