Positions

Purdue University, West Lafayette, IN, 47907

Assistant Professor of Neuroscience and Behavior in the Department of Psychological Sciences

August 2021 – Present

Faculty Associate of the Purdue Institute for Integrative Neuroscience

August 2021 – Present

Faculty Associate of the Purdue Center on Aging and the Life Course

August 2021 – Present

Faculty Associate of the Purdue Center for Research on Brain, Behavior, and Neurorehabilitation

November 2021 – Present

Postdoctoral Work:

The University of Wisconsin – Milwaukee, Milwaukee, WI, 53201

Postdoctoral Research Fellow to Dr. Fred Helmstetter

May 2018 – July 2021

Ruth L. Kirschstein National Research Service Award (NRSA) Individual Postdoctoral Fellow

August 2019 – July 2021

The University of Vermont, Burlington, VT, 05405

Postdoctoral Research Fellow to Dr. Mark Bouton

June 2017 – May 2018

Education

The University of Vermont, Burlington, VT 05405

Doctor of Philosophy in Psychological Science, May 2017

Dissertation: Cues Associated with Alternative Reinforcement Can Attenuate Resurgence of an Extinguished Instrumental Response

Research Mentor: Dr. Mark Bouton

The University of Vermont, Burlington, VT 05405

Master of Arts in Psychological Science, February 2014

Thesis: Contextual Control of Operant Behavior: Evidence for Hierarchical Associations in Instrumental Learning

Research Mentor: Dr. Mark Bouton
Kent State University, Kent, OH 44240
Bachelor of Arts in Psychology, May 2012
Summa Cum Laude
Research Mentors: Dr. Aaron Jasnow, Dr. David Riccio

Publications

*denotes senior author, [§]denotes graduate advisee, ^udenotes graduate advisee

Manuscripts Under Review

1. Successful conditioned inhibition emerges in young adulthood and produces a distinct pattern of immediate early gene activity in mice. **Trask, S.**, & Meyer, H. C. Submitted.
2. Dysregulation of baseline and learning-dependent protein degradation in the aged hippocampus. Patrick, M.B., Kincaid, S.E., Banani, S., Ray, W.K., Helm, R.F., **Trask, S.**, & Jarome, T.J. Submitted.
3. Prior stress exacerbates inhibitory avoidance learning in female, but not male, rats. [§]Met Hoxha, E., [§]Robinson, P. K., & **Trask, S.** Submitted.

Selected Paper Presentations

(Full list of paper presentations available [here](#))

Context fear memory can be reduced through updating the representation of the unconditional stimulus.

Sydney Trask. Presented at the annual Park City Winter Conference on the Neurobiology of Learning and Memory in January, 2024 (Park City, UT).

Taking fear out of context. **Sydney Trask.** *Invited Keynote Presentation* at the annual meeting of the International Behavioral Neuroscience Society in June, 2023 (Niagara Falls, Canada).

Contextual control of conditioned pain tolerance and endogenous analgesic systems: Evidence for sex-based differences in opioid engagement. **Sydney Trask.** *Invited Presentation* at the annual meeting of the Midwestern Psychological Association in April, 2022 (Chicago, IL).

Contributions of the retrosplenial cortex to learning and memory. **Sydney Trask.** *Invited Presentation* at the University of Texas at Austin Neuroscience Seminar Series in April, 2022 (Austin, TX).

Different roles for anterior and posterior retrosplenial cortices in memory for context. **Sydney Trask** and Fred J. Helmstetter. *Invited Presentation* at the annual meeting of the Eastern Psychological Association in March, 2021 (Boston, MA).

Distinct roles of the anterior and posterior retrosplenial cortices in encoding, but not retrieval, of aversive memory. **Sydney Trask** and Fred J. Helmstetter. *Invited Presentation* for the Innovation Sciences Seminar at The Rosalind Franklin University of Medicine and Science in May, 2020 (North Chicago, IL).

The role of the retrosplenial subregions in trace fear recall. **Sydney Trask** and Fred J. Helmstetter. Presented at the annual Neuroscience Symposium in March, 2019 (Milwaukee, WI).

