All CoRec, Boilermaker Aquatic Center, and Recreational Pool policies apply when present for lessons.

- Group lesson participants must be of appropriate age to participate.
- All individuals must have a signed liability waiver on-file in order to participate in Learn-to-Swim programming.
- Proper swim wear is required. Only clean, appropriate attire designed for swimming is allowed. Street clothes, underwear, thongs, see-through swim wear and cotton clothing are prohibited.
- Participants 6 years of age and older may not use the opposite gender locker rooms. Participants under 6 years of age may accompany a parent/guardian into the opposite gender’s locker room. Parents with children under 6 years of age are encouraged to use the men’s and women’s locker rooms to allow families with older children needing assistance to use the gender-inclusive locker room spaces located on Level 1 by the main stairwell.
- Participants must take a cleansing shower before entering the water. Participants must be visibly wet. Showers are located just outside the entry to the Rec Pool adjacent to the Co-Ed sauna.
- Cameras and video equipment are not allowed in RecWell facilities without prior approval. Photography is not permitted in the pool area during lessons.
- In order to promote a healthy learning environment, parents are not allowed to sit or stand on the deck near the lessons. Parents are asked to escort their children to the pool deck to meet the instructors then move to a designated viewing area to observe lessons. Please do not leave the facility during lessons.
  - Parents are not allowed to sit or stand near the water’s edge.
  - One or both parents or guardians present for Parent & Child lessons may be in the water with the child. Parents/guardians choosing not to enter the water for lessons are not permitted by the water’s edge during lessons.
- To promote participant success, instructors may move participants to another level if they see fit. Transfers may occur if a participant’s skill level is far outside the level of skill required for the lesson. Level specification is required at the time of registration. For information on levels, please visit the Youth Level Information page.
- Children are not allowed to use the spa or otherwise participate in recreational use of the pool before or after scheduled lessons outside of family hours (before 3PM weekdays; starting 5PM Friday–business close on Sunday). Participants waiting for lessons to begin should wait for a swim instructor to meet them before entering the water.
- Please encourage your child to use the restroom before lessons. Accidents in the pool can happen. Incidents can include fecal deposits, vomit, etc. Please discuss with your child the importance of getting to the restroom and not using the pool as a restroom. If an accident occurs, the pool will be evacuated until it is safe for the participants to reenter the water and will most likely result in the lessons being canceled for the rest of the day.
- We understand there will be times when a child is having a difficult day. We would like to resolve any conflicts in a timely manner to avoid any negative effects on the learning environment and to keep your child involved in the lesson. On occasion, it may be necessary to give the child a chance to re-group. Below is the behavior policy:
  - 1st Offense: participant will receive verbal warning from the instructor explaining their inappropriate behavior
  - 2nd Offense: participant will sit out of the lesson for certain amount of time based on the nature of the offense
  - 3rd Offense: participant will be removed from the activity for the remainder of the lesson
  - Steps in the behavior policy can be skipped and a participant maybe be sent directly to the Learn-to-Swim Coordinator if the incident is deemed dangerous to any participants.
Recreation & Wellness has the right to terminate a participant’s registration (without refund) for any child not abiding by the policies set forth by Learn-to-Swim.
