Suited: Film Screening & Discussion  
Tuesday, September 27 | 6:30 - 8:30 pm | Krannert Auditorium

Suited tells the story of Bindle & Keep, a Brooklyn tailoring company that looks beyond the gender binary, creating custom-made suits for gender non-conforming and transgender clients. A modern, evolved look at gender through the conduit of clothing, this illuminating documentary elucidates the private and emotional experience that those who struggle with gender identity go through when it comes to fashion. With heart and optimism, Suited spotlights the intimate journey of coming into a new identity, accepting difference, and living bravely in one's own skin, underscoring the important message that one size truly doesn't fit all. Sponsored by the LGBTQ Center. Discussion will follow the screening. More information: http://www.hbo.com/documentaries/suited
