Mailing Instructions:

IMPORTANT: You must file Form I-765 while in the United States. Make sure all the information in your packet is correct and complete. You are responsible for mailing your OPT application to USCIS in a timely manner. USCIS must receive your application within 30 days of the date your I-20 was issued (the dates on I-765, check, and photos must also be less than 30 days old), and before the end of your 60-day grace period. ISS recommends you send your application packet via USPS and use tracking to monitor when your packet is received by USCIS.

Mailing Address:

USCIS provides the address where you send the I-765 OPT application here.

If you need to update the EAD card mailing address, contact ISS for advice. To avoid unnecessary complications, ISS recommends you file your OPT application with a mailing address that will remain valid for at least four months.

What Happens After You Apply for OPT

1. Check your I-20 program end date (on first page in “Program of Study” section): this is the LAST DAY you may be employed as a student. You may not work in any capacity until you receive your EAD and your authorized OPT start date arrives.
2. If you are a bachelor’s or master’s non-thesis student and do not graduate as expected, contact ISS immediately. Do not let your I-20 expire.
3. You will receive an electronic notification when USCIS receives your application if you submitted Form G-1145.
4. Within approximately three weeks, you will receive a hard copy receipt notice. Please check this notice for accuracy and inform ISS if anything is incorrect. This will have your official receipt date and case number, which you can use to track the status of your application on the USCIS website: [https://egov.uscis.gov/casestatus](https://egov.uscis.gov/casestatus)

5. If you receive a Request for Evidence, please submit this eform: **MyISS>F-1 Optional Practical Training> Respond to an OPT Request For Evidence.**

6. You may check the USCIS Processing Time Information website to get an estimation of how long each USCIS office is taking to process I-765 forms: [https://egov.uscis.gov/processing-times/](https://egov.uscis.gov/processing-times/)

7. If approved, an EAD will be sent to the address used on the I-765 Form. Check the EAD for accuracy and inform ISS if anything is incorrect. Make two copies of the card: one for yourself and send one to ISS.

8. If you applied for a Social Security Number by using the I-765, your Social Security card will be sent to the address used on the I-765. **Do not use the ISS address.** You should receive the Social Security card approximately two weeks after receiving the EAD card. **Do not send a copy of your Social Security card to ISS.**

9. Before you start working you must have your card in your hand. You **cannot begin practical training of any kind until the start date listed on your EAD,** this includes volunteering in approved volunteer training programs (see ISS first), training and orientation for an upcoming opportunity. Remember, your employment/training must be directly related to your major.
