

# **BUSINESS INTELLIGENCE ADVISORY COMMITTEE**

**APRIL 8, 2020**

Business Intelligence Competency Center  
INFORMATION TECHNOLOGY

# Agenda

- **Introduction**  
Andrea Pluckebaum
- **Update on new BI Strategic Priorities Committee**  
Cherise Hall
- **Vision & BICC Tech Roadmap**  
Ethan Durda
- **Women in Data Science Tableau Presentation Briefing**  
Molly Amstutz
- **Data Community Check-in**  
All

# **UPDATE ON NEW BI STRATEGIC PRIORITIES COMMITTEE**

**CHERISE HALL**

# BI Advisory Committee

April 8, 2020

# Recharter and reinvigorate!

- **Previous name: BI Strategic Priorities Committee**
- **New Name : IDA+A and BI Strategic Priorities Committee**
  - Rita Clifford, IT Enterprise Solutions
  - Ethan Durda, BICC
  - James Johnson, IDA+A
  - Sarah Bauer, IDA+A
  - Cherise Hall, Provost Office/IDA+A
  - Kris Wong-Davis, EMAR
  - Stephanie Willis, SPS
  - Andrew Bean, FP&A
  - Eva Nodine, FP&A
  - Dave Robledo, Engineering
  - Andrea Pluckebaum, Management
  - Dave Krull, Human Resources
  - Amanda Carlson, Administrative Operations

**The IDA+A & BI Strategic Priorities Committee is a cross-functional team empowered by the institution to develop and coordinate a comprehensive plan and strategy around data and analytics. This will include data governance, technology, standards, and processes associated with Purdue data, its usage, and distribution.**

- **Develop a degree of coordination, while maintaining the distributed model of development.**
- **Improve coordination across teams concerning direction and use of sub-committees.**
- **Consider and define data as an asset to be used and maximized across Purdue.**
- **Clarify direction setting, communication, and task management channels.**

## RECOMMENDATION

- IDA+A will continue to house Data Governance and hold the responsibility of Chief Data Officer
- Each member of the IDA+A & BI Strategic Priorities Committee will be “part-owner” of the Chief Data Officer function

## IDA+A & BI Strategic Priorities Authority

- Sets direction across all data, tools, technology, and processes.
- Approves and supports committee action.
- Enforces behavior and helps address non-compliance.
- Reviews projects and initiatives for value propositions and provides prioritization support when needed.

# Next steps

- **IDA+A evaluate and document current landscape of data committees and teams.**
- **Review Training committee's recommendations and take action**
- **Share priorities from each area with the IDA+A and BI Strategic Priorities Committee to identify gaps and areas of overlap**

## Data Training - Survey

### Recommendations from Nov/Dec 2019 Survey

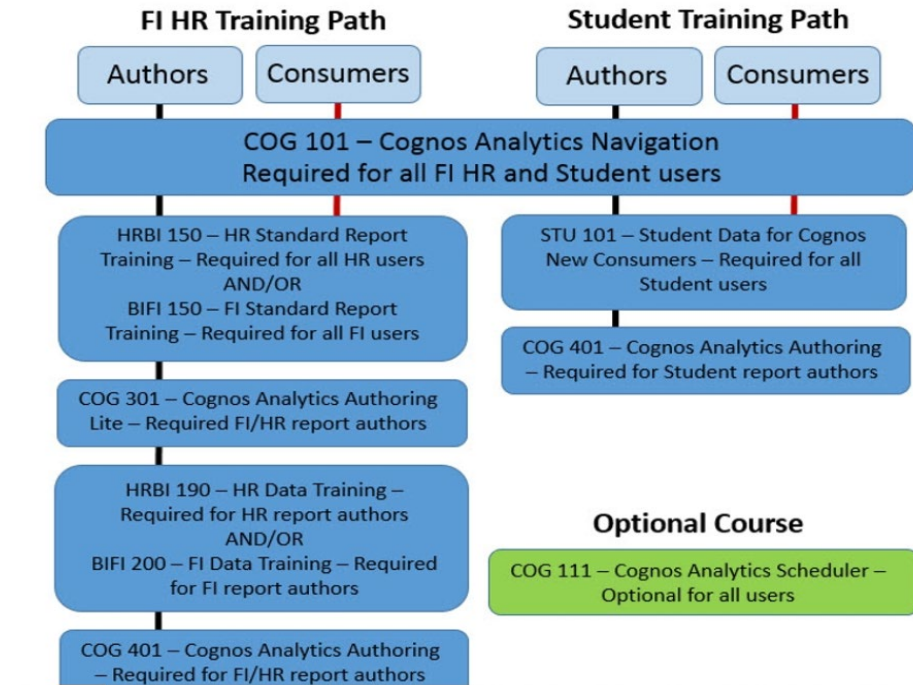

- Conduct Standard Report Training for Report Runners
- Conduct Training on Student and Financial Data
- Conduct Training on Data Digest/Management Dashboards
- Add How-to-Documentation, consider Cookbook
- Create a Central Location for all Training Resources

