Radioactive Waste Log Sheet

Purdue University R&EM Radiological & Environmental Management

Project Director: _____ **Date Started:** _____

Building: _____ **Room:** _____

Physical Form Key

D1 = Dry Solid Waste/Combustible
D2 = Dry Solid Waste/Noncombustible
L1 = Liquid Waste/Aqueous (Inorganic)
L2 = Liquid Waste/Organic
S1 = Scintillation Vials (Organic/Nonbiodegradable)
S2 = Scintillation Vials (Inorganic/Biodegradable)

Half Life Key

LHL = Long Half Life (> 60 Days)
SHL = Short Half Life < 60 days

Date	Isotope	Half Life	Physical Form	Activity	Initials

*Activity in waste is an approximation of the activity put in the waste. Rule of thumb is 90% to liquid waste and 10% goes to solid waste
