How do I apply?

Step 2

Good to know: BoilerKey is NOT required – this is your normal username and password!
How do I apply?

Fill out the information page that pops up. This will ask things like:

**Biographical information:** birthday, contact information, etc..

**Program information:** enter a first and second choice of program and the term you are applying for (this will automatically be selected if only one term is available)

**Emergency contact info:** enter info for an emergency contact

**Other info:** Answer questions in this section honestly. They are used to help advise you and ensure a good fit program. The information entered here does NOT affect your acceptance to a program.

Important! Check the "I have read and agree box" after reading the terms, then hit "submit"
First & Second Choice Programs

While we do our best for each qualified student to be accepted to their first choice, we also ask you to list a serious second choice in the case you cannot be accepted to your first choice.

Especially if you are applying to a program where you do not quite meet the stated requirements or that you know is competitive, you must have a serious second choice. Do not just select a random program for this question!

The most common reasons you could be denied your first choice:
• You do not meet program requirements
• Spots in that program are full
How do I apply?

You're not done yet! Now a portal is created for you called "My Study Abroad". It will include a checklist on the supplemental items you need to submit to finish your application!

Good to know: You can log in/out of your My Study Abroad portal at any time!

Also good to know: Your assigned study abroad advisor or program leader's contact information is also listed on this page – reach out to them with any questions!
How do I apply?

### REQUIRED SUPPORTING MATERIALS

Once you submit all the following items, your application can be considered complete. Study abroad staff must review some items before manually updating their status. Please allow up to a week for check marks to appear.

<table>
<thead>
<tr>
<th>Item</th>
<th>Complete</th>
</tr>
</thead>
<tbody>
<tr>
<td>Essays</td>
<td></td>
</tr>
<tr>
<td>Purdue Transcript</td>
<td></td>
</tr>
<tr>
<td>Primary Reference</td>
<td></td>
</tr>
<tr>
<td>Language Assessment Form</td>
<td></td>
</tr>
<tr>
<td>Proof of Passport OR Application</td>
<td></td>
</tr>
<tr>
<td>Photo</td>
<td></td>
</tr>
</tbody>
</table>

Good to know: In your portal, click on each item for instructions!
Most programs require two recommendations. The types of reference needed can vary by program. The application checklist on your My Study Abroad page will reflect your program's specific requirements.

- **Primary Reference** – you should generally ask your academic advisor or a professor within your major.
- **Secondary Reference** – this can be anyone else who is familiar with your academic work. A professor in a major or non-major class or academic advisor.
- **Language Assessment** - for programs that have a language requirement. Must be completed by a language professor.
- **Work Reference** – required by some programs that involve an internship.
Application Items - Passport

What does proof of passport mean?

ACCEPTABLE

• Copy of your valid passport
• Copy of the receipt you got when you applied for or renewed your passport in person (will have a date stamp listing the date it was applied for)

WE DO NOT NEED TO SEE

• Copy of your passport application – this includes sensitive info we don't need!
How do I apply?

• As we receive your application items, a check mark will appear next to it, marking it as complete.
• Some items check off automatically (essay, photo) while the others we have to go in and check off for you – allow a few business days for items to be checked off!
• Recommendations are marked off when received, not when requested.
• Applications are not considered complete until all items are received.
• There is no final "submit" button. Once you have fulfilled the requirements, you are all set!
What happens next?

Step 5

• An Associate Director will review your application in full, making sure you meet the program requirements and are a good fit for the program. They will also check that there is still space available in the program.
• Once reviewed and approved, you will receive an email with your acceptance which will list out your next steps – first of which is meeting with your study abroad advisor!
• If there are any questions about your application, we will reach out to you by email. This does not mean you are rejected, just that we need more information!
What are we looking for?

You meet all listed program requirements (GPA, class standing, any required language or class prerequisites)

You wrote a good essay, clearly outlining your reasons for picking this program. It was proofread and included any sources you used. We are not grading this but want to see that you took it seriously.

You have good recommendations.

You will have a passport in time to travel.
What are we looking for?

Previous travel is NOT required for any program and will not exclude you from any programs.

You CAN study on a program not related to your major.

You CAN do multiple study abroad programs, previous participation does not hurt your chances.

Having withdrawn from a program in the past does NOT hurt your chances for being accepted this time.
