PSYCHOLOGY EXPERIMENT

• We are looking for volunteers for a study on attention and memory

• If you are between the ages of 18 to 30 years old, have normal or corrected-to-normal vision (contacts only, no glasses), and are a native-English speaker, you may be eligible to participate

• This study involves exactly 1 visit to the lab lasting 90 minutes

• You will be asked to complete various computerized or paper and pencil memory and attention tasks, responding to information presented visually onscreen and using the eye tracker, the computer keyboard, or the mouse to make responses

• All participants that complete the study will be compensated with $15

• If interested, please email the laboratory at redicklab@gmail.com or call 765-494-5132
