- Clinical/Professional: 209
- Research: 36
- Visiting (temporary): 96
- Adjunct: 367
PURDUE TENURE-TRACK FACULTY BY RANK

2017

Professors (50%)

Assistant Professors (24%)

Associate Professors (26%)
• Strong predictor of pre-tenure faculty satisfaction and success: *understanding the P & T process.*

• P & T *Policy, Procedures, and Criteria* have been refined and clarified, are posted on the web site.

• Process also summarized and reinforced for all units in annual letter, the “*Provost’s Memo*”

http://www.purdue.edu/provost/faculty/promotionandtenure.html
PROMOTION AND TENURE

• Three related but separate documents:
  • POLICY: defines what do we do, why, and who is responsible
  • PROCEDURES: exactly how is the process carried out?
  • CRITERIA: what are the yardsticks by which faculty achievement is measured in each discipline?
  • (Plus, the annual Provost’s Memo)
PROMOTION AND TENURE

• Three related but separate documents:
  • POLICY: defines what do we do, why, and who is responsible
  • PROCEDURES: exactly how is the process carried out?
  • CRITERIA: what are the yardsticks by which faculty achievement is measured in each discipline?
• (Plus, the annual Provost’s Memo)
“…to be considered for promotion, a faculty member should have demonstrated excellence and scholarly productivity in at least one of these areas. Ordinarily, strength should be manifest in more than one of these areas.”

- **DISCOVERY** (research)
- **LEARNING** (teaching)
- **ENGAGEMENT** (dept., PU, profession, community, state, world)
Your college and school/dept should have written promotion criteria

These will differ among units, and perhaps even among sub-disciplines within a dept

In all cases, these criteria, by university guidelines, must value impact foremost
MENTORING

• Faculty-to-Student
• “Commitment to active and responsive mentorship, as well as an active role in mentoring, advising and supporting the academic success of students and postdoctoral scientists, will also be documented as part of the process that defines tenure and promotion.”

• Range of skills and opportunities
  – Classes and labs, honors tutorials, TAs
  – Inclusion in your research group
  – Student organizations and activities
Assistant Professors usually have a 7 year probationary period during which to earn P & T.

6\textsuperscript{th} year is the “penultimate year:”
- last year in which one is eligible for tenure

Entering Associate Professors have a 4 year probationary period
- 3\textsuperscript{rd} year is penultimate year

This should be specified in your offer letter
On the way to the penultimate year: contract renewals

For Asst Profs, the arrangement varies by college, examples:
4y/2y/1y (Engineering/Krannert/Pharmacy),
3y/1y/1y/1y/1y (Science/Agriculture),
4y/3y (CLA), 3y/3y (Education)

Should be specified in your contract/offer letter

You and your unit head should take these seriously
TENURE CLOCK EXTENSIONS

- When conditions and personal circumstances substantially interfere with progress toward achieving tenure
- One-year *automatic approval* for birth or adoption of child
  - Request for Tenure-Clock Extension form
  - Submit within 1 year of occurrence, prior to penultimate year
  - Applies to either or both parents.
- Extensions can also be approved for:
  - Severe illness, disability, care-giving of family member
  - Delays in availability of lab space
Primary promotions committee (dept./school)
- Summer prior to penultimate year – assembles your promotion document and solicits outside letters
- Fall of penultimate year – votes on your case

Area promotions committee (college)
- Votes on your case in winter of penultimate year

Campus promotions committee (“Panel A”)
- Votes on your case in early spring of penultimate year
Clinical Faculty have a distinct path to promotion (but not tenure). They are considered by a different campus promotions panel (“Panel B”) rather than Panel A. Panel B incorporates more clinical faculty.

Procedures for Appointing and Promoting Clinical Faculty:
