

Postdoc Orientation 1: Pre-Start Focus

June 2026

Rachelle Swan, PhD, Director of Postdoctoral Affairs

Orientation's Goals

- Connect you to our office and Postdoctoral Affairs staff
- Connect you to relocation and onboarding resources
- Provide key contacts for housing, HR, and campus services
- Answer your questions about the transition to Purdue and West Lafayette
- Build community with other new postdocs

NOTE: We have embedded links in these slides for you to access resources, so when you see an underlined word that is likely a link for you to click!

Who We Are

- Postdoctoral Affairs is housed in the **Office of the Vice Provost for Graduate Students and Postdoctoral Scholars**
 - OGSPS for short!

- Our mission is to empower postdoctoral scholars to advance their careers and contributions by connecting them to resources and community.

- Hiring and onboarding are done at the department level

Weather

West Lafayette experiences all four seasons — sometimes in the same week!

Be prepared for hot, humid summers, crisp colorful falls, snowy winters, and rainy springs. Weather can change quickly, so layers and planning ahead are essential.

For reliable updates, we recommend:

- WLFU Weather App (local station)
- National Weather Service (Indianapolis Office)
- Weather Channel / AccuWeather apps

Dining Memberships

PURDUE
Food Co. 

Retail Dining Memberships 101

A Retail Dining Membership is different from a residential plan in that it is exclusively declining balance dollars meaning that there are no meal swipes. You can spend as little or as much as you want when you want. A Retail Dining Membership unlocks delicious meals, coffee, snacks, and more, at 30 locations across campus. Your membership loads your declining balance funds conveniently onto your Purdue ID so there is no need to carry around additional cash or cards. Visit our [locations page](#) for additional information, including menus and hours of operation.

Onboarding Resources

Onboarding

Onboarding (Before You Arrive)

1. Watch for onboarding emails from Purdue Human Resources & your Business Office.
2. Prepare documents for the I-9 (passport, visa, or other accepted ID).
 - Form I-9 is used by U.S. employers to verify the identity and employment authorization of individuals hired for work in the United States.
3. Set up access to Purdue systems (Career Account & BoilerKey).
4. Review benefit options and be ready to enroll once you start.
5. Plan to get your Purdue ID card when you arrive.

ISS Scholar Services Postdoc Page

This [page](#) has an overview of Visa and Permanent Residence information for new and prospective Purdue Postdocs.

The screenshot shows the Purdue University website page for International Students and Scholars (ISS) Postdocs. The header includes the Purdue University logo and the text "International Students and Scholars GLOBAL PARTNERSHIPS AND PROGRAMS". Below the header is a navigation menu with a hamburger icon and the word "MENU". The breadcrumb trail reads: "ISS Scholars, Faculty and Staff Services > Faculty, Staff, Scholars, and Postdocs > I-Am-A > Postdoc". On the left side, there is a vertical navigation menu with the following items: "I-AM-A" (highlighted), "Visiting Scholar", "VUG", "Faculty", "Postdoc", "Scholar", and "I-539 Applications for Dependents". The main content area features the heading "Postdoctoral Researchers at Purdue" and two paragraphs of text. The first paragraph states: "Postdoctoral researchers are individuals hired primarily to engage in research at Purdue following the conferral of their doctoral degree. Purdue policy permits postdoctoral researchers to engage in only limited teaching - to a maximum of one course (3 credit hours) per semester." The second paragraph states: "Offers for postdoctoral appointments often are issued (and accepted) during the individual's final months of their doctoral program, and appointment start dates are set before the doctoral degree is conferred. By Purdue policy, the PhD must be conferred on or before the appointment start date. If an international doctoral candidates does not timely receive their PhD prior to the appointment start date, the appointment must not proceed. The department may choose to convert the appointment to a visiting scholar, staff or other appointment, or the department may withdraw the offer entirely. If the offer is to be converted, then this must be completed before they arrive in the USA (if entering the US from abroad) or before arriving on Purdue's campus (if already lawfully present in the USA)."