Factors that encourage generalization from extinction to test reduce resurgence of an extinguished operant response. **Sydney Trask**, Christopher L. Keim, & Mark E. Bouton. Presented at the Eastern Psychological Association annual conference in March, 2018.

Association formation in operant behavior and prefrontal control of its expression. **Sydney Trask**. *Invited presentation* for the University of Maryland - Baltimore Department of Anatomy and Neurobiology in September, 2017 (Baltimore, MD).

Retrieval cues associated with alternative reinforcement can attenuate resurgence of an extinguished instrumental response. **Sydney Trask** and Mark E. Bouton. *Invited Presentation* at the annual conference for the Association of Behavioral Analysis International in May, 2017 (Denver, CO).

Cues associated with alternative reinforcement can attenuate reinforcement resurgence of an extinguished instrumental response. **Sydney Trask** and Mark E. Bouton. Presented at the annual meeting of the Society for the Quantitative Analysis of Behavior in May, 2017 (Denver, CO).

Transfer of operant responding to new contexts after training in multiple contexts. **Sydney Trask** and Mark E. Bouton. Presented at the Eastern Psychological Association annual conference in March, 2016 (New York, NY).

Reinforcers associated with extinction can attenuate free-operant renewal. **Sydney Trask** and Mark E. Bouton. Presented at the Eastern Psychological Association annual conference in March, 2015 (Philadelphia, PA).

Contextual control of operant behavior: Evidence for hierarchical associations in instrumental learning. **Sydney Trask** and Mark E. Bouton. Presented at the Eastern Psychological Association annual conference in March, 2014 (Boston, MA).

Bidirectional effects of increasing histone acetylation on extinction learning. **Sydney Trask**, Patrick K. Cullen, David C. Riccio, and Aaron M. Jasnow. Presented at the TriState Plus Meeting in April, 2012 (Kent, OH).

Selected Conference Abstracts

(Full list of conference abstracts available [here](#))

Bonanno, G.R., Met Hoxha, E., Ferrara, N.C., & **Trask, S.** Context fear memory can be reduced through memory updating with a weak shock. Presented at the annual meeting of the Pavlovian Society in September, 2022 (Milwaukee, WI).

Trask, S., Nelsen, J., Orsi, S., Duraiswamy, H., Grisales, K., Jarome, T.J., & Helmstetter, F.J. Fear devaluation and extinction rely on distinct molecular mechanisms but produce a similar behavioral outcome. Presented at the Society for Neuroscience annual meeting in November, 2021 (Chicago, IL).

Trask, S., & Helmstetter, F.J. Unique roles for the anterior and posterior retrosplenial cortices in encoding and retrieval of memory for context. Presented at the annual meeting of the Pavlovian Society in September, 2020 (Burlington, VT).

Trask, S., Pullins, S.E., & Helmstetter, F.J. Distinct roles of the anterior and posterior retrosplenial cortices in encoding, but not retrieval, of trace fear memory. Presented at the Society for Neuroscience annual meeting in October, 2019 (Chicago, IL).

Trask, S., Ferrara, N.C., & Helmstetter, F.J. Optogenetic silencing of the thalamo-amygdala pathway, but not lateral amygdala, results in a long-term decrease in fear expression. Poster presented at the annual meeting of the Pavlovian Society in October, 2018 (Iowa City, IA).

Trask, S., Keim, C. L., & Bouton, M. E. Factors that Encourage Generalization from Extinction to Test Reduce Resurgence of an Extinguished Operant Response. Poster presented at the annual meeting of the Pavlovian Society in October, 2017 (Philadelphia, PA).

Trask, S., & Bouton, M. E. Cues associated with alternative reinforcement can attenuate reinforcement resurgence of an extinguished instrumental response. Presented at the annual Dartmouth Neuroscience Symposium in April, 2017 (Hanover, NH). *Selected for 5-minute platform talk presentation.

Trask, S., & Bouton, M. E. Reducing the negative impact of context change on an operant response. Poster presented at the annual meeting of the Pavlovian Society in October, 2016 (Jersey City, NJ).

