

GENERAL INFORMATION HANDBOOK

Every individual who attends a college or university attends with one goal in mind– to receive a university degree. The experience at Purdue, however, is much more than that. At Purdue University, students seek opportunities to pursue a well-rounded education. It is for this reason that Purdue University, a primarily technical and scientific institution, maintains, among other cultural organizations, fine concert and marching bands, orchestras, and jazz ensembles. Purdue Bands & Orchestras provides students with an opportunity for cultural experiences in the rehearsal and performance of classical, romantic, and contemporary music.

Realizing that many come to Purdue with a considerable investment of time, money, and talent in instrumental music experiences, the university desires to provide the opportunity to continue to develop and enjoy this investment. The Purdue Bands & Orchestras provides opportunities for students to participate in as many of our performing organizations as talent, time, and interest allow. Students are encouraged to audition for positions in the: Philharmonic Orchestra, Symphony Orchestra, Wind Ensemble, Symphonic Band, Concert Band, Collegiate Band, Varsity Band, University Band, "All-American" Marching Band, Boiler Box Band, Boiler Brass and Gold & Black Sound, Purdue Jazz Band, American Music Repertory Ensemble, Concert Jazz Band, Lab Jazz Band, and Guitar Ensemble. A complete program of private lessons is also available through the Applied Music Program.

Opportunities are also provided for students to gain valuable leadership experience. For many, this has proven to be most valuable following graduation from the university and upon entrance into the workplace.

With these goals in mind, Purdue Bands & Orchestras functions to serve our students. We hope that your association with the bands and orchestras at Purdue will prove as rewarding to you as it has to those who have gone before you.

Read through this handbook, and retain it for reference. It contains most of the answers to questions you will have as you participate in the various organizations within Purdue Bands & Orchestras.

2.0 Hazing Policy

The anti-hazing document is designed to provide a vehicle to stimulate open discussion of the topic of hazing and how it impacts student organizations. This contract should help create an environment within Purdue Bands & Orchestras where faculty, staff, and students can participate in a safe and healthy environment, while pursuing the mission, goals, expectations, and policies of Purdue University and Purdue Bands & Orchestras.

Purdue University Regulations and Procedures for Recognized Student Organizations

Policy Against Hazing

(Administrative Approval, February 11, 1994)

- A. Certain forms of hazing are criminal offenses in Indiana. All forms of hazing are prohibited by Purdue University both on and off campus.
- B. Hazing means forcing or requiring another person, regardless of that person’s consent, to perform an act that:
 1. Creates a substantial risk of physical harm;
 2. Substantially or seriously demeans or degrades any person; or
 3. Interferes with any person’s scholastic activities.
- C. Any hazing allegation against a student organization will be investigated by the University. If found guilty in a disciplinary action, the student organization may incur a disciplinary penalty as specified in “Violations of Rules and Regulations.” University action occurs whether or not civil or criminal actions take place.
- D. In addition to action taken against a student organization, the University may take action against individual students for hazing when their conduct falls within “Regulations Governing Student Conduct, Disciplinary Proceedings and Appeals,” section B-2.
- E. Any person suffering or witnessing a hazing activity is strongly encouraged to report the incident to the staff of the Office of the Dean of Students.

- F. The president of each student organization is responsible for informing pledges, affiliates, initiated members, and guests of this policy.

Indiana Hazing Law

§ 34-30-2-150. Hazing

IC 35-42-2-2 (Concerning persons for reporting or participating in proceedings concerning hazing).

§ 35-42-2-2. Criminal recklessness -- Exemption from liability resulting from hazing reports.

- (a) As used in this section, "hazing" means forcing or requiring another person:
- (1) with or without the consent of the other person; and
 - (2) as a condition of association with a group or organization; to perform an act that creates a substantial risk of bodily injury.
- (b) A person who recklessly, knowingly, or intentionally performs:
- (1) an act that creates a substantial risk of bodily injury to another person; or
 - (2) hazing; commits criminal recklessness, a Class B misdemeanor. However, the offense is a:
 - (1) Class A misdemeanor if the conduct includes the use of a vehicle;
 - (2) Class D felony if it is committed while armed with a deadly weapon; or
 - (3) Class C felony if it is committed by shooting a firearm from a vehicle into an inhabited dwelling or other building or place where people are likely to gather.
- (c) A person who recklessly, knowingly, or intentionally:
- (1) inflicts serious bodily injury on another person; or
 - (2) performs hazing that results in serious bodily injury to a person; commits criminal recklessness, a Class D felony. However, the offense is a Class C felony if committed by means of a deadly weapon.
- (d) A person, other than a person who has committed an offense under this section or a delinquent act that would be an offense under this section if the violator was an adult, who:
- (1) makes a report of hazing in good faith;
 - (2) participates in good faith in a judicial proceeding resulting from a report of hazing;
 - (3) employs a reporting or participating person described in subdivision (1) or (2); or (4) supervises a reporting or participating person described in subdivision (1) or (2); is not liable for civil damages or criminal penalties that might otherwise be imposed because of the report or participation.
- (e) A person described in subsection (d)(1) or (d)(2) is presumed to act in good faith.
- (f) A person described in subsection (d)(1) or (d)(2) may not be treated as acting in bad faith solely because the person did not have probable cause to believe that a person committed:
- (1) an offense under this section; or
 - (2) a delinquent act that would be an offense under this section if the offender was an adult.

