

## Material Transfer Agreement Information Sheet

### *Purdue University as a Recipient*

*Please enter the following information:*

Principal Investigator name:

Address:

E-mail address:

Campus Phone:

Primary contact and e-mail address (if different than PI):

Sponsor's name:

Contact name at the Sponsor's company:

Address:

E-mail address:

Phone:

*Please answer the following questions:*

1. Describe the material and provide a brief description of its intended use:

2. Does the material classify as any of the following? *Please answer all Yes/No questions.*

See <http://www.purdue.edu/research/vpr/rschadmin/rschoversight.php> for details.

**a.) Originating from Human Subjects**  No  Yes-- **IRB approval number.**

Clinical specimens or data from patients or volunteers (not commercially available)

Access to an existing restricted dataset (note that HIPAA requirements may apply)

Compound, drug, or material to be administered to humans

Other

**b.) Vertebrate Animals**  No  Yes-- **PACUC approval number.**

Compound, drug, material to be administered to animals

Animal Strain/line

Experimental diet to be administered to vertebrate animals

Other (please describe)

**c.) Recombinant DNA/Biohazardous Materials**  No  Yes-- **IBC Approval Number**

- Unfixed human fluids or tissues
- Plasmids, expression vectors, genomic libraries, or other cDNA
- Bacterial/viral agent
- Select Agent (contact [rwgolden@purdue.edu](mailto:rwgolden@purdue.edu) for questions)
- Other (please describe)

**d.) Radioactive Materials?**  No  Yes-- **REM Authorization Number**

3. Are there any restrictions on the use or transfer of the material? If so, what are they?
  
  
  
  
  
  
  
  
  
  
4. Are you working with the Office of Technology and Commercialization (OTC) on anything relating to this material?  No  Yes  
If yes, please specify
  
  
  
  
  
  
  
  
  
  
5. Is there any further information that we need to know?