- **Use SuccessFactors Learn for all data (tool) training**
  - Create Standard Naming Conventions for data courses, showcases
  - Discuss recording attendance in SuccessFactors
- **Determine primary:**
  - Data (tool) training needs
  - Audiences
  - Resources needed
- **Develop a Communication Plan re: Data Training Opportunities**
- **Develop Training Paths based on Area**
  - Build upon what was previously done
  - Determine how granular (position-level?) needs to be

# Training

## Suggested Training Path Based on Area

Please remember to check with your supervisor to clarify which path you should follow for training.

# Training Current Work Group

- **Andrea Pluckebaum, Krannert**
- **Cindy Davis, HR Change, Training**
- **Cindy Moscrip, HR Change, Training**
- **Krista Anderson, Administrative Operations**
- **Monique Rawles, FP & A**
- **Sarah Bauer, IDA+A**

# **VISION & BICC TECH ROAD MAP**

**ETHAN DURDA**

# **BICC UPDATE - BIAC**

**April 8, 2020**

## **AGENDA**

- Who is this Ethan guy?
- Major BICC efforts in 2020
- What I've heard and what I've seen
- Oh yeah...

## **NEW BICC LEADERSHIP**

- Ethan Durda
  - New to Purdue...and Indiana
  - Long history of experience in BI
  - Excited to learn!
- Not hired to burn anything down
  - What was I brought in to do?
    - Help focus efforts
    - Provide support for the developers
    - Provide a new perspective that might be valuable to the institution

## **MAJOR 2020-21 BICC INITIATIVES**

- Major items in front of us:
  - Another Cognos upgrade to 11.1
  - Tableau upgrade
  - Card reporting services
  - HR initiatives around COVID-19 reporting and data
  - Degreeworks 5.0.3
  - ODS 9.1
  - Move to DQM for Cognos queries

## **WHAT I'VE HEARD, WHAT I'VE SEEN, WHAT WE'LL DO**

- What I've heard:
  - We don't know what the BICC is doing.
    - What I've seen:
      - We have everything out there...but it is hard to navigate.
    - What we'll do:
      - Build processes to bring our visibility up.
      - We currently use PPM Pro to track projects and have a public dashboard, we'll work on making it more clear what is being done and when it will be completed.

## **WHAT I'VE HEARD, WHAT I'VE SEEN, WHAT WE'LL DO**

- What I've heard:
  - We want to have more influence on BICC priorities.
    - What I've seen:
      - We struggle with limited influence ourselves across different parts of the organization. Many decisions are “right”, but not well advertised.
    - What we'll do:
      - Work with the IDA+A and BI Strategic Priorities Committee to set up a sub-committee to help prioritize across our solution set.
      - Make it more clear when specific tasks are moved to accommodate new higher priorities.

## **WHAT I'VE HEARD, WHAT I'VE SEEN, WHAT WE'LL DO**

- What I've heard:
  - We want something that the BICC doesn't offer.
    - What I've seen:
      - With such a rich decentralized model developing solutions across the university, we are behind on what all is out there and needed.
    - What we'll do:
      - Work with the IDA+A and BI Strategic Priorities Committee to clarify our offerings and ensure that everyone knows what we do and how to change our focus when needed.

## **SO THERE'S THIS COVID-19 THING**

- This has been an interesting time to join Purdue.
- I don't think that any plan we have will last the summer, but it's a start.
- Please help me and the BICC be more in tune with your needs so we take advantage of our skills and insight to navigate these waters.

