Purdue Undergraduates in Psychological Research (PUPR) and the Purdue Psychology Department are hosting a RFHP call-out. At this information session, students will learn more about the program, application process, and will meet the program’s advisor for incoming RFHP students. Students will also have the opportunity to hear from students who are currently involved in the program.

The Research-Focused Honors Program (RFHP) is a wonderful opportunity for psychology undergraduates to develop their research interests! Students develop and complete an independent research project, spanning three semesters, with a faculty advisor in the psychology department.

You do not have to be a member of PUPR to attend this session. If you have any questions, please direct them to Madison Fansher (mfansher@purdue.edu) or Dr. Redick (tredick@purdue.edu).
