Technology Adoption & Transfer
Projects Underway, Completed, or Under Consideration

- **Digital Engineering (8)**
  - Finite element methods
  - Materials characterization
  - Computational fluid dynamics

- **Product Lifecycle Management (10)**
  - Supply chain integration
  - Inventory optimization
  - ERP/CAD data integration

- **Production Systems and Modeling (19)**
  - Manufacturing floor optimization and layouts
  - Production line simulations
  - Warehouse systems

**Notes:**
1. Activity Inception (Sept 2013) through March 2014
