Fall/Spring Study Abroad Exchange or Co-sponsored Programs

For Programs Approved by the Study Abroad Office

State aid (i.e. TFCS) **CANNOT** be used toward co-sponsored study abroad program costs; however, Purdue aid (i.e. Purdue Promise and other college/university scholarships) can be used toward costs. Please note that funds awarded for a given semester cannot be dispersed earlier than 10 days prior to the start of classes. This means you would need to have money to cover upfront costs (i.e. plane tickets, passport, immunizations, etc.) prior to the semester of your experience.

*Continued funding contingent on meeting scholarship requirements.

Scholarship and funding regulations described on this handout are subject to change. Please make sure you review this information with a staff member from DFA or Purdue Promise.

Study Abroad Scholarships

For Other Fall/Spring Study Abroad Program (Not Exchange or Co-sponsored)

Students are **not** eligible to use state aid or Purdue aid for study abroad programs that are not exchange or not co-sponsored. If you select these programs, you will need to defer your aid (either TFCS/Purdue Promise or EUL) for the semester you are gone.”

In order to defer your funding, you would need to notify Purdue Promise staff first to make arrangements for exceptions to your scholarship contract to be made, if applicable. Once you have Purdue Promise approval you will need to see the Division of Financial Aid to defer your scholarship.

Please note that funds awarded for a given semester cannot be dispersed earlier than 10 days prior to the start of classes. This means you would need to have money to cover upfront costs (i.e. plane tickets, passport, immunizations, etc.) prior to the semester of your experience.

TFCS Students in Purdue Promise

- Upon your return to campus you will need to file a Merit Appeal to regain your TFCS/Purdue Promise aid.*

EUL in Purdue Promise

- Upon your return to campus you will need to file a Merit Appeal to regain your EUL scholarship.*

* Continued funding is contingent on meeting scholarship requirements.

SUMMER STUDY ABROAD PROGRAM
Students are not able to use their TFCS, Purdue Promise, and/or EUL money for summer semesters. If you choose to go abroad during the summer, you will be responsible for finding funding sources for that experience. Financial aid will be in the form of loans or other scholarships.

SHORT-TERM STUDY ABROAD

Additional aid for short-term study abroad would be in the form of loans or other scholarship as you would be adding costs on to a normal semester for which you have already received your TFCS and Purdue Promise awards.
