Ralph W. and Grace M. Showalter Trust

Instructions for the proposal can be found at http://www.purdue.edu/research/funding-and-grant-writing/funding/showalter.php.

The Showalter Trust was established to support research in the areas of:

- Environmental research including air and water quality
- Research in the field of biochemistry and molecular biology
- Research in the areas of disease prevention, diagnosis, progression, treatment and control
- Research in the area of new technologies for food production, preservation, distribution and safety
- Research the area of medical and biophysical instrumentation, including the analysis of large data sets

Also specified by the Showalter Trust is a directive that no funds may be used to finance research in psychiatry, sociology or social studies.

Schedule

- Pre-proposals are due electronically by October 15. Send to HHS Associate Dean for Research (teegarden@purdue.edu); copy Kim Sagendorf (ksagendorf@purdue.edu).
- Pre-proposal will be reviewed and ranked by the Health and Human Sciences Research Advisory Council, and the pre-proposals submitted by Dorothy Teegarden to the EVPRP.
- Ranked pre-proposals are due from Dr. Teegarden in the Office of the Executive Vice President for Research and Partnerships (EVPRP), from academic colleges/schools or centers, by late October.
- An Internal Selection Committee will meet and screen all pre-proposals.
- Full proposal requests will be sent to selected faculty by January.
- Full proposal submissions are due to the EVPRP by mid-February.
- Full proposals will be sent to Showalter Trustees for final selection in April.
- Final award decisions are expected to be announced in June.