In addition:

- Inappropriate behavior will not be tolerated by Purdue Bands & Orchestras. It is the responsibility and expectation that all band students intercede, within reason, if hazing is suspected and report the incident to a faculty or staff member immediately.
- Allowing oneself to be hazed is as unacceptable as doing it to others.
- This policy covers activities which might involve students both on and off campus.
- Consequences for the violation of hazing policies may be severe. Incidents will be reported immediately to university police and the Dean of Students Office for investigation and action. Sanctions on behalf of Purdue Bands & Orchestras may include suspension from department or removal from the department. The Dean of Students may impose further penalties as noted in university policy.

- Students with knowledge of hazing who choose not to report the incident will also be subject to university discipline.

All students, directors, and staff have a responsibility to act as role models for the greater university community. Language, behavior, and actions of our students, directors, and staff must reflect a strong commitment to the mission of Purdue Bands & Orchestras and Purdue University.

It is the obligation of all band students to address inappropriate behavior or actions. Students who believe that behavior of other band or orchestra members should be called into question should bring the matter to a faculty or staff member immediately.

3.0 Departmental Key Policy

- 3.1 Students who need daily access to particular rooms (such as Team Leaders or string students needing access to the String Storage Room), must see Janet Baker in Elliott 135. Students who obtain such keys will be required to turn in the key to the Administrative Assistant at the end of each semester or on completion of the activity for which the key is required. Keys to the Library, Uniform Storage Area, Instrument Storage Room, and Student Life/Advancement Office WILL NOT be issued to students in any other manner than through this procedure.
- 3.2 The following rooms will be locked when they are not in use by a faculty member, and will require a key if they are to be used by a student: Rooms 15 and 30; Percussion Studio; Library, Supply and OPS office, Student Life/Advancement Office, and the Slayter Center Rehearsal Room. Students who wish to use one of these rooms must secure a key to the room from the main office. Keys will be available for checkout during main office hours only– 8:00 a.m. to 4:00 p.m. Students who wish to use a room after office hours must make arrangements to pick up a key during the posted hours, and should return the key at the agreed upon time.
- 3.3 Specific policies already in effect for the use of certain rooms such as practice/dressing rooms will remain in effect. Use of any room in the department will be governed by availability and will be based upon request on a first come first served basis. Usage of rooms by scheduled Purdue Bands & Orchestras courses will always take precedence.
- 3.4 Special events may require the use of a room or building key over a weekend or extended period of time. In general, arrangements should be made with individual faculty members or the Administrative Assistant, to obtain the necessary keys. A specific key return time will be agreed upon.
- 3.5 The responsibility for key usage and security of the facility in question rests with the student who signed out the key. Keys may NOT be passed on to other students. The student in possession of the key is responsible for locking and securing the room at the conclusion of the room usage. This procedure is to ensure that the building is kept secure at all times and that theft and damage is eliminated.

4.0 Band Truck Usage Policy

- 4.1 Only drivers who are 18 years of age (or older) who hold a valid driver's license and have been approved by Purdue University shall be allowed to operate the band truck. A driving record check will be done by Purdue to determine a student's eligibility. The driving record fee will be paid for by Purdue Bands & Orchestras. The band truck is available for use only for approved activities, Kappa Kappa Psi functions, or Tau Beta Sigma functions. Personal use by students is not permitted.

- 4.2 Students using the band truck must have the direct approval of a faculty or staff member, and will check out the keys to the vehicle in the main office before use. In addition, all applicable information on the truck sign-out sheet should be completed. Following use, the keys must be returned immediately. At the time of key return, the remaining information on the truck sign-out sheet (including mileage) must be completed.
- 4.3 The band truck may not be signed out for use during weekdays of the marching season between 2:30 and 6:00 P.M. without direct permission of the Director of Bands. Outside these time blocks, the truck may be used only if it has not been reserved. (See sign-out book).
- 4.4 All drivers will be individually and personally responsible for fines and other involvement in traffic violations. (This includes parking tickets).
- 4.5 The truck is loaned to the Purdue Bands & Orchestras; therefore, caution should be exercised at all times to maintain the exterior of the truck. The interior of the truck must be kept clean and spotless.
- 4.6 Seatbelts must be worn at all times by all passengers, in accordance with the Laws of the State of Indiana regarding the use of seatbelts. No more than three (3) passengers may ride in the front of the band truck.
- 4.7 The truck should be refueled by the driver whenever the tank falls below half-full. This is to be done at the Purdue Transportation Facility using the "swipe card" available in the main office.
- 4.8 There will be no personnel carried in the bed of the truck, unless it has been cleared with a staff member and is absolutely necessary to insure the safe transportation of musical instruments. Only cased instruments will be transported on the truck. The only exception is percussion equipment for which no cases are available. Care must be taken to avoid any damage to the side panels or bed rails during loading or unloading of equipment.
- 4.9 Any damage or accidents involving the band truck should be immediately reported to the Director of Bands. Students who operate the band truck in an unsafe manner, or who conceal damage to the vehicle will be removed from the approved drivers list and will be subject to appropriate departmental and university discipline.

