

◆ Game Night ◆

Type of Event

Social

Estimated Cost

between \$100 - \$200 (food)

Business Needs

Learning Communities Credit Card

Event Notes

This is a great event to do between learning communities. It is fun to match up learning communities in order for them to meet people outside of their major/learning community and network with fellow first-year students.

Games should not be purchased with LC funds. Some residence halls may provide you with games or fellow LCIs may have some available. Making sure to have a good variety of games is a major plus for this event.

Snacks, pizza, drinks, etc. are a great addition to the night.

Business Notes

- Reservations: Make sure to contact the residence hall of your choice and ensure they allow food to be brought into the specific room you will be using. Also confirm that they have televisions and outlets for you to hook up video games if necessary.
