Getting regular checkups and exams can help you stay well and catch problems early. It may even save your life.

Our health plans offer the services listed in this preventive care flyer at no cost to you. When you get these services from doctors in your plan’s network, you don’t have to pay anything out of your own pocket. You may have to pay part of the costs if you use a doctor outside the network.

### Preventive versus diagnostic care

What’s the difference? Preventive care helps protect you from getting sick. Diagnostic care is used to find the cause of existing illnesses. For example, say your doctor suggests you have a colonoscopy because of your age when you have no symptoms. That’s preventive care. On the other hand, say you have symptoms and your doctor suggests a colonoscopy to see what’s causing them. That’s diagnostic care.

### Child preventive care

#### Preventive physical exams

**Screening tests:**
- Behavioral counseling to promote a healthy diet
- Blood pressure
- Cervical dysplasia screening
- Cholesterol and lipid level
- Depression screening
- Development and behavior screening
- Type 2 diabetes screening
- Hearing screening
- Height, weight and body mass index (BMI)

**Immunizations:**
- Diphtheria, tetanus and pertussis (whooping cough)
- Haemophilus influenza type b (Hib)
- Hepatitis A and Hepatitis B
- Human papillomavirus (HPV)
- Influenza (flu)
- Measles, mumps and rubella (MMR)
- Meningococcal (meningitis)
- Pneumococcal (pneumonia)
- Polio
- Rotavirus
- Varicella (chickenpox)

#### Women’s preventive care

- Well-woman visits
- Breast cancer, including exam, mammogram, and, including genetic testing for BRCA 1 and BRCA 2 when certain criteria are met
- Breastfeeding: primary care intervention to promote breastfeeding support, supplies and counseling (female)
- Contraceptive (birth control) counseling
- FDA-approved contraceptive medical services provided by a doctor, including sterilization
- Counseling related to chemoprevention for women with a high risk of breast cancer
- Counseling related to genetic testing for women with a family history of ovarian or breast cancer
- HPV screening
- Screening and counseling for interpersonal and domestic violence
- Pregnancy screenings: includes, but is not limited to, gestational diabetes, hepatitis, asymptomatic bacteriuria, Rh incompatibility, syphilis, iron deficiency anemia, gonorrhea, chlamydia and HIV
- Pelvic exam and Pap test, including screening for cervical cancer

The preventive care services listed are recommendations as a result of the Affordable Care Act (ACA, or health care reform law). The services listed may not be right for every person. Ask your doctor what’s right for you, based on your age and health condition(s).

This sheet is not a contract or policy with Anthem Blue Cross and Blue Shield. If there is any difference between this sheet and the group policy, the provisions of the group policy will govern. Please see your combined Evidence of Coverage and Disclosure Form or Certificate for Exclusions and Limitations.
Adult preventive care

- Pneumococcal (pneumonia)
- Varicella (chickenpox)
- Zoster (shingles)

---

1. The range of preventive care services covered at no cost share when provided in-network are designed to meet the requirements of federal and state law. The Department of Health and Human Services has defined the preventive services to be covered under federal law with no cost share as those services described in the U.S. Preventive Services Task Force A and B recommendations, the Advisory Committee on Immunization Practices (ACIP) of the Centers for Disease Control and Prevention (CDC), and certain guidelines for infants, children, adolescents and women supported by the Health Resources and Services Administration (HRSA) Guidelines. You may have additional coverage under your insurance policy. To learn more about what your plan covers, see your certificate of coverage or call the Customer Care number on your ID card.

2. Some plans cover additional vision services. Please see your contract or Certificate of Coverage for details.

3. Breast pumps and supplies must be purchased from an in-network provider for 100% coverage; we recommend using an in-network durable medical equipment (DME) supplier.

4. A cost share may apply for other prescription contraceptives, based on your drug benefits.

5. Check your medical policy for details.