5.0 Practice Room Policy

- 5.1 The practice rooms on the fifth floor of the Hall of Music above the "Green Room" may be used for practice by the students officially registered for courses taught by Purdue Bands & Orchestras. Use of these rooms by other individuals must be cleared in advance with the Director of Bands or his designee.
- 5.2 Use of the practice rooms by students is controlled through the use of a sign-up system. Students wishing to reserve a room for use at a particular time should sign-up in the reservation booklet provided in the main office. Practice rooms are scheduled in half-hour intervals between the hours of 7:30 a.m. and 10:00 p.m. on weekdays and 7:30 a.m. to 3 p.m. on Saturday. Students who have a need to use the rooms at other times must discuss this with the Administrative Assistant, and make special arrangements for use of and access to the room.
- 5.3 The practice room schedule booklet covers a period of two weeks– the current week and the upcoming week. Rooms may not be scheduled any farther in advance than what is listed in the book. In addition, students are asked to not schedule more than one consecutive hour in the room to allow

access to all students. If a room has not been scheduled at the end of your time and you wish to continue using the room, you may do so.

- 5.4 The use of practice rooms for course-related activities takes precedence over individual practice. Rooms may need to be closed for ensemble use at times or private teaching by Applied Music Staff. Such scheduling will be noted in the schedule book. Dressing rooms are often off-limits when being used for a Hall of Music performance.
- 5.5 Rooms that are open and not in use may be used by students as needed. However, students who have signed-up for the use of a room will have precedence. Students who have signed-up for a room, but fail to appear, will lose that precedence after a ten minute "grace period." If you schedule a room for usage and find you will be unable to use the room, please have the courtesy to remove your name from the reservation book in advance.
- 5.6 Practice rooms are to be left in good order after each usage. Food and/or drinks are not permitted in the practice rooms at any time. The pianos are to be treated as any other musical instrument and not abused in any manner. Please police the room at the end of your session, and clean up any messes you may find. If you note any damage to the room or its contents, please report this to the Administrative Assistant in the main office immediately. If you bring any extra chairs or stands into the room during your session, please put them back at the end of your session.
- 5.7 The large rehearsal rooms (Rooms 15, 30, and Slayter Center) are not intended for individual practice, and should not be used for such unless specifically scheduled with one of the Purdue Bands & Orchestras faculty. The use of the large rehearsal rooms for ensemble rehearsal or meetings is scheduled in the main office on a first come, first served basis when the rooms are not already scheduled for course activities. A schedule for room 15 & 30 is prepared each week, which delineates the regularly scheduled usage of these rooms during the semester. A weekly schedule is posted on at the entrance to each rehearsal room. The Administrative Assistant will assist you in completing the proper paperwork and scheduling process should you desire to schedule the rehearsal rooms for usage. Equipment in any of the available rooms must not be moved from the room without permission of the Purdue Bands & Orchestras faculty. Permission to use the rehearsal rooms does not include permission to use any of the equipment stored in those rooms unless granted as part of the individual usage agreement.

6.0 Facilities Usage Policy

- 6.1 Any organization wishing to use Purdue Bands & Orchestras facilities (Rooms 15 and 30, Slayter Center, and the Band Lounge) must request and schedule such use in advance (two weeks prior). Complete details of the intended usage must be provided to the Administrative Assistant.
- 6.2 All setup, tear-down, and maintenance concerns involved in the usage of the facilities are the responsibility of the organization using the room. Arrangements should be made in advance to see that the facilities are returned to their proper condition immediately after usage. This includes the cleaning of floors and dry erase boards, replacement of chairs and stands, and removal of any equipment brought into the room from some other location. Any time extensions necessary to accomplish this must be approved in advance by the Director of Bands.
- 6.3 Equipment stored in the rehearsal rooms is the property of Purdue Bands & Orchestras. The use of this equipment is not included when permission is granted to use the room, and must be specifically approved in advance. This includes pianos, sound systems, music stands, and musical instruments and equipment. Removal of any equipment from the rooms is prohibited without prior consent. Equipment

which is permitted to be removed from the rooms may never be left in the hallways unattended. It must be stored in a secure location as determined by the Director of Bands.

