Review this information carefully. Note your check-in location on the campus map. Please remember to allow extra time for parking and walking. Check-in begins at 7 a.m. Eastern Daylight Time (EDT).

Use the complimentary parking permit to park in one of the University garages. Please complete the permit with the appropriate information to validate it.

If you need assistance due to a disability or medical condition during a placement exam or during the academic year, Purdue’s Disability Resource Center (DRC) can coordinate testing accommodations. Please contact the DRC as soon as possible at 765-494-1247 (V/TTY) or at drc@purdue.edu to receive information about submitting documentation of your condition/impairment.

You’ll need the following items when you come to campus. These are vital, so don’t forget!

- Government-issued photo ID (driver’s license, state ID, passport or military ID), which you will need to show in order to obtain your Purdue ID card
- Several No. 2 pencils
- All of your STAR materials and a campus map
- Your parking permit
- Comfortable walking shoes and appropriate clothing for the season and the weather

Determine ahead of time if you need to take any advanced placement exams so you can get college credits prior to enrolling. You’ll discuss these with your advisor during STAR. A list of available tests is included with these confirmation materials. There’s no fee to take a test, and no penalty for failure. Test times are limited, so you may need to take additional tests at another time. If you have questions about advanced placement and credit exams prior to attending STAR, contact the advising office of your Purdue college, school or program.

Please fill out the enclosed medical history form and have it certified by your medical professional. You can turn in this form at the Purdue Student Health Center (PUSH) while on campus. If you need another copy, you can download one at www.purdue.edu/PUSH.

Visit the STAR website at www.purdue.edu/sats/star and print a copy of the day’s schedule and other materials that will be useful during your visit. You can also review videos of certain STAR information sessions and download and print copies of other STAR information that will be useful on the day of your visit.

Have your 10-digit Purdue identification (PUID) number handy at all times during your STAR visit. You’ll need it.

Check your Purdue e-mail account daily for information and updates on STAR and other Purdue business.
WANT TO STAY OVERNIGHT? YOU HAVE SEVERAL OPTIONS:

To stay in a residence hall, check out the University Residences “STAR Overnight” package. Visit www.housing.purdue.edu/HTML/Prospective_Students/STAROvernight.htm or call 765-494-2507 for more information.

The Union Club Hotel in the Purdue Memorial Union (PMU) is offering the “STAR Deal.” Information is available at http://union.purdue.edu/HTML/UnionClubHotel/STAROvernight.asp or by calling 800-320-6291. For information on off-campus hotels, visit http://homeofpurdue.com/hotelsandmotels_atog.html.

- You’ll be able to eat in the Purdue Memorial Union (PMU), Stone Hall (STON), our award-winning University Residences dining courts or choose from a variety places within walking distance of campus.

- Parking spaces designated with the blue-and-white international accessibility symbol are available to vehicles displaying the disability plate, decal or placard issued by the Bureau of Motor Vehicles. For a campus accessibility map, please visit www.purdue.edu/accessibility/pages/maps/map.htm.

- Because your visit will be active and event-filled, we recommend that you wear comfortable clothing and shoes. You also may want to bring an umbrella.

PARENTS & FAMILIES

While your son or daughter is taking care of Purdue business, join us for a special family session. We’ll discuss the best ways to support your Boilermaker through their transition to college life and give you information about campus living and student safety. You can also attend the Paying for Purdue session, put on by the Division of Financial Aid and Office of the Bursar.

Families can relax in one of our lounge areas while students create their course schedule in a computer lab. (Sorry, but space is tight, so only students and their advisors are allowed in the computer labs.)

Your STAR date is listed on your confirmation e-mail and as part of your course schedule at https://myPurdue.purdue.edu.

Need to reschedule?

If you need to change your STAR date, do so more than five working days in advance of your scheduled arrival. You can make this change through the add/drop function at https://myPurdue.purdue.edu.

If you are within five working days of arrival, contact your program’s advising office to see if they can accommodate your needs. If you show up on a day other than the scheduled date, your college/school may not be able to accommodate you.
CHECK-IN LOCATION FOR:

**JUNE 20-JULY 8**
Elliott Hall of Music (ELLT), ground floor lobby
