RE: Request approval to name the Schweikle Aero/Astro Research Labs

On behalf of the Purdue for Life Foundation, I request approval to name the Schweikle Aero/Astro Research Labs at the Hypersonics and Applied Research Facility. This approximately 10,603 square foot space will house the Hypersonics Advanced Manufacturing Technology Center, and research for the center will be led by Professor Michael Sangid.

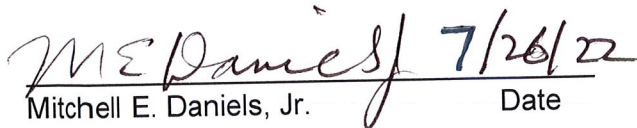

This request honors the generosity of Dave Schweikle, for the gift amount of \$1,250,000, which will significantly impact and advance hypersonics research both at Purdue University, as well as the nation as a whole.

I believe naming the Schweikle Aero/Astro Research Labs at the Hypersonics and Applied Research Facility is an appropriate recognition of Dave Schweikle's generosity and support of the Hypersonics Advanced Manufacturing Technology Center within the Hypersonics and Applied Research Facility project and request your approval for the naming.