- 6.4 Special decorations or alterations to the room beyond normal chair or table setup must be approved in advance. Tape should not be used to affix anything to painted surfaces, ceiling, or sound baffles. All rooms in Elliott Hall are considered non-smoking facilities, and alcoholic beverages of any sort are also prohibited. Approval must be obtained in advance to serve any food or beverages in the rehearsal rooms. Such approval will be granted only with the assurance of the event sponsor that the rooms will be thoroughly cleaned, and that trash will be removed immediately after the event. Arrangements should be made to see that the room is unlocked for your usage, and is locked again immediately after usage. In general, keys to departmental facilities will not be signed out to individuals, except as a last resort.
- 6.5 Final approval of requests to use Purdue Bands & Orchestras facilities will be the responsibility of the Director of Bands. All questions concerning the usage of the facility should be directed to that individual.

7.0 Announcements

- 7.1 Announcements pertaining to band business will be posted on the appropriate bulletin boards located in the Hall of Music. Unauthorized or inappropriate bulletins will be taken down. Bulletins may not be posted on painted walls or on the glass entry doors to the Hall of Music. All students should make an effort to read the bulletin boards daily.
- 7.2 A calendar of weekly band and orchestra events will be maintained by the Administrative Assistant. Information to be posted on this calendar should be emailed to the Administrative Assistant by Thursday, one week prior to the date of the event.

Exceptions may be recommended by the instructor for approval by the Director of Bands. Payment of the course fee and activity fee will still be required. Ivy Tech students are required to apply for non-degree status.
- 11.5 Participation in other activities with the band and orchestra program, such as membership in the Volunteer Management Teams, Kappa Kappa Psi, or Tau Beta Sigma have additional academic requirements. Refer to the recruitment materials for the societies for their specific requirements and to section 18.2 for student officer requirements.

11.6 Applied Music Studies (private lessons) are offered to interested students for those wishing to study piano, guitar, violin, trumpet, horn, cello, tuba, flute, and clarinet. Applied Music Studies are offered on a credit or noncredit basis. Students wishing to take Applied Music for academic credit MUST register for the eight one-hour lesson package, and should sign up for BAND 120. One hour of academic credit will be awarded for successful completion of this lesson package, and grading is on a pass/fail basis. All participating students must pay for the lessons. The Applied Music Studies program utilizes adjunct faculty.

12.0 Fees

12.1 A laboratory fee of \$70.00 is collected from every student enrolled in Purdue Bands & Orchestras by the University Bursar. This fee entitles the student to check out any and all university-owned instruments, uniforms, lockers, and approved music for the band or orchestra organization to which the student is assigned. Payment of this lab fee is noted on the student's fee receipt slip.

12.2 The laboratory fee is to be paid only once each semester regardless of the number of ensembles in which a student enrolls. Students who are charged more than once should see the Administrative Assistant for an appropriate refund form.

12.3 In addition to the laboratory fee, ALL students participating in any Purdue Bands & Orchestras course, other than BAND 120, are required to pay an additional activity fee. This fee will be billed through the Accounts Receivable Office. The fee for ALL participants in BAND 110, Marching Band, is \$100.00, which covers game day refreshments, t-shirts, travel, dry cleaning, and attendance at both the fall and spring banquets. ALL students participating in any course other than BAND 110 or BAND 120 are required to pay an activity fee of \$50.00 each semester, which covers hall rental expense, minor travel experiences, and attendance at the fall and spring award banquets.

13.0 Attendance

13.1 Students are expected to attend all rehearsals and performances of the organization to which they are assigned. They are expected to report promptly and with their instruments in good playing condition. They are also expected to wear the proper uniform for their organizations and to present this uniform in a professional manner.

13.2 Students expecting to be absent from a rehearsal, tardy to a rehearsal, or who plan to leave a rehearsal early are expected to notify the director of the organization by filling out an attendance request form. These may be accessed at the Purdue Bands & Orchestras website (www.purdue.edu/bands/students). Merely filing out a form does not mean an absence will be excused, it is simply an explanation of why you will be absent, tardy, or leaving early.

13.3 Students are expected to attend all dress rehearsals and public performances without exception. An excessive number of absences (excused or unexcused) will affect your grade. The following reasons will be considered excusable:

1. Sickness or emergency (check-in at Student Health Center).
2. Inability to be excused from a regularly scheduled university class, to be supported with a note from the instructor of said class.
3. Death in the immediate family.
4. Severe illness in the immediate family.

