

## PURDUE'S INITIAL EMERGENCY WARNING NOTIFICATION ALARMS

### **FIRE ALARMS:**

- Immediately *evacuate* the building using the nearest exit
- Do not use the elevator!
- Take personal belongings (keys, purses, wallets, etc) if it does not jeopardize your safety
- Assist those who need help, if possible
- Proceed to the Emergency Assembly Area
- Remain in EAA until attendance is taken
- Comply with Fire/Police members instructions
- Seek additional clarifying information by all means possible (e.g. Purdue Homepage, TV, radio, email, etc.)

### **ALL HAZARDS OUTDOOR EMERGENCY WARNING SIRENS:**

- Immediately seek shelter (*shelter in place*) in the nearest facility or building
- Find a safe location (normally the lowest building level and preferably in a room with no windows)
- Seek additional clarifying information by all means possible (e.g. Purdue Homepage, TV, radio, email, etc.)
- Possible shelter in place events:
  - Tornado/other severe weather
  - Hazardous materials release
  - Building intruder/civil unrest
  - As directed by Police personnel
