

Exam Planning Worksheet

Step 1: From the list below, choose the study strategies that you will use to prepare for your exam. You may add your own strategies too.

Study Strategy	Y/N
Complete assigned readings	
Take notes from readings	
Review notes from readings	
Attend lecture and take notes	
Review lecture notes	
Create personal study guides	
Attend SI sessions	
Attend study group(s)	
Talk with a professor about exam	
Mind-mapping or diagramming	
Review past homework and quizzes	
Complete practice problems	
Study from flashcards	
Other:	

Step 2: How will you carry out your chosen study strategies? Sample questions are provided to help you get started.

1. Who will you study with?
2. Where will you study?
3. What time(s) during the day will you study?
4. How long will each study session be?
5. How will you balance studying with your other commitments?

Step 3: Use this space to list study materials and other resources you will need to prepare. Examples include your lecture notes, office hours details, and SI session times.

Post-Exam Reflection

Which study strategies do you think were most effective?

Which study strategies do you think were not effective?

What adjustments will you make when preparing for your next exam?

Commitment Plan for Next Exam

To improve my performance on the next exam, I will...