- 13.4 A student who must be absent from a dress rehearsal or a performance must file the attendance request in advance of the performance or rehearsal date. Each person must file this request personally and each request is to be filed separately (See Section 14 on Grades). IF UNEXCUSED, ABSENCE FROM A DRESS REHEARSAL WILL RESULT IN A LOWERED GRADE.
- 13.5 Any student missing a performance, UNEXCUSED, will receive a failing grade for the class. A personal conference with the director of the affected organization should be scheduled immediately.
- 13.6 Each course instructor will publish a printed course syllabus detailing the policies of the organization, including attendance policies. **Individual course policies may expand upon the above listed policies at the discretion of the instructor and, as such, will supersede the policies listed here.**

14.0 Semester Grades

- 14.1 At the close of each semester, grades are given for all Purdue Bands & Orchestras classes. Individual student grades will be awarded by the course instructor on the basis of information contained in the course syllabus.
- 14.2 Any and all grade discussions and/or appeals should be handled through the respective course instructor first. A formal written appeal may be filed with the Director of Bands if a resolution is not obtained through the instructor. Such appeal must contain full written documentation of the alleged problem with substantiated reasons for the proposed grade change. The Director of Bands will schedule a meeting with the parties involved to seek a reasonable solution to the dispute.

15.0 Participation In Other Musical Organizations

- 15.1 Purdue Bands & Orchestras as a matter of policy does not discourage students from participating in other campus or community musical organizations. However, in no case will students be excused from regular band and orchestra classes, dress rehearsals, or performances to participate in other musical groups.

16.0 Withdrawal From Band and Orchestra Classes

- 16.1 When withdrawing from band or orchestra during the semester, the student must also go through the add/drop procedure with the registrar's office, in order for the band course to be removed from the student's records and schedule. Failure to carry out this step will result in a failing grade in the band course being dropped.
- 16.2 Uniforms, equipment, music, and instruments are due immediately upon withdrawal from band or orchestra classes. The student will be assessed a fine for the entire replacement cost of the equipment.
- 16.3 All late charges, fines, and fees will be assessed by and collected by the Bursar's Office. Failure to pay in a timely manner will result in the encumbrance of the student's records and grades, thus preventing subsequent registration for classes and transcript copies.

18.0 Student Staff

- 18.1 In order to maintain the high standard of excellence and nationwide reputation that has been achieved by Purdue Bands & Orchestras, it is essential that the bandsmen, officers, and band staff work closely together. Students serving as team leaders have an opportunity to acquire and develop invaluable leadership experience. Such experience will prove most valuable to them following their graduation from college and upon entrance into their profession.
- 18.2 Participation in activities within the department – such as serving in a volunteer or leadership position – requires that at least a 2.50 cumulative and previous semester index be maintained. Each team leader's eligibility will be reviewed after each semester.
- 18.3 If an active team leader does not meet the grade requirements, the next semester following they will be on probation. Their duties and responsibilities will be reduced, but they will still be eligible for their positions. If the grade requirement is not met the following semester, they will be dismissed from the team and will have to re-petition for future participation.
- 18.4 Team Leaders will receive a key to his/her respective office, and may obtain the necessary key(s) from the Administrative Assistant. These keys are due at the end of the school year or whenever the officer relinquishes command of his/her team. Other officers may check out keys to their respective offices, as governed by the Departmental Key Policy. (Section 3.0).

19.0 Functions of the Volunteer Management Team

Students should acquaint themselves with the basic functions of the several student teams.

- 19.1 The Executive Team Leader has the responsibility of coordinating and administrating the activities of the various team leaders, including scheduling and coordinating regular meetings of the team leaders. The Executive Team Leader shall function as a liaison between the team leaders and the faculty.
- 19.2 The Clothing and Uniform Team is in charge of the storing, securing, maintaining, issuing, and checking-in of the uniforms and costumes of Purdue Bands & Orchestras. Uniforms and/or costumes will be issued to all or a portion of an ensemble based on the active ensemble lists provided by the directors.
- 19.3 The Library Team is in charge of all band and orchestra music. The librarian is responsible for the processing, maintenance, and filing of all music used by the department.
- 19.4 The Supply and Equipment Team is in charge of the care, maintenance, issuance, and recovery of all university-owned instruments and instrument equipment. The Supply Office will issue instruments and equipment to those students who need an instrument.
- 19.5 The Student Life Team is responsible for all non-official student records, collation of materials, and recruitment mailings put forth by the department. This office is responsible for assisting the public relations staff in announcing upcoming band and orchestra events and attending recruitment fairs and other off-campus recruiting opportunities. The Student Life Team is, furthermore, responsible for maintenance of the student officer records, schedules, band ribbons, student events, and more.
- 19.6 The Operations and Logistics Team is responsible for all departmental equipment and props. During the fall semester, the Operations and Logistics Team attends to the needs of the ensembles.