Trask, S., Shipman, M.L., Green, J.T., & Bouton, M.E. Inactivation of the prelimbic cortex attenuates context-dependent excitatory operant responding. Poster presented at the Eastern Psychological Association annual conference in March, 2016 (New York, NY).

Bouton, M.E., **Trask, S.**, & Carranza-Jasso, R. Learning not to make the response during operant extinction. Poster presented at the annual meeting of the Pavlovian Society in September, 2015 (Portland, OR).

Trask, S., & Bouton, M.E. Discriminative role of the reinforcer in the inhibition of operant behavior. Poster presented at the annual meeting of the Pavlovian Society in September, 2014 (Seattle, WA).

Schepers, S.T., **Trask, S.**, & Bouton, M.E. Effects of imposing a negative contingency between the first behavior and Phase 2 reinforcement on resurgence after instrumental extinction. Poster presented at the Eastern Psychological Association annual conference in March, 2013 (New York, NY).

Leppa, C.A., **Trask, S.**, & Jasnow, A.M. Dopamine controls the precision of long-term fear memory. Poster presented at the Society for Neuroscience annual meeting in October, 2012 (New Orleans, LA).

Trask, S., Cullen, P.K., Gos, K. K., Pickens, L., Fountain, S., & Riccio, D. C. Adolescent nicotine affects memory for stimulus attributes but not extinction. Poster presented at the annual meeting of the Midwestern Psychological Association in May, 2011 (Chicago, IL).

Grant Funding

Behavioral, circuit, and molecular mechanisms underlying UCS deflation (3/1/24-2/28/29). National Institute of Mental Health. R01MH136311 (\$1,921,968; Direct: \$1,250,000). Role: PI.

Alleviating age-related memory impairment through proteasome stimulation (9/30/23-9/29/25). National Institute on Aging. R21AG081851 (\$429,409; Direct: \$250,000). Role: PI. (MPI: Dr. Timothy Jarome, Virginia Tech).

Circuit and molecular-level mechanisms of UCS deflation. (01/15/24-01/14/26) Brain and Behavior Research Foundation. NARSAD Young Investigator Grant (\$70,000). Role: PI.

From Cradle to Grave: Measuring the Lifetime Impact of Early-Life Stress (02/01/23-01/31/24). Research Corporation for Science Advancement (\$165,000; Direct: \$150,000). Role: PI (MPI: Dr. Allyson Mackey, University of Pennsylvania; MPI: Dr. Patrese Robinson-Drummer, Haverford College).

Purdue College of Health and Human Sciences Synergistic Connections Between Life and Social Sciences Research Grant (\$10,000). Role: PI (co-PI: Dr. Nadia Brashier).
Neural mechanisms of memory updating across the lifespan.

Purdue Institute for Integrative Neuroscience/Center for Research on Brain, Behavior, and Neurorehabilitation Pilot Grant (\$10,000). Role: PI.
Interactions between the proteasome system and protein accumulation in the aging brain.

Involvement of the Retrosplenial Cortex in Distinct Aspects of Fear Memory. National Institute of Mental Health (F32MH120938: \$186,582). Role: PI. 08/01/2019-07/31/2022

Honors and Awards

NARSAD Young Investigator Award, Brain and Behavior Research Foundation, 2023

Early Career Achievement Award (\$1120), International Behavioral Neuroscience Society, 2023

MPA Diversity Travel Award for Invited Speakers (\$500), The Annual Meeting of The Midwestern Psychological Association, April 2022
American Aging Association Travel Award (\$200), The Annual Meeting of the American Aging Association, June 2021
Trainee Professional Development Award Recipient (\$1315), Society for Neuroscience, 2019
Kent State Alumni Association Outstanding New Professional Award Finalist, 2017
Graduate Student Senate Travel Grant (\$600), The University of Vermont, March 2017
Honorable Mention: Outstanding Poster Presentation at the annual conference for Neuroscience, Behavior, and Health, The University of Vermont, January 2017
Ronald Suiter Award Recipient (\$1000), The University of Vermont, November 2016
Outstanding Paper Presentation at the annual conference for Neuroscience, Behavior, and Health (\$100), The University of Vermont, January 2016
Graduate Student Senate Travel Grant (\$600), The University of Vermont, March 2015
Graduate Student Senate Travel Grant (\$600), The University of Vermont, March 2014
Outstanding Junior Psychology Major, Kent State University, 2010-2011 Academic Year
President's List, Kent State University: 1 semester
Dean's List, Kent State University: 6 semesters
President's Scholarship (\$8,000/year), Kent State University, 2008-2012

