Totality to Totality- The Purdue Way

- **Mission-driven:** Programs must advance the mission of Purdue University and align with strategic goals.

- **Smartly balanced growth:** Align program and physical campus growth between West Lafayette and Indianapolis.

- **Individualized student success:** Programs give students a competitive advantage in the market.

- **World readiness:** Programming prepares students for work, life through career-relevant experiences, internships, work-based learning and experiential education.

- **Showcase central Indiana:** Programming leverages unique opportunities available in Indianapolis and the central Indiana region to showcase future opportunities in Indiana.