- 19.7 The Advancement Team will assist the Director of Bands and student service advancement staff in the day to day operation of advancement and fundraising activities. Members will correspond with donors, coordinate departmental advancement events, as well as major award presentations.
- 19.8 The Technology Team is responsible for the maintenance and creation of technological tools to assist any of the department's staff, students, and organizations. Members will assist with all departmental A/V needs, production of recordings, specialized lighting, and app/web development.
- 19.9 In addition, the leader of each team is responsible for the recruiting, training, and maintenance of a suitable staff to assist in conducting the business of each team, and the maintenance of an up-to-date operations manual for the individual team.

20.0 National Honorary Fraternity

- 20.1 Kappa Kappa Psi, the national honorary band fraternity, was founded in Stillwater, Oklahoma in 1919 for the purpose of promoting fellowship among college bandmen. The Gamma Pi chapter was installed at Purdue University in 1956.
- 20.2 Students who have made considerable contributions and show an interest in serving the band program may be selected into the membership of Kappa Kappa Psi, based on the Bylaws of the chapter concerning candidacy and active membership.
- 20.3 Kappa Kappa Psi serves the department in three major areas:
1. As a musical organization, promoting the musical welfare and excellence of the department.
 2. As a service organization, performing projects and other works for the benefit of the department.
 3. As a social organization, promoting and sponsoring social activities for their own members and for members of all the band programs.

In particular, Kappa Kappa Psi operates merchandise stands prior to pre-game concerts, and at selected performances in the Spring. (Kappa Kappa Psi also provides support towards the annual Jazz on the Hill Concert at Slayter Center).

21.0 National Honorary Sorority

- 21.1 Tau Beta Sigma, the national honorary band sorority, was founded at the University of Texas in 1945. The Beta Sigma chapter was installed at Purdue University in 1959.
- 21.2 Students who have made considerable contributions and show an interest in serving the band program may be selected into the membership of Tau Beta Sigma, based on the Bylaws of the chapter concerning candidacy and active membership.
- 21.3 Tau Beta Sigma serves the department in three major areas:
1. As a musical organization, promoting the musical welfare and excellence of the department.
 2. As a service organization, performing projects and other works for the benefit of the department.
 3. As a social organization, promoting and sponsoring social activities for their own members and for members of all the band programs.

In particular, Tau Beta Sigma coordinates the sales of band accessories from the Kloset, serves as usher for indoor concert events, and ushers during the Leath Scholarship Auditions.

Rehearsals And Performance Procedures

22.0 Group Performance Policy

Public performance is an important aspect of membership in the Purdue Bands & Orchestras. Regular public performances are scheduled for every organized band ensemble each semester. Many student members of are also called upon to participate in various solo or ensemble performance situations outside of regularly scheduled or organized ensembles.

As a general rule, such public performance is encouraged as long as it does not interfere with a student's obligations to a particular ensemble. Students must be aware, however, that the name of Purdue Bands & Orchestras is important, and that any performance that either in actuality or by implication involves the use of that name must fall under the same control and considerations as performances by organized Purdue Bands & Orchestras ensembles. The name of Purdue Bands & Orchestras cannot be put into any position that will portray it in a questionable or negative manner.

As such, the following policies will be in effect concerning performances that involve Purdue Bands & Orchestras students, whether or not such performances involve the use of Purdue music, uniforms, or equipment:

- 22.1 No student may participate in any public performance that involves the name of Purdue Bands & Orchestras, or the use of Purdue University uniforms or equipment, without the express knowledge and permission of the Director of Bands.
- 22.2 Requests for public performances by Purdue Bands & Orchestras students that will involve the use of Purdue Bands & Orchestras name either directly or by implication must be referred to the respective ensemble conductor. This would include such activities as small pep bands, and performances at organized events.
- 22.3 Requests for public performance by Purdue Bands & Orchestras students as an organized Purdue University group should be made to the ensemble director writing. Request should include complete performance details, the date and time of the event, type of group requested, and other pertinent details.
- 22.4 Public performances by any ensemble that in some way represents Purdue Bands & Orchestras will require the attendance of a Purdue Bands & Orchestras faculty or staff member as deemed necessary by the Director of Bands.
- 22.5 Transportation to any group performances outside of the local community will require the use of university transportation as determined by the Director of Bands.
- 22.6 Any student who wishes to perform or speak publicly as a stated or implied representative Purdue Bands & Orchestras must clear such appearances with the Director of Bands.

This policy is not meant to restrict public performances by students as members of church, club, or personally organized groups, or as soloists with groups or organizations outside of Purdue Bands & Orchestras. Students may certainly cite any performance credentials they have with the Department of Purdue Bands & Orchestras in such instances. The key to this policy lies in the use of the Purdue Bands & Orchestras name. Students who have any concerns with performance activities should discuss the situation with the Director of Bands or a member of the Bands faculty.

