# THE COMPASS
Exploratory Studies Newsletter

Registration Deadline

CRFs must be submitted by Nov. 16th at 5:00pm. You submit the CRF by following the steps below:

1. Logging into myPurdue
2. Click on your **Registration Tab**
3. Click on **"Use Course Request Form (CRF)"** Link
4. Click **"Submit"** once you have reviewed the list of courses

CODO Reminder

If you are interested in a space-restricted major, including some of the departments below, make sure you review the CODO requirements closely to not miss CODO requirements and submission deadlines (usually before 5:00pm on Thursday of finals week).

- Aviation majors
- Biology majors
- Computer Information Technology majors
- First Year Engineering and College of Engineering majors
- Computer Science and Data Science majors

It is always a great idea to review the CODO requirements for your catalog year no matter the major. Email your advisor if you have any CODO questions.

Campus Safety Tips

The Safe Walk Program provides an escort to and from academic buildings and other campus locations from either trained members of the Purdue Student Security Patrol (PSSP) or a Purdue University Officer. These escorts are available 24/7 for students, faculty, and staff. To reach the Safe Walk Program, call (765) 494-SAFE (7233).

If you look in any direction walking around campus, you're bound to see boxes with a bright blue light on the top. These are a part of **Purdue's Emergency Telephone System**. These boxes are located at nearly every intersection, as well as other strategic locations on campus. They are easily identifiable by their bright blue lights on top; some of the boxes are painted yellow and marked "Emergency" while some are black with a light at the front.

To activate an emergency box, simply press the button. The blue light will begin to flash, and you will be connected to a Purdue Police Officer within seconds.

Tip: Many people don't know the emergency boxes can also be utilized by pressing the button of each box you walk past if you are needing emergency assistance but need to keep moving. Pressing these buttons will alert the Purdue Police of your ongoing location, while flashing the blue lights on top of the boxes.

Fun Electives

Looking for interesting material? Excellent professors? Stuff you've probably never studied? Check out the list below for some courses we bet you never knew Purdue offered!

AAS 271- Intro to African American Studies
AD 117- Black and White Photography