Session and Symposium Chair

Women in Learning Research Talk featuring Dr. Susan Sangha, The Annual Meeting of the Pavlovian Society, September, 2022
Honoring the Scientific Legacy of Dr. Nadia Chaudrhi, The Annual Meeting of the Pavlovian Society, September, 2022
Taking Great Pain: Identifying Novel Factors that Influence Pain Behavior, The Annual Meeting for the International Behavioral Neuroscience Society in June, 2022
Behavioral Neuroscience Papers, The Annual Meeting of The Eastern Psychological Association, March 2022
Neural Substrates of Learned and Innate Social and Fear Behaviors, The Annual Meeting of The Midwestern Psychological Association, April 2021
Behavioral Neuroscience Papers II, The Annual Meeting of the Eastern Psychological Association, March 2021
Neurobiology of Fear Learning, The Annual Meeting of the Pavlovian Society, September 2020
Women in Learning Women to Watch Research Symposium, The Annual Meeting of the Pavlovian Society, September 2020
Learning Papers: Conditioned Reinforcement, Outcome Specificity, and Counterconditioning, The Annual Meeting of the Eastern Psychological Association, March 2018
Session 1, The Annual conference for Neuroscience, Behavior, and Health in January 2017

Teaching Experience

Courses Taught

Psychological Sciences 43700: Behavioral and Neural Systems of Learning and Memory, Purdue University, Spring 2023
Psychological Sciences 69600: Seminar in Neuroscience and Behavior, Purdue University, Fall 2021, Spring 2022
Psychological Sciences 31400: Introduction to Learning, Purdue University, Fall 2021, Fall 2022, Fall 2023
Psychological Science 111: Learning, Cognition, and Behavior, The University of Vermont, Summer 2016
Psychology 205: Learning, The University of Vermont, Summer 2015
Graduate Teaching Assistant at the University of Vermont

Psychological Science 111: Learning, Cognition, and Behavior, Spring 2016 (Student Evaluation of TA performance: 4.3/5)

Psychological Science 115: Biological Psychology, Fall 2015 (Student Evaluation of TA performance: 4.6/5)

Psychology 104: Learning, Cognition, and Behavior, Spring 2014 (Student Evaluation of TA performance: 4.3/5)

Psychology 221: Physiological Psychology, Fall 2013 (Student Evaluation of TA performance: 4.8/5)

Psychology 110: Research Methods II, Spring 2013 (Student Evaluation of TA performance: 4.8/5)

Psychology 109: Research Methods I, Fall 2012 (Student Evaluation of TA performance: 4.9/5)

Invited Guest Lectures

Animal Research in the Psychological Sciences, Research-Focused Honors Program, Spring 2023, Purdue University

Introduction to Learning and Memory, Spring 2020, Pennsylvania State University

Locating Memories in the Brain, Fall 2019, Advanced Physiological Psychology, The University of Wisconsin-Milwaukee (graduate)

Introduction to Learning and Memory, Fall 2019, Carthage College

Neural Mechanisms of Actions and Habits (Focus on Prefrontal Control): Neurobiology of Learning and Memory, Spring 2019, The University of Wisconsin-Milwaukee (graduate)

Neural Mechanisms of Actions and Habits: Learning, Cognition, and Behavior, Summer 2017, The University of Vermont

Inactivation of the Prelimbic Cortex Attenuates Context-Dependent Operant Responding: Learning, Cognition, and Behavior, Spring 2016, The University of Vermont

The Role of the Prelimbic Cortex in Excitatory Operant Responding: Biopsychology, Fall 2015, The University of Vermont