23.0 Rehearsal Schedules

- 23.1 A complete listing of the band rehearsal schedule is provided in Section 10.0 and is subject to change. A master calendar for the department, listing all approved activities and performances, is maintained by the Director of Operations.
- 23.2 Any student organization wishing to schedule a performance or activity must apply through the Administrative Assistant. This performance or activity must be approved by the Director of Bands before it can be completed.
- 23.3 Occasionally, a sectional rehearsal may be scheduled by the ensemble conductor.
- 23.4 A dress rehearsal is usually held in the concert hall before the date of a concert. Dates and times of all dress rehearsals will be included on the course syllabus.

24.0 General Procedures

- 24.1 There will be no playing of musical instruments in the hallways of the Hall of Music before, during, or after rehearsals.
- 24.2 Attendance will be taken by the director of the organization or his/her designee during the indoor rehearsal, or formation at the drill field.
- 24.3 In keeping with the university policy, there will be no smoking, eating, or drinking (exception: bottled water) in the classrooms at any time. This includes regularly scheduled classes, as well as special or extra rehearsals.
- 24.4 There will be no drinking of alcoholic beverages while participating in any departmental activity, **prior to any rehearsal**, during travel to any activity, or while in any part of the uniform.
- 24.5 Instrument storage lockers are available to all students enrolled in a band or orchestra. Locks are provided for each locker and must be used. Locks other than those provided will be cut off. Students wishing to procure a locker should report to the Supply Team during posted office hours.
- 24.6 It is highly recommended that all instrument cases and purses be kept in lockers during band or orchestra classes. Items left outside of lockers in the storage room or band lounge will be collected by a member of the Supply Team.

25.0 Commencement Ensemble

- 25.1 Students enrolled in any major ensemble during the semester in which they receive their undergraduate or graduate degree from Purdue University and who have previously participated in a departmental ensemble for a minimum of five semesters, may participate with the Commencement Band at Commencement, and receive their diploma from the President of the University.
- 25.2 Students who qualify (See 25.1) and who graduate during either the summer or the fall semester may also perform with the Commencement Band at that ceremony and receive their diploma from the President of the University.

- 25.3 All graduating seniors who wish to participate as a member of the Commencement Band for their Commencement should notify the coordinator of the commencement band by completing the appropriate paperwork.
- 25.4 All students providing music at Commencement will receive an honorarium, housing and meals. Mileage for August Commencement will be paid to those who will be traveling from outside of Tippecanoe County up to 300 miles roundtrip. Students wishing to be considered for Commencement duties will be required to submit a petition during the semester to the conductor of the Commencement band. Students are required to attend each rehearsal and Commencement at the times designated by the director. Students who fail to report at the designated times will forfeit the honorarium. Attire for the Commencement exercises will be black tux (black shoes and socks) for men, and solid black dress for women. There will be no auditions. Seating in the ensemble will be based on the previous semester's ensemble placement and balance priorities. The Commencement Band will number between 55-65 musicians.

26.0 AAMB Specific Policies

- 26.1 A complete explanation of policies and procedures that pertain to the Marching Band is contained in the Marching Band Handbook. Students should refer to that publication for further information.

Equipment

27.0 Storage of Instruments

- 27.1 Individual storage lockers are provided free of charge for all students enrolled in band or orchestra classes. The students should acquire a locker assignment from the Supply Team (Room 54) during posted office hours, and this locker would hence be that student's locker for the duration of the semester. Locks are provided for each locker and must be used at all times. Locks, other than those provided by the university will be removed and contents of the locker will be confiscated. Instruments not stored in storage area must be completely removed from the facility when not in use.
- 27.2 All instruments must be returned to their cases after use at rehearsals or at concerts. Cases will be closed and placed in the proper lockers.
- 27.3 Under no circumstances will one student use another student's instrument with or without his/her permission. The same applies for the interchange of mouthpieces and other accessories.
- 27.4 Instrument storage facilities are provided for the convenience of enrolled students, but neither the university nor Purdue Bands & Orchestras will be held responsible for the security of instruments. It is strongly suggested that all instruments be insured.

28.0 University-Owned Instruments

- 28.1 All university-owned instruments, lockers, and equipment are checked out from the Supply Team. University equipment and lockers are to be returned immediately at the end of the semester, or immediately upon termination of enrollment in an organization. Furthermore, students using university-owned equipment are held fully responsible for the maintenance and repair of equipment.

