

An Hour of Statistics &

R

in Anthropology

- What *IS* R? Why should I use R? How can I learn R?
- Which R libraries/functions do I need?
- Why is R giving me this **!\$#!@&*%#** error message?
- What statistical analyses are appropriate for my type of data?
- How to choose optimally between models?

Want to know? Then come to R-HOUR!

Where? **Room 218 Stone Hall**

When? **Mon: 11AM-noon; Wed: 9:30-10:30 AM;
Thu noon-1PM; & Fri noon-1 PM.**

GREAT! What should I bring?

Your data & code on a USB stick and laptop
