• Summer 2012 – The revised draft is given to the dean for review and further revision. Then the draft is reviewed by the HHS associate deans, unit heads, and directors, and further revised.
• Fall 2012 – The revised draft is distributed to faculty, staff, undergraduate and graduate students, and representatives of the alumni and friends of the college. Many opportunities for input and feedback are offered. Then the final version is prepared by the steering committee and the dean.