- 28.2 The department maintains a large selection of musical instruments. These are loaned and are available only to those students who are official members of a Purdue Bands & Orchestras organization.
- 28.3 Miscellaneous small items, such as mutes, are checked out through the Supply Team. Accessories are issued only with the authorization of the director of the concert organization. Appropriate fines may be levied for loss or breakage.
- 28.4 The student is responsible for equipment and/or accessories issued to him/her. All items are numbered and easily identifiable. The student will be expected to reimburse the university for lost or damaged items. Equipment checked out from the Supply Team may not be loaned to or “traded” with another student. Each bandsman is authorized to use only that equipment which he/she personally has checked out. Should a staff member ask that certain instruments be shifted to different students, this must be done through the Supply Team.
- 28.5 Any and all damage to a university owned instrument should be reported immediately to both the director of your ensemble.
- 28.6 The university must be reimbursed for lost or damaged items issued by the Supply or Clothing Team. These charges will be determined by the staff member in charge of the Supply Team and/or by the Director of Bands. Supply and Clothing Team members do not have the authority to waive fines. All late charges, fines, and fees will be assessed by and collected by the Bursar’s Office. Failure to pay in a timely manner will result in the encumbrance of the student’s records and grades, thus preventing subsequent registration for classes and transcript copies.

29.0 Obtaining a University-Owned Instrument

- 29.1 University-owned instruments and equipment are issued to students without cost. To obtain a university-owned instrument for a concert band, the student be enrolled in an ensemble requiring that instrument, and must check it out from the Supply Team during posted office hours.
- 29.2 Students wishing to use university-owned instruments during the summer must obtain permission from the Director of Bands or designee during the last month of classes in the spring.
- 29.3 Rules for checking out percussion instruments differ from those of woodwind, brass, and string instruments. The only qualified users of any university-owned percussion equipment are percussionists who are currently enrolled in a band, applied music, orchestra class, or who are personally supervised by a staff member. Purdue Bands & Orchestras equipment is not to be used by anyone for private use.
- 29.4 Percussion equipment will be assigned to room 15, room 30, and the percussion studio based upon the requirements of each room, as determined by the staff.
- 29.5 Percussionists are not to remove any equipment from its assigned room without the specific permission or direction from a staff member. This includes all instruments, hardware, and implements (mallets, etc.). All percussion equipment and mallets should be returned to the percussion cabinet or location from which it came at the conclusion of each and every band rehearsal. Section leaders of each group are responsible for overseeing each of the members as they complete these details.

31.0 Obtaining a Band Uniform

- 31.1 To check out any uniform or costume, a student must be on the appropriate roster provided by the director(s).
- 31.2 All uniforms or costumes issued to a band student are entered into the Charms database by the Clothing Team. All students are responsible for all items checked out to them. These items must be returned in person by the posted return date and/or time. If a student returns a uniform or costume part with an identification number that does not correlate with their assigned item(s), they will be assessed a fine for the cost of the item(s) assigned to them, if the item is not found. Ultimately, students will be billed through the university for the full replacement cost of lost or badly damaged uniform or costume parts.
- 31.3 Students are held responsible for obtaining a good fit at the time that they are issued their uniform. A student is expected to bear the cost of minor alterations. If any alterations are necessary, no material may be removed from the uniform.
- 31.4 Under no circumstances may a student trade a uniform or any other piece of university owned equipment with another student, unless authorized by a director or the head of the Clothing Team.

32.0 Care of the Band Uniform

- 32.1 Upon issue, the uniform must be taken to the student's residence. Uniform or costume equipment found lying around the Hall of Music or anywhere on campus will be picked up and returned to the Clothing Team.
- 32.2 All uniform or costume equipment is issued freshly dry-cleaned in the fall. The students are expected to keep their uniforms or costumes dry-cleaned throughout the semester by the vendor supplied by Purdue Bands & Orchestras. Students should remove braids and suspenders and any personal belongings from the uniform or costume before having it dry-cleaned. White cotton gloves should be hand or machine washed in warm or cold water and air-dried. If they are machine dried they will shrink.
- 32.3 A regular dry cleaning service will be provided for students during the marching season. Uniforms needing cleaning may be brought to the band lounge at the time designated by the Clothing Team Leader.
- 32.4 After a uniform or costume item has been used, it should be laid out until it is completely dry. Never put away a damp uniform or costume on a hanger as it will most likely mildew.
- 32.5 The student is responsible for seeing that his or her equipment is not borrowed or used by any persons not enrolled in a band program. This policy has been established in order that the dignity of the Purdue Bands & Orchestras is maintained.

33.0 Uniform Check In

33.1 "All-American" Marching Band students must return their uniform(s) or costume(s) during the designated time. If the items are not returned within two weeks of the posted due date, the responsible party will be assessed the replacement cost of the non-returned items.

Charges for lost or damaged items are paid directly to the university. Students losing equipment will receive, by mail or email, a request for payment in the amount of the lost item. Students who fail to pay will not be allowed to register for classes and will have their grades encumbered.

- 34.2 Where there are mitigating circumstances, such as a hat being stolen at a football game and where the loss is reported to the director within a few hours, the loss may not be charged to the student, at the discretion of the Director of Bands.
