Clinical Assistant Professor Position (Non-Tenure Track)  
Clinical Psychology Program  
Department of Psychological Sciences  
Purdue University

The Clinical Psychology Program in the Department of Psychological Sciences at Purdue University in West Lafayette invites applications for a full-time, academic year (9-month) Clinical Faculty position with anticipated start date of August 2018. This position offers a unique opportunity to contribute to training in a research-focused, clinical science doctoral program.

Primary responsibilities of the position include ongoing direct clinical supervision of adult outpatient psychotherapy, related didactic instruction, oversight and review of external practicum placements, and formal evaluation of students’ developing clinical competencies. Area of specialization in clinical service delivery is open, although demonstrated competence in evidence-based practice of psychology with adults, and related supervision capacities, is strongly preferred, consistent with the orientation of the program. The successful candidate must have a doctorate (or A.B.D.) and appropriate training in clinical psychology or an affiliated field (e.g., counseling psychology). The successful candidate either must be licensed by the State of Indiana and credentialed as a Health Service Provider in Psychology (HSPP), or prepared to acquire these credentials as a condition of ongoing employment and promotion in the clinical ranks. Prior experience providing formal supervision is highly desirable but not required. Clinical faculty are full members of the faculty, and are expected to demonstrate excellence in the areas of clinical practice/application, service/engagement, and clinical/classroom education. Opportunities for collaboration with research faculty on a variety of ongoing projects, as well as for additional didactic course teaching, are available.

The Clinical Psychology Program has been fully accredited by the American Psychological Association since 1948, and is in the accreditation application process for Psychological Clinical Science Accreditation System (PCSAS). To learn more about the Clinical Psychology program, and the Department of Psychological Sciences, please visit https://www.purdue.edu/hhs/psy/graduate/graduate_training_areas/clinical_psychology/index.html. Review of applications will begin October 31 and will continue until the position is filled. Please send (in PDF format) a cover letter specifying relevant expertise, a curriculum vita, and statements of clinical and supervision orientations via email to clinical-psych-search@purdue.edu. In addition, please arrange to have three letters of reference forwarded to the same email address. Purdue’s Department of Psychological Sciences is committed to advancing diversity in all areas of faculty effort, including scholarship, instruction, and engagement. Please address at least one of these areas in your cover letter, indicating your past experiences, current interests or activities, and/or future goals to promote a climate that values diversity and inclusion. A background check will be required for employment in this position. Questions regarding the position may be sent to Dr. Donald Lynam, Chair of the Search Committee (dlynam@purdue.edu).

Purdue University is an EOE/AA employer. All individuals, including minorities, women, individuals with disabilities, and veterans are encouraged to apply.
