VACCINE – MSI Faculty Training Workshop
Bethune-Cookman University
640 Dr. Mary McLeod Bethune Blvd - Daytona Beach Florida
June 18 & 19, 2015

The VACCINE Center, a U.S. Department of Homeland Security Science and Technology Center of Excellence, is pleased to announce the 2015 MSI Faculty Training Workshop, hosted at Bethune-Cookman University in Daytona Beach Florida on June 18th and 19th.

VACCINE will foster an education program to expand the teaching of visual analytics at Minority Serving Institutions (MSI). The program will focus on preparing MSI faculty to incorporate visual analytics courses into their programs. Learning topics and activities in this two day workshop will focus on: understanding the theory and foundation of visual analytics, integrating visual analytics into course curriculum, developing learning communities for interdisciplinary courses, hands-on instructor-supported tutorials on extracting various forms of big data and a unique group designed application learning assignment.

Workshop participants should be faculty members at a Minority Serving Institution with some experience or interest in Visual Analytics.

Application and Accommodations:

To apply for the workshop, faculty should email the VACCINE Center at vaccine@purdue.edu by April 15th 2015, expressing their interest. Participant criteria as follows:

Please provide a short paragraph stating why you are interesting in attending the workshop, what classes you are currently teaching, and how you’d like to apply visual analytics to your program. Please include your CV as well.

Upon acceptance to the program, lodging accommodations and travel costs up to $500.00 will be secured and provided by the VACCINE Center.

Provided Meals, Food Allergies, and Dietary Restrictions:

Breakfast and Lunch will be provided at the workshop. Please submit any special needs to vaccine@purdue.edu.
