**RE: ACCIDENT INSURANCE FOR GRADUATE STUDENTS AND POST-DOCTORAL RESEARCH FELLOWS**

The Graduate Student Accident Insurance Plan provides accidental death and dismemberment and medical expense benefits for all graduate students and post-doctoral research fellows at the West Lafayette Campus.

Generally speaking, coverage is provided for these individuals involved in an accident related to their graduate work, while engaged in the following:

- 1) Research
- 2) Classwork
- 3) Course-related Activities
- 4) Field Work
- 5) Travel

Coverage is based on the policy held in the Risk Management Office. Restrictions and policy exclusion may apply in certain situations.

Coverage is provided at University expense, with no enrollment required. Leaflets that generally describe the Plan are for distribution to all graduate students and research fellows entering your department this fall. These can be ordered from the following website: [www.purdue.edu/frehoper/Forms/suppreq.html](http://www.purdue.edu/frehoper/Forms/suppreq.html) . You can also find the brochure on the Risk Management website under the Forms tab and choose the RM19 Form. Please forward this information on to all Deans, Department Heads and Directors. If there are questions concerning the Plan, please call our office at 494-6134.
