

FMLA Employee Checklist

The Family and Medical Leave Act (FMLA) is a federal regulation that grants Eligible Employees the right to take 12 workweeks of job-protected leave over a 12-month period for FMLA covered medical and family reasons. An employee is eligible for up to 26 workweeks of leave in a Single 12-Month Period to care for a Covered Servicemember, limited to a combined total of 26 workweeks for all types of FMLA leave. Please refer to the University's FMLA policy (IV.10.1) for details and definitions of capitalized terms.

This checklist is provided for the employee's convenience. All terms and conditions of FMLA leave will be governed by the FMLA Policy. For questions, contact the appropriate Human Resources department or business office.

Employed by Purdue University for at least 12 months, consecutively or non-consecutively, within the prior seven years) AND worked at least 1,250 hours during the 12 months prior to the beginning of leave. (This does not include paid time off, such as vacation or unpaid time.)
- 2. Determine whether the purpose for the leave qualifies under FMLA as one of the following:

 - b. Birth of your Son or Daughter;

 - a. Consult with your supervisor to determine how your leave can be scheduled to minimize disruption to your department; AND
 - b. If you are an exempt employee, work with your supervisor to jointly determine your workweek.
- 5. If the reason for your leave requires you to provide one of the certification forms listed in item 3 above (b, c, or d), it must be completed and returned to your campus Human Resources department within 15 calendar days of the University's request, unless it is not practicable to do so despite your diligent, good faith efforts. Keep in mind that the *FMLA Medical Certification Form* and the *FMLA Certification for Serious Injury or Illness of Covered Servicemember* require that all or part of the form be completed by a Health Care Provider.
- 6. Contact Staff Benefits at (765) 494-1686 to arrange to pay your share of medical insurance premiums if any of your leave will be without pay. (As long as you are in a pay status, your medical insurance premiums will be deducted from your paycheck as usual.)
- 7. Record your absences on your timecard, if you are a biweekly employee. Record your absences on HRS Form 33FMLA, *Record of FMLA Leave for Monthly-Paid Employees*, if you are a monthly-paid employee. The 33FMLA form must be completed and submitted to your business office no later than the 20th day of each month in which

FMLA absences occur in order for the absences to be entered. The Form 33FMLA is available from your business office, or on the Human Resources Web site at:
<http://www.purdue.edu/hr/Resources/ps-forms.html>

- 8. Submit a signed and dated return-to-work statement (completed by your Health Care Provider) to your supervisor upon your return to work if you are on leave due to your own Serious Health Condition. The statement must clearly state that you are able to work and specify any physical or other limitations on your ability to work and the duration of the limitations. A return-to-work statement is not required when returning from an FMLA Intermittent or Reduced Schedule Leave.
- 9. If it is necessary for you to take more FMLA leave than you originally anticipated, notify your supervisor within two business days (Monday through Friday) of learning of the need for additional leave. You will be asked to provide documentation to support the extension. If circumstances of your leave change and you are able to return to work prior to the expected date of return, notify your supervisor within two business days (Monday through Friday) of your intention to report to work.
- 10. If it is necessary for you to take additional leave beyond the amount of FMLA leave available to you, you will need to request additional leave by completing HRS Form 33ABSENCE, *Request for Absence from Campus*, and seek signature approval from your supervisor. Since you will have exhausted your FMLA leave entitlement, an *FMLA Medical Certification Form* will no longer be valid. Therefore, you must obtain a signed and dated medical statement from your Health Care Provider stating the need for additional leave.
