"**Social Justice: When Diversity Isn't Enough**" with Jessica Pettitt  
*Two available dates:* Wednesday, Nov. 12th, 3pm-4pm or Thursday, Nov. 13th, 5pm-6pm  
What is the difference between Social Justice and Diversity? As a leader, change agent and person working and living with other people — this difference is imperative. Learn the difference, stretch from your comfort zone, sit in your privilege, power, and place of dominance within institutional and systematic forms of oppression in this highly interactive program. To register, [click here](mailto:lgbtq@purdue.edu)

"**Sticks and Stones: LGBT 101**" with Jessica Pettitt  
Wednesday, Nov. 12th, 4:15-5:15pm  
What better way to learn about sexual identities than to list out social norms, stereotypes, media images, rumors, jokes, and slang! This is a safe space for any and all kinds of interactive discussions regarding Lesbian, Gay, Bisexual, Transgender, and Heterosexual identities. By then comparing themes of these messages learned for these different groups, we can then have a much deeper conversation about class, race, educational access, citizenship, ability assumptions, etc. By understanding our language we can hold ourselves accountable to building an inclusive environment for all (regardless of sexual identity). "**The Day Everything Changed**" with Jessica Pettitt  
*Two available dates:* Wednesday, Nov. 12th, 5:30-6:30pm or Thursday, Nov. 13th 3:30-4:30pm  
It's every administrator's nightmare — your campus (primarily white, small/large, public/private) on the nightly news for a racist party, hazing report, or other shocking incident. Suddenly, you're in crisis mode,
searching for a sense of perspective. Whether you're in such a mode or trying to prevent an episode, there are things you can do to examine the gap between social responsibility and your campus code of conduct. By clearly identifying both the worst case scenarios with the many ideals it is easier to identify real obstacles. Once these obstacles can be clearly named, we will set realistic expectations, goals, policies, and bias response procedures to cultivate an inclusive campus culture steeped in community responsibility.
