RE: Approval of Distinguished Professorship for Dr. Martin Dufwenberg

I strongly recommend Dr. Martin Dufwenberg for the rank of Distinguished Professor in the department of Economics in the Mitch Daniels School of Business. The committee votes are outlined below:

Area Committee (11-0)

Named and Distinguished Committee (13-0)

University Distinguished Professor Committee (4-1)

Martin is the world's leading scholar on psychosocial game theory and is a recognized leader in economics research. His accomplishments are worthy of the recognition of Distinguished Professor. He will be an asset to the Daniels School of Business.