Animal Models of Relapse: Research Methods, Spring 2015, Burlington College

Mental Representations in Animals: Learning, Cognition, and Behavior, Spring 2014, The University of Vermont

Automaticity: Learning, Cognition, and Behavior, Spring 2014, The University of Vermont

Cognition in Instrumental Learning: Learning, Cognition, and Behavior, Spring 2014, The University of Vermont

Categorization and Generalization: Learning, Fall 2013, The University of Vermont

Tutoring

Psychology tutor for the Athletic Resource Center, Kent State University, September 2010 – May 2012

Editorial Experience

Neurobiology of Learning and Memory, Editorial Board Member, March, 2023 – present.

Learning & Behavior, Consulting Editor, January 2023 – present.

Frontiers in Behavioral Neuroscience, Review Editor, July 2019 – present.

Neuroanatomy and Behaviour, Editor, April 2019 – February 2023.

Professional Activity

Scialog Fellow for the Molecular Basis of Cognition, 2022 – 2024

Behavioral Neuroscience Chair of the Program Committee for the Eastern Psychological Association, 2023 – 2025.

National Center for Faculty Diversity Faculty Success Program, Spring 2022

Executive Director of Women in Learning (Elected Position), November 2019 – Present

Member of the Executive Committee for the Pavlovian Society (Elected Position), October, 2019 – October, 2023

Curator of the Postdoctoral Professional Development Series at the University of Wisconsin-Milwaukee, July 2018 – July 2021

Journal of Neuroscience Reviewer Mentorship Program under the advisement of Dr. Gavan McNally – Completed in June, 2018

UC Berkeley: Foundations of Data Science: Computational Thinking with Python – Completed in May, 2018
Graduate Student Representative, Department of Psychological Science, The University of Vermont, 2013 – 2015

Reviewer: *Animal Behavior and Cognition*; *Behavioural Brain Research**; *Behavioural Processes**; *Biological Psychiatry*; *Global Open Science*; *Brain Sciences**; *Cerebral Cortex*; *eLife*; *eNeuro**; *European Journal of Neuroscience*; *Frontiers in Behavioral Neuroscience**; *Frontiers in Psychology*; *Hippocampus*; *JCI Insight*; *Journal of Neuroscience**; *Journal of the Experimental Analysis of Behavior**; *Journal of Experimental Psychology: Animal Learning and Cognition*; *International Journal of Comparative Psychology*; *International Journal of Molecular Sciences**; *Learning & Behavior**; *Learning & Memory**; *Neurobiology of Learning & Memory**; *Neuropsychopharmacology**; *Neuroscience*; *Neuroscience and Biobehavioral Reviews**; *Oxford Open Neuroscience*; *Perspectives on Behavior Science*; *PLoS ONE*; *Psychoneuroendocrinology*; *Quarterly Journal of Experimental Psychology*; *Scientific Reports**; *STAR Protocols*; *The FASEB Journal**; *The Psychological Record**

*Indicates ≥ 3 reviews.

Professional Memberships:

Pavlovian Society: 2011-Present

Midwestern Psychological Association: 2011-Present

Society for Neuroscience: 2012-Present

Eastern Psychological Association: 2013-Present

Women in Learning: 2015-Present

International Behavioral Neuroscience Society: 2019-Present

American Aging Association: 2020-Present

Grant Reviewer:

National Institute of Health, Biobehavioral Regulation, Learning, and Ethology Study Section (October, 2023)

Graduate Women in Science (GWIS) National Fellowship Program (May, 2023)

National Science Foundation, Perception, Action, and Cognition Program (October, 2022)

University of Wisconsin-Milwaukee Research Foundation, Seed Grant for Patent Seekers (April, 2022)

National Science Foundation, Graduate Research Fellowship Program (January, 2022)

University Service

Service within Purdue University:

Big 10 Neuroscience Annual Meeting Planning Committee, June 2023 – June 2024

Purdue Center on Aging and the Life Course Steering Committee, August 2023 – present

Department of Psychological Sciences Faculty Representative for the Purdue's For Me Faculty and Admitted Students Receptions, March – April, 2022
