Tenure-Track Assistant/Associate Professor
School of Health Sciences
Purdue University

The School of Health Sciences invites applications from candidates conducting research in the area of \textit{Environmental Epidemiology} as part of a University wide cluster hire in chronic disease/public health. The cluster hire includes eight tenure track Assistant/Associate faculty positions, see below for more information. The candidate is expected to participate in ongoing and future initiatives in public health on campus (http://www.purdue.edu/discoverypark/ClusterHireinPublicHealth). The School’s signature areas are neurodegenerative disorders, carcinogenesis, chronic diseases, resulting from environmental and occupational exposure to metals, particulates, pesticides, and physical agents, and the use of medical imaging to study the health effects of environmental agents. The candidate is expected to develop a collaborative internationally recognized research program to explore the associations between chemical/physical exposure and neurological, cardiovascular, immunological disorders and/or carcinogenesis. There is an ample opportunity to work with well-established research groups with long standing interest in the human health effects of exposure to metals, pesticides and air pollutants. The candidate is expected to train graduate students, demonstrate excellence in teaching, and contribute to the School’s mission. Applicants should have a Ph.D. degree in environmental epidemiology or related field of interest, at least two years of post-doctoral experience and a strong publication record. Demonstration of grantsmanship and teaching experience is preferred, but not required. Submit applications as a single PDF document containing a cover letter, curriculum vitae, two-page summary of research interests, and a one-page teaching statement to Dr. Frank Rosenthal, Chair of the Search Committee of School of Health Sciences at haan@purdue.edu. Three letters of recommendation must be submitted electronically to haan@purdue.edu. Screening of applications will begin on August 1, 2012 and continue until the position is filled. A background check is required for employment in this position.

\textit{Purdue University is an Equal Opportunity/Equal Access/Affirmative Action Employer fully committed to achieving a diverse workforce.}