# **WOMEN IN DATA SCIENCE TABLEAU PRESENTATION BRIEFING**

**MOLLY AMSTUTZ**

# *Women in Data Science Conference: Visualizing Data with Tableau*

Business Intelligence Competency Center (BICC)

Institutional Data Analytics + Assessment (IDA+A)

# *Agenda*

**Tableau Products**

**Basics Training**

**User Experience**

**Jedi/Advanced Training & Tips**

# Tableau Products

## Tableau Desktop

Called “the gold standard” in visual analytics, Tableau Desktop upended the business intelligence industry and ushered in a new paradigm of self-service insight.

## Tableau Prep

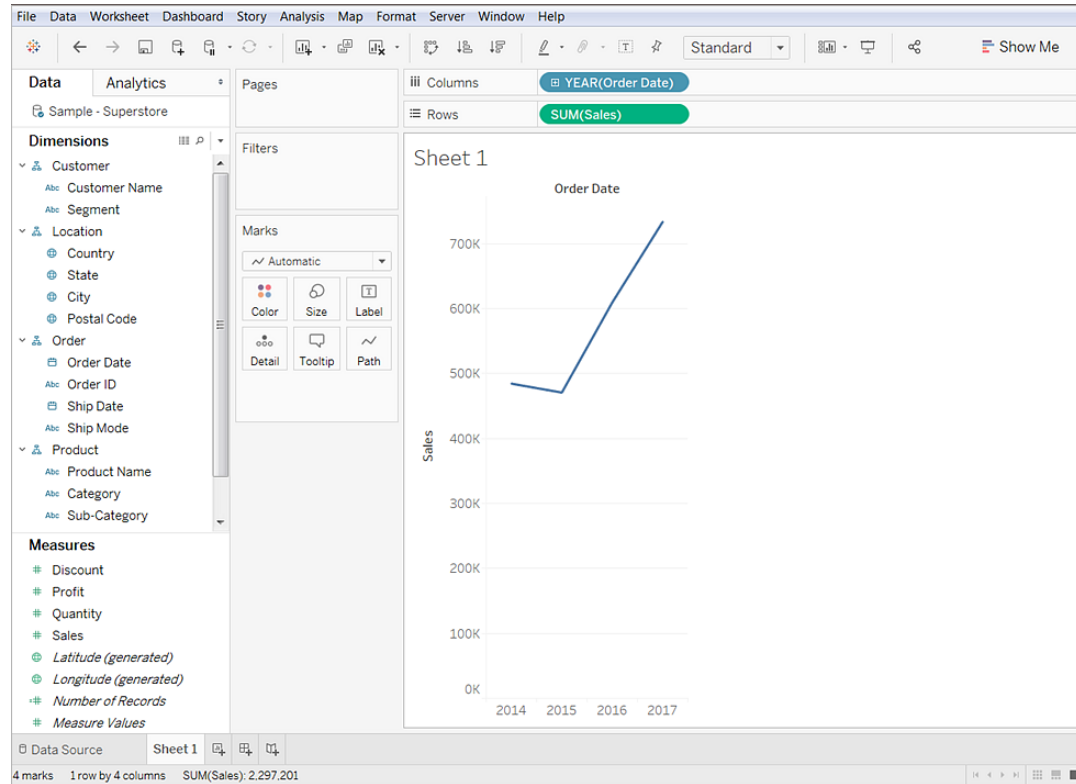

Tableau Prep empowers more people to get to analysis faster by helping them quickly and confidently combine, shape, clean and operationalize their data flows.

