

**INTERNATIONAL
EXPANDING GLOBAL NETWORKING: DISCOVERY WITH DELIVERY**

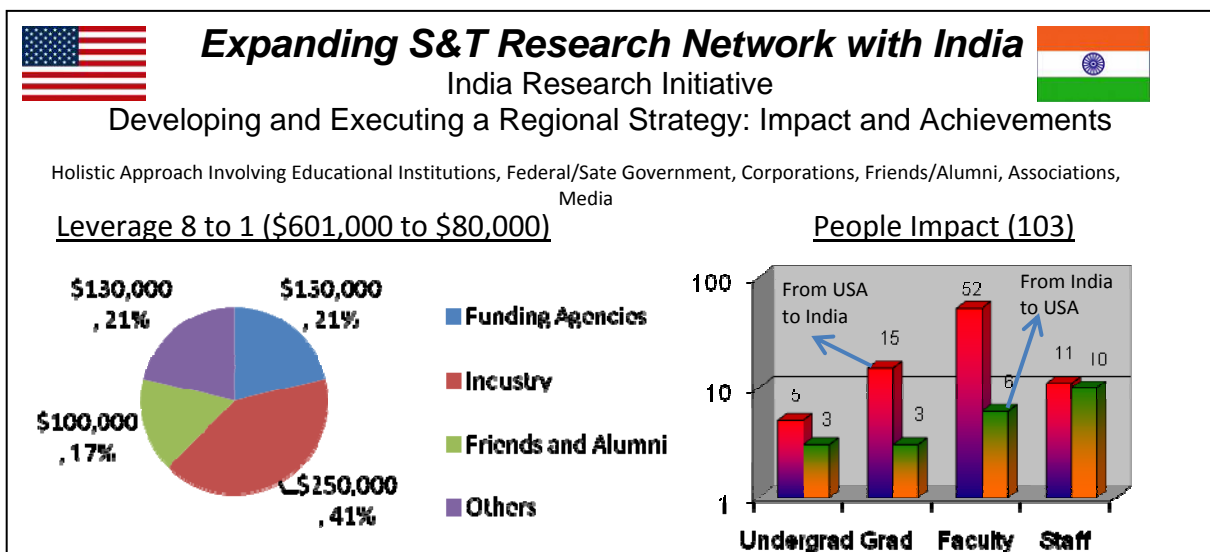

- Goals:
- (1) Make Purdue one of the preferred US institutions for research collaborations globally
 - (2) Enhance and maintain the excellent research reputation and visibility that Purdue enjoys at all levels globally
 - (3) Provide global experience for Purdue faculty, students and staff
 - (4) Contribute to the economic development of Indiana, nation and beyond
 - (5) Define the 21st Century Land Grant University

Major Accomplishments

- Partnership with Korean Institute of Science and Technology has led to a \$4.5 million funding in a nine year relationship
- Conducted and proposed seven successful international research symposiums with China, South Korea and India
- Conducted two successful entrepreneurship study abroad programs in China and South Korea
- A researcher and a graduate student from Birck Nanotechnology Center spent five months in Bangalore, India
- Formed and/or developing eleven educational and research partnerships globally
- Formed and/or developing ten corporate partnerships globally
- Launched an environmental assessment project in Azerbaijan
- Developed low cost CD4 technology for HIV/AIDS Detection
- Launched global nanoHub

Examples of Global Activities

- Facilitate student recruitment (internship/employment) by global corporations
- Provide global experience to students (study abroad, advanced research, conferences/symposiums)
- Provide global experience to faculty (e.g. sabbaticals)
- Conduct joint research symposiums
- Conduct joint research projects
- Form global alliances (joint institutes and centers)
- Form research and educational partnerships
- Participate in international trade shows
- Conduct professional training programs
- Contribute to economic development by attracting and connecting businesses to Indiana
- Cultivate alumni relations overseas
- Work with funding agencies to support international activities

Future Plans

- Integrate with Purdue strategic plan – New Synergies
- Solidify current relationships to derive tangible outcomes
 - Apply experiences from India Initiative to other regions
- Seek external funding to support future international activities
