To: MaPSAC Members
From: Cameron Ward, Chair
Subject: Minutes for April 13, 2022 via Teams

1:30 pm  Item #1 – Call to order; Adopt Agenda; Approve Minutes  Cameron Ward, Chair
The Chair called the meeting to order at 1:30pm
A motion to adopt the addenda and approve March 2022 minutes was made by: Michael Springer
Motion was seconded by: Kelsey Chapman

Item #2 – Roll Call

Item #3 – Vote
Voting was conducted at the beginning of the meeting in accordance with MaPSAC operating procedure.
JJ Sadler was selected as the Vice-Chair for the 2022-23 term.

- Vice-Chair
  - Elizabeth Gray
    - Why am I interested in the MaPSAC Vice Chair position? Before I came to Purdue, my previous institution had no recourse for staff. There was no safe space to reach out if you saw an institutional wide issue. MaPSAC has created that safe space for staff to reach out without fear of reprisal or censor. It gives staff the chance to address those in our administration with new perspectives. It allows us to communicate the overall picture to those who may not otherwise have access to it. All of this makes MaPSAC (and CSSAC) of vital importance to both the staff of Purdue and to me, personally. It is this work and legacy that I want to be a part of. I want to contribute my passion for helping and encouraging others. I want to bring my talents in organization and ability to synthesize information in support of MaPSAC’s mission. I want to leave a positive impact of my presence at Purdue, and I believe this position can help me create that impact.

  - JJ Sadler
    - I am excited to put my name in to run for the open vice-chairperson position for the full MaPSAC committee. Although this has been my first year on MaPSAC, I feel like my experiences in this short time and in my roles prior to joining MaPSAC provide the skills and experience to be successful in the vice-chairperson and, eventually, the chairperson role. Currently, I serve as the notetaker for the Compensation & Benefits Subcommittee, the MaPSAC primary representative for the University Senate Sustainability Committee, and will serve as the MaPSAC representative for the Sick Bank Taskforce. I have enjoyed working with university leaders, peers, and colleagues in identifying potential challenges and working towards solutions that benefit the campus such as performance evaluation training, salary promotion guidelines and policies, and campus sustainability project management ideas. Prior to joining MaPSAC, I served as the chairperson for the MaPSAC version within the Purdue University Libraries & School of Information Studies where I worked with leadership on OpTech concerns and creating a policy that embraced
professional development for all staff within the unit. I enjoy working on behalf of my colleagues and help bring possible solutions or answers when challenges or concerns are presented. I seek to help move the University forward and this includes focusing on what is important to the campus staff who help run Purdue. I hope to serve as a voice for the entire campus community and especially for those who fall under the MaPSAC purview. Although I am only starting my fifth year at Purdue, I have gotten to know many individuals across campus and brought my motivation for supporting colleagues from my previous institution where I served on our campus employee morale committee. Therefore, although I have only served on the MaPSAC Compensation & Benefits subcommittee, I have experience in areas that could connect with the Membership and Communication and the Professional Development subcommittees. I look forward to the chance to serve in this role for next year and then serve as chairperson in the following year.

o Jacquelyn Thomas-Miller
   ▪ It is with esteem pleasure that I declare my candidacy for the MaPSAC Vice Chair position. Serving as a contributing member of the MaPSAC Professional Development Committee has inspired me to pursue this opportunity in moving Purdue University progressively forward. Through the mentorship of David Huckleberry and the shoulders of Amanda Emmons, the current Vice Chair, I embrace the opportunity to fulfill the responsibility of this position by being a communication facilitator. I place value in my active engagement across the Purdue community which includes being a Faculty Fellow, Horizons Mentor, BCFS Board Member At-Large, and Purdue Student Education Association staff advisor. My various roles shows my commitment to service and my ability to fulfill the duties of this office.
   My platform is simple. I want to be of service and amplify the voices of our management and professional staff. I will continue to build upon our excellence in leadership and collective partnership with the Purdue Administration.
   Thank you for your consideration!

• Emeritus