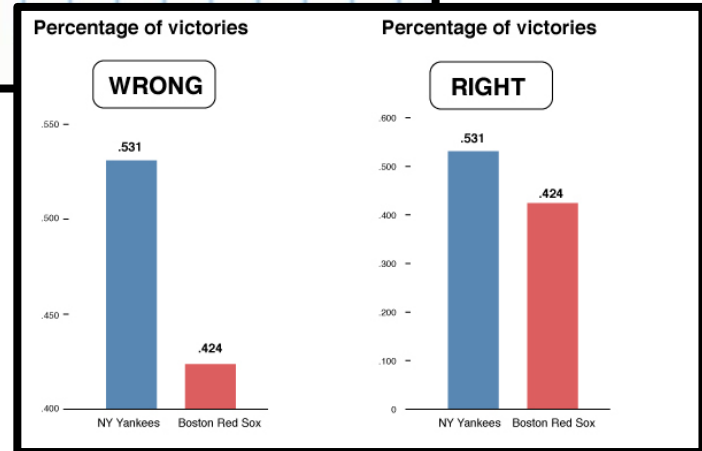

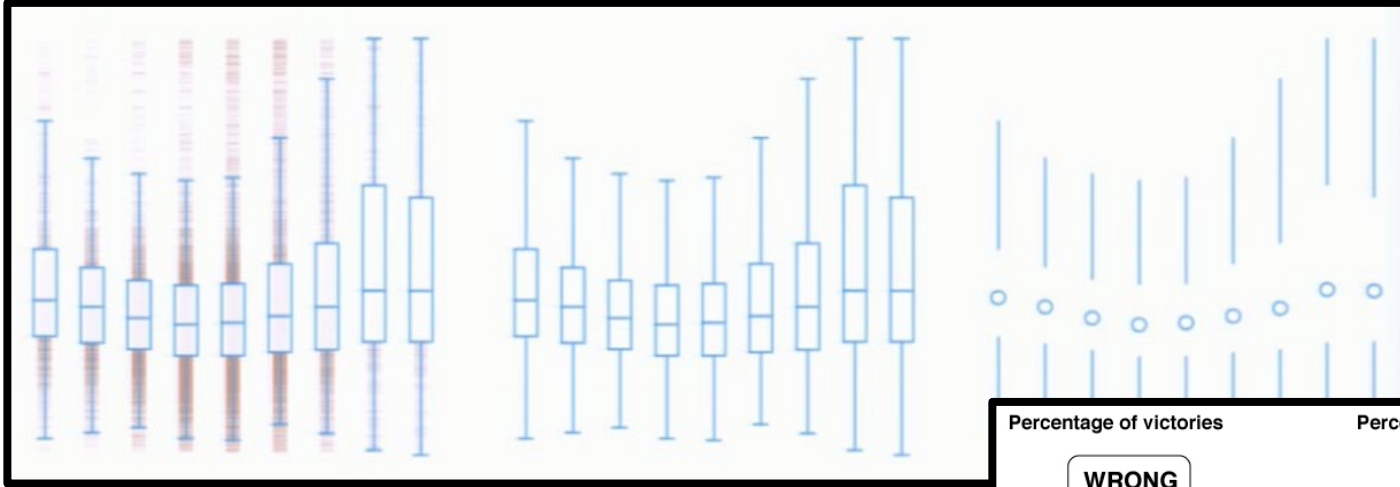

## Tableau Server

Share your data and dashboards to multiply your impact. Whether you keep your Server deployment on-prem or deploy to the public cloud you can keep the management of your server in your hands.

