

Emergency Preparedness Classroom Information

EMERGENCY NOTIFICATION PROCEDURES:

- Dial 911 from any public or campus telephone.
- Over 200 Emergency Telephone System (ETS)
 - For assistance push the ETS button which will connect you to the Purdue Police Department
- Immediate warning notifications focuses on two basic concepts:
 - **Fire Alarms** mean to immediately **evacuate** the building and proceed to your Emergency Assembly Area (should be specified in the Building Emergency Plan).
 - **All Hazards Outdoors Emergency Warning Sirens** means to immediately seek shelter (**Shelter In Place**) in a safe location within closest facility/building.
 - "Shelter in place" means seeking immediate shelter inside a building or University residence. This course of action may need to be taken during a tornado, earthquake, release of hazardous materials in the outside air, or a civil disturbance. When you hear the sirens immediately go inside a building to a safe location and use all communication means available to find out more details about the emergency. Remain in place until police, fire, or other emergency response personnel provide additional guidance or tell you it is safe to leave.

In both cases, you should seek additional clarifying information by all means possible (Purdue Home page, email alert, TV, radio, etc.) Review the [Purdue Emergency Warning Notification System](http://www.purdue.edu/emergency_preparedness/warning_system.htm) multi-communication layers. (http://www.purdue.edu/emergency_preparedness/warning_system.htm)

EMERGENCY RESPONSE PROCEDURES:

- Purdue's *Emergency Procedures Guide* should be periodically reviewed and referenced for all emergencies. Located at:
- Be familiar with the *Building Emergency Plan* (each building is required to have a BEP) for:
- Evacuation routes, exit points, and location to report for roll call after evacuating the building.
 - When and how to evacuate the building.
 - Shelter in place procedures and locations
 - Additional building specific procedures and requirements.
- Understand the University's [Emergency Warning Notification System: Purdue ALERT](http://www.purdue.edu/emergency_preparedness/warning_system.htm) (http://www.purdue.edu/emergency_preparedness/warning_system.htm)

EMERGENCY PREPAREDNESS AWARENESS VIDEOS

- "[Shots Fired on Campus: When Lightning Strikes](http://www.purdue.edu/securePurdue/news/2010/emergency-preparedness-shots-fired-on-campus-video.cfm)," is a 20-minute active shooter awareness video that illustrates what to look for and how to prepare and react to this type of incident. (<http://www.purdue.edu/securePurdue/news/2010/emergency-preparedness-shots-fired-on-campus-video.cfm>)
- "[To Hell and Back, College Fire Survival](http://www.igot2kno.org/login.aspx?ReturnUrl=%2fcollege_fire_survival.aspx)" is a 20-minute fire safety video. You must register to view the video. However, the People's Burn Foundation will not send you e-mail or spam, and your information will not be shared with third parties. The People's Burn Foundation collects demographic information to study cultural, age and gender awareness pertaining to fire and burn prevention. (http://www.igot2kno.org/login.aspx?ReturnUrl=%2fcollege_fire_survival.aspx)
