

Materials Management and Distribution Services UPDATE JANUARY 2008

Please check out our website at www.purdue.edu/materials or www.purdue.edu/universitystores or our surplus warehouse at www.purdue.edu/surplus for detailed information on what we can offer your department today!

Hot Topics:

Armstrong has a large quantity of brand new Uline moving boxes available from the move. Currently, we are storing them in the General Stores area in MMDC. If anyone on campus is interested in

purchasing these from the College of Engineering, please contact Jill Stacy, at jmstacy@purdue.edu. There are plenty in stock!

HAPPY NEW YEAR

Staff Additions/changes:

Welcome, **Bill Smothers**, our Building Receiving Utility. Bill started working for us Monday, June 25, 2007. You can usually find Bill filling in for, or training with, one of our MDS receiving clerks in, SCHL, STEW, HOVD, ELLT, LYNN, HANS, MATH, HEAV, GRIS, ENAD, MRGN, MANN, CIVL, YONG, ARMS, KRAN, KCTR, RAWL, BIND, BRNG, MJIS, LILY, PFEN, FORS, FPRD and WSLR. Bill enjoys golfing, playing cards, and spending time with his wife Andrea, and son, Cooper. He lives in Delphi and managed the Citgo station there before coming to Purdue.

Around Campus!

Did you know?

Printing Services

After Printing Services hosted an open house, a new piece of equipment arrived. Bowe Bell + Howell installed the **Phillipsburg Mark II VIP**.

Collating, folding, inserting and addressing are all combined into one unit – greatly improving efficiencies with this new piece of equipment. Prior to the November 2007 installation of the Mark II, all of these operations were done on separate machines. Now, video capture technology scans the custom

imprinted sheets as they pass by the camera lens, verifies the number of pages to be folded and inserted, compares the address to the database, then prints the address on the envelope as the materials are folded and inserted inside. Check it out for yourself today. If you would like more information, please don't hesitate to contact Printing Services at 494-2006 today!

Did you know at MMDC in
2006/07 we processed:

1,724,280 pieces of US mail