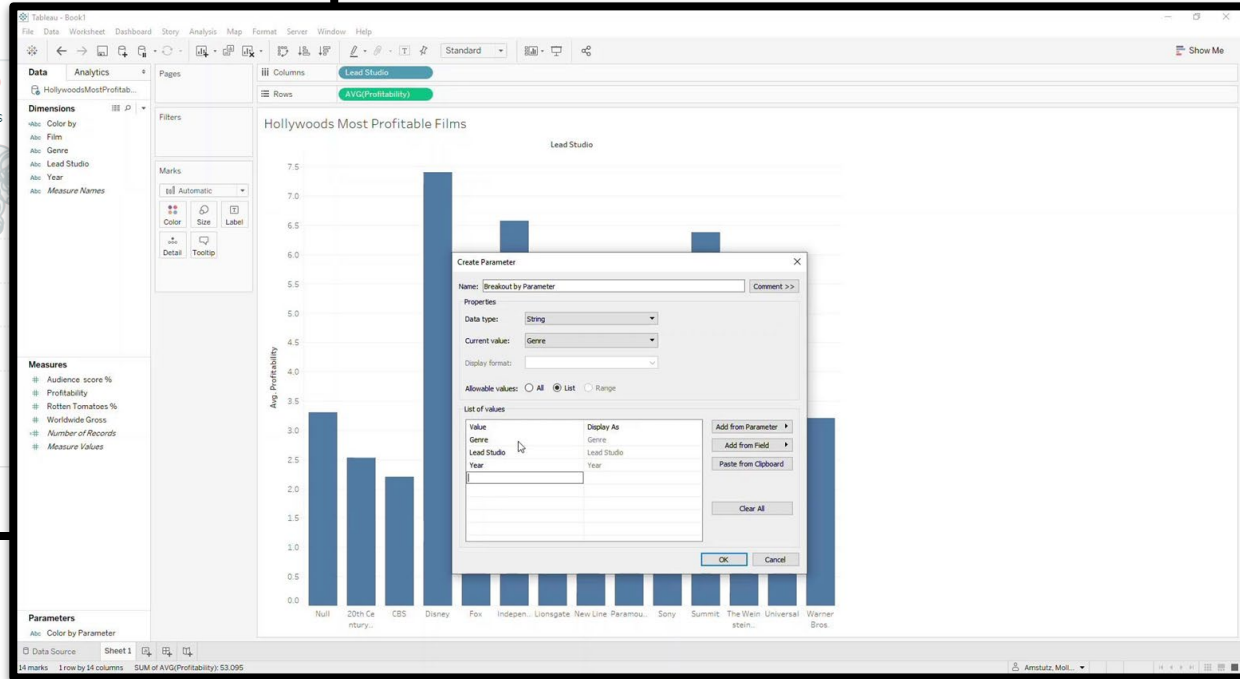

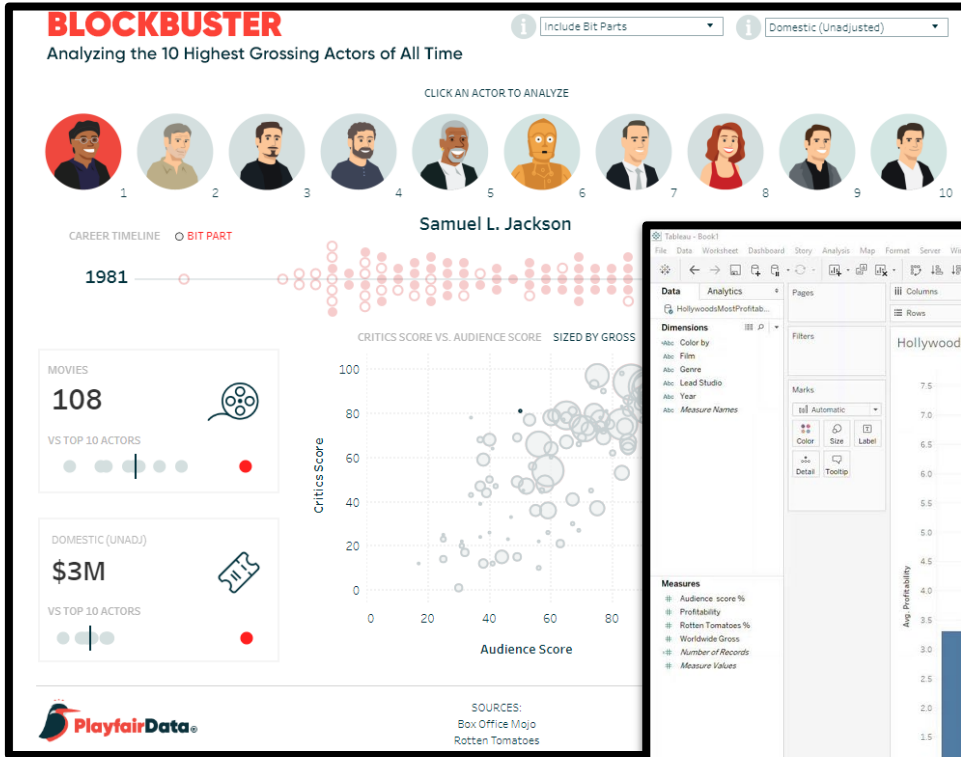

# Tableau Basics

# User Experience

# Jedi Examples & Advanced Training

# *Tableau Outreach*

- WIS Conference: Tableau Training
- Undergraduate Seminar: Tableau + Institutional Data
- High School Data Science Summer Courses: Tableau + Institutional Data
- Clemson Data & Analytics Working Group: Demo of Management Dashboard

# **DATA COMMUNITY CHECK-IN**

**ALL**

# First, introduce yourself and then discuss...

## Professional Life During a Pandemic

- What do you wish you would have known 2-3 weeks ago?
- How has this experience changed your perspective on technology at work?
- What's something new you've learned about the Purdue data environment?
- Has your job changed? If so, how?
- Any tips for working from home? Or working from a deserted campus?

## Career Reflection & Networking

- What did you dream of becoming when you were a kid?
- What are things (a language, a sport) you want to learn?
- What are your strengths?
- What kind of professional and personal breakthroughs do you want to experience?
- If money weren't a problem, what would you spend your every day doing?

**THANK YOU**

**Any Questions?**
