New Student Task List

Your application for admission to Purdue University has been accepted!

Use the links below to accept your offer of admission and prepare for your arrival at Purdue. Each of the action items below is described in the box to the right. Please read through this information before proceeding, as some actions may require additional action or payment to complete the task.

- Accept Your Offer of Admission**
- Select your STAR Date**
- Register for Boiler Gold Rush**
- Pay for Boiler Gold Rush**
- Apply for Housing**
- Apply for Specific Purdue Scholarships**
- Submit a Learning Community Application**

Indicates this has not yet been paid.

Additional Information

- **Accept Your Offer of Admission** - To accept your offer of admission you will need to pay a \$100 deposit or have received a waiver (in which case, simply click the button that reads "Accept My Offer of Admission"). Once this has been accomplished, you will have the ability to register for STAR and Boiler Gold Rush.
- **Select your STAR Date** - STAR is Purdue's Summer Transition, Advising and Registration program, and all new domestic students (beginner and transfer) are required to attend the program. International students may choose to attend STAR, but are not required to do so. International students who do not attend should visit [this website](#) for more information about the registration process for international students. Colleges, schools and programs offer various dates for students to attend between June 16 and July 10, 2009. More information on STAR can be found at www.purdue.edu/STAR.
- **Register for Boiler Gold Rush** - Boiler Gold Rush, or BGR, is Purdue's week-long orientation held the week before classes begin. There is a \$320 fee to attend BGR, which covers most meals and all programmatic costs during the week. More information on BGR can be found at www.purdue.edu/bgr.
- **Apply for Housing** - New students who want to live in University Residences will need to pay a \$100 nonrefundable housing application fee and sign a housing contract before May 1. For more information, please visit www.housing.purdue.edu.
- **Apply for Specific Purdue Scholarships** - The Purdue Scholarship Application will allow Purdue colleges and schools to identify students who are eligible for the specific scholarships they award. This application is for all 2009-2010 incoming freshmen and upperclass students from College of Agriculture, College of Education, College of Liberal Arts and Krannert School of Management. To complete this online application, click on the link to the left or visit www.purdue.edu/dfa/psa.
- **Submit a Learning Community Application** - Learning Communities (LCs) are available for beginner students at Purdue University (transfer students are not eligible to participate in an LC), and involve students taking two to three courses together, living on the same floor of a residence hall together, or taking part in both of these activities. The link on the left will take you to the Learning Communities homepage where you'll be able to explore LC options available to you and submit your online application.
